## SELLING BY LONGS BREAKS WHEAT PRICE

May Wheat Sells at \$1.60,  
While Corn is Off One  
Cent.

[BY LEASED WIRE.]

CHICAGO, Feb. 20.—The feature of the wheat market today was the buying of the May future by Schwarz & Co., whose purchases were liberal when the tightness of that future was taken into consideration. The buying was credited by pit people to the Armour Grain company, although there was no assurance that the big LaSalle street concern was the buyer.

Wheat closed at 1 1/4c lower, corn was off 1/4c to 1 1/4c, and oats were 1/4c to 1/2c lower.

Hog products sold off sharply.

The cash sales of wheat here today amounted to only 5,000; corn, \$85,000; oats, 105,000 bushels, and rye 5,000.

Kansas City reported 750,000 bushels of wheat as having been taken their late yesterday for export, and Minneapolis reported 50,000 bushels of spring wheat as sold at Duluth to go to New York. The sales of oats at the seaboard were fairly liberal, while corn was dull.

## U. S. DRAFTING REPLY TO NOTE FOR GERMANY

Stands Firm in Denying Kaiser's Responsibility for Blowing Up American Merchantmen.

BY A. M. JAMIESON.  
Staff Correspondent The International News Service.

WASHINGTON, Feb. 20.—The United States will not accept Germany's disclaimer of responsibility for blowing up American merchantmen by German submarines, if any be sunk.

This will be made entirely clear in a reply to the German note to be sent by the United States, it was learned today. The note will not be harsh in manner, it was stated, but will leave no doubt as to the American position. It is expected the reply will be sent to the German foreign office early next week, and it is understood that the State Department is now drafting it at the direction of President Wilson.

Great Britain's official declaration in defense of the use by British merchant ships of neutral flags today failed to change the international situation arising out of the war zone and flag questions in the opinion of the administration officials, except it possibly opened the way for further exchange of diplomatic notes between Great Britain and the United States, and between the United States and Germany.

The blowing of an American ship with the loss of American lives might bring the situation to a crisis. The general opinion that not effort would be made by the Washington government to half American commerce with Europe was unaltered.

## ENGLAND TO SEIZE ALL FOODS BOUND TO GERMAN PORTS

Note Warns Neutral Nations That Great Britain Willbrook No Interference With Policy Adopted.

BY HERBERT TEMPLE  
European Manager The International News Service.

LONDON, Feb. 20.—All food consigned to Germany will be declared absolute contraband by the British government. A proclamation to this effect will be issued within a very short time. All doubt as to the future action of Great Britain has been removed by the note transmitted to the United States, which states that the cargo of the American steamer Wilhelmina will be disposed of by the action of a prize court.

The note is in effect an emphatic though courteous warning that England expects no interference from neutral nations with the policy that it has decided upon as a result of the German government taking control of all food within the empire.

This warning is conveyed in a paragraph of the note saying that the British government confidently expected "such action (a food embargo) will not be challenged on the part of neutral states by appeals to laws and usages of war whose validity rests on their forming an integral part of that system of international doctrine, which Germany 'boasts the liberty and intention to disregard.'"

## SUFFRAGE MEASURE GETS SENATE O. K.; FATE UP TO HOUSE

INDIANAPOLIS, Feb. 20.—Rapid-fire action in favor of limited suffrage for women startled the side line observers in the senate today when, under a suspension of the rules the senate passed the Maston suffrage bill, 27 to 3. The dissenting votes were cast by Senators Kinder, Zaring, Democrats, and Reser, Republicans.

The passage of the bill was decided upon in a secret caucus of the majority senators before the opening of the session today.

Information had reached the senate leaders that the house contemplated passing the suffrage bill today, putting the responsibility for killing the bill upon the senate, as was done yesterday with the Jones primary election bill. The senate majority acted very promptly, and not responsibility for the suffrage measure rests with the house.

When the result of the vote was announced a round of applause from many women, who were attending the senate session, was joined in by the Democratic and Republican senators.

By a vote of 66 to 12 the house today passed the appropriation bill. Representative Niblack in a speech on the bill rebuked the house for the manner in which the appropriations bill was "incubated," and voted against the measure.

Another deluge of petitions favoring statewide prohibition descended upon the house today from eighteen counties, bearing signatures of 5,785 voters and 5,183 women.

## HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub it into the scalp. After a few applications the hair stops coming out and you can't find any dandruff.—Adv.
