Many Boys and Girls are
Canvassing from House
to House for Pony Votes

One little chap who is working mighty hard to become the proud owner of this fine Pony and Cart Outfit told me a few days ago that he has met with great success in obtaining votes by canvassing from house to house.

Of course he did not find that every one saved Pony Votes, but then in a polite and courteous way he asked several if they would be so kind as to patronize the merchants who advertise on the Palladium's Pony Page and save the votes for him. The results proved to be great and he has obtained thousands of extra votes.

What do you say of trying the same plan? You can't lose and the chances are very much in your favor to obtain many extra votes that may result in winning the Pony and Cart for you.
