60% of the Human Family Affected Thru Heredity or Contagion, With Blood Trouble—Dr. Simpson's Vegetable Compound The Remedy

This is a broad statement, but made advisedly. If you do not believe it, ask the leading hospitals of the country, or any experienced physician. Prominent symptoms of this, (aside from well developed contagious blood poison) are scrofula, systemic catarrh, ulcers, sores, rheumatism, (so-called) "tubercular joints and muscles," sore and inflamed eyes; a generally "run down condition," and many others. Dr. Simpson's Vegetable Compound contains the only harmless "specifics" known for blood diseases in its worst form, with a fine tonic and body builder. One trial will easily convince you of its vastly superior merit. Sold by druggists everywhere. Dr. A. B. Simpson Co., Richmond, Ind.—Adv.
