COUNTRY'S FINANCES ARE ON SOUND BASIS

Henry Clews, New York banker, comments in his weekly review:

The most striking, also the most assuring, fact in the outlook is the remarkably strong financial position of the United States. Our fiscal affairs are thoroughly mobilized upon a war basis. Nearly all the emergency currency issued in the form of Aldrich-Vreeland notes of clearing house certificates has been retired. Our banking system is exceptionally strong; and the Federal Reserve system, with minor exceptions, is working very satisfactorily. Our gold supply is simply enormous, reaching about \$1,800,000,000, which is vastly more than necessary for our requirements. There is consequently no need of our importing gold, although foreign exchange rates favor such an influx. Our merchandise exports are upon an enormous scale, and promise to so continue for months to come. As imports are declining, the trade balance in our favor is steadily rising. To some extent, the void in imports is being filled by a return of securities; but much of the balance remains on this side in the form of foreign credits which are steadily growing in importance and volume. New York for the time being is the chief open money market in the world, and all or nearly all of the belligerents have established large credits in this market to be used chiefly for the purchase of munitions of war.

HOG MARKET SHOWS VERY LITTLE CHANGE

Receipts of hogs at Chicago last week totaled 142,000, the smallest since the week following the quarantine of the yards last November, 7,200 less than the previous week, 5,500 more than the same week last year, and 5,300 more than the corresponding week two years ago.

Average weight of hogs at Chicago for the week was estimated at 234 pounds, the heaviest since last October, two pounds heavier than the previous week, two pounds lighter than the same week last year and four pounds lighter than the corresponding week two years ago.

Top hogs at Chicago for the week reached \$7. against \$7.05 the previous week, \$8.92 a year ago, and \$9.25 two years ago. During the corresponding week in 1910 hogs topped \$11.05. Average price figured \$6.85, or 5 cents higher than the previous week, \$1.90 lower than a year ago, and \$1 lower than two years ago.

Eleven markets received 30,000 hogs Saturday, making 547,000 for the week—1,000 less than the previous week, 94,000 more than the same week last year and 163,000 more than the corresponding week two years ago. Total for 1915 to date, 7,230,000, or 1,246,000 more than the same period 1914, and 1,332,000 more than the corresponding time in 1913.

SALE BRINGS IN \$1096

MILTON, Ind., March 22.—The sum of \$1,096 resulted from the sale of the live business of Dr. Albertson. One mare brought \$148 and a brood sow and a good cow brought fancy prices. Luncheon was served by Walter Templein, while the Milton band furnished music.

WHEAT PRICE RISES ON WEATHER REPORT

CHICAGO, March 22.—The wheat market advanced early today. The strength was on lower temperatures in sections of the winter wheat belt and on reports of alternating freezing and thawing in the southwest.

World shipments of wheat were liberal at 13,500,000 bushels of wheat; 1,300,000 were from America. The foreign situation in wheat was unchanged although stocks in the United Kingdom are still increasing. Both Paris and Liverpool were unchanged on wheat. Corn was ½¢ higher on shorts, because of unfavorable conditions on moving.

Oats were ½¢ to ¾¢ higher. The weather is unfavorable for preparing ground for seeding.
Higher prices prevailed for May pork, but the balance of the provision list was lower.

PARK TO ORDER SALE OF LOTS THROUGH FIRM

Backers of Morton Project Hope to Interest Concerns Operating Amusements in Large Cities.

A sale of lots in Morton park by a company which makes a specialty of disposing of land additions in quick time, probably will be ordered by the directors of the Richmond Lake and Park company, who will hold an important session tonight.

The directors will make inquiries of amusement companies as to the possibilities of securing amusements, but there is some doubt if outside companies will invest this year. Investigation last fall showed that large amusement companies did not make a profit last year. The park board hopes to interest a company which has parks in Dayton, Cincinnati and other large cities.

C. W. Jordan will resign as secretary of the board in favor of E. M. Haas. The office carries no remuneration, and it is desired to keep it in possession of the secretary of the Commercial club.

Mr. Haas said that a lot sale would bring in enough money for improvements of a nature that would satisfy the street car company, and thus enable the board to bring about means of transportation from the city to the park.

A special committee will be appointed to look into this matter. A committee will also be named to hunt for a new location for the bathing privileges. There are two favorable locations under consideration.

"Our biggest problem now is to have the street car company run cars to the park," Mr. Haas said. "We want to finish the road from J street across the dam to the New Paris pike and give the lower part of the lake a more finished appearance."

SHERIFF'S COAT

(Continued from Page One.)

In William O'Donnell's saloon, James Robinson, colored, who lived in Precinct C, Sixth ward, nearly all his life, said he had difficulty in voting because the inspector wanted to operate the voting machine for him, although he saw colored men residing in other precincts voting in Groves.

Walter Barrett voted under an assumed name in Precinct A. In Precinct C he was given a name and was challenged. Sheriff Shea, in O'Donnell's saloon gave him a new name, which worked after donning Shea's raincoat. He then acted as look-out, reporting to Shea if repeaters voted or not.

Clarence Stark, negro saloon keeper and gambling house proprietor, was the last witness before the noon recess. He said the then chief of police, Howard, promised him all the gambling privileges, provided he got busy during the registration and election campaigns. He swore that John Maselink, city inspector of weights and measures, was in his saloon and helped make out false registration of records.

Worker Overcomes His Five Rivals and Wins Marie Busch

Miss Marie Busch, daughter of August Busch of St. Louis, whose engagement has just been announced.

Miss Marie Busch, daughter of August Busch, wealthy St. Louis brewer, whose engagement to Drummond Jones has just been announced, was not easily won.

Six suitors are declared to have been courting her assiduously for several years. Jones entered the lists nearly five years ago when she was a debutante of seventeen. For several years he has been tennis champion of the central states tournament and
