

INTOXICATED TRAMP FRIGHTENS RESIDENTS

A drunken negro tramp, who gave the name of Gus Seals when brought to city jail yesterday afternoon, created a miniature reign of terror in the east end before he was captured by two North Fourteenth street citizens.

First Seals pursued a young woman school teacher to her home and attempted to enter the house. Balked in this he approached another woman, addressed some insulting remarks to her, and attempted to seize her. Two men yelled at the negro and he took to his heels. They captured him on North C street. When his captors led him to a house for the purpose of telephoning the police, a young woman standing on the porch swooned. When she was revived she said it "was a shame to arrest the poor man."

At headquarters, Seals became vicious and it was necessary for Officer Wenger to use his fists on him. Seals was fined \$5 and costs in city court this morning.

MAN TAKES HIS OWN MEDICINE IS AN OPTIMIST.

He has absolute faith in his medicine—he knows when he takes it for certain ailment he gets relief. People who take Dr. King's New Discovery for an irritating cold are mistaken; they know this cough remedy will penetrate the linings of the throat, kill the germs, and open the way for Nature to act. You can't destroy a cold by superficial treatment—you must go to the cause of the trouble. Be an optimist. Get a bottle of Dr. King's New Discovery today.—adv.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Seltz for Back-ache or Urinary trouble—Neutralizes acids.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is good.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. [Advertisement]

ISN'T ITCHING

ECZEMA AWFUL

Are you an eczema sufferer? Do those ugly patches of eruption start up and itch as though they would drive you frantic, and have you tried treatment after treatment with, at best, only temporary relief? Then you are only going through the experience of thousands of others who have at last found that Resinol healed their sick skins for good.

With the first use of Resinol Ointment and Resinol Soap the itching and burning usually stop, and soon all trace of eczema or similar torturing skin trouble disappears, even in severe and stubborn cases. Doctors have prescribed the Resinol treatment for twenty years. Sold by all druggists. For trial free, write to Dept. 12-R, Resinol, Baltimore, Md.

IS YOUR TOILET SOAP SAFE?

Many toilet soaps contain harsh, injurious alkali. Resinol Soap contains absolutely no free alkali, and to it is added the Resinol medication. This gives it soothing, healing properties which clear the complexion, comfort tender skins and keep the hair healthy.—Adv.
