Rural Routes, in advance—one year, \$2.00; six months,
\$1.25; one month 25 cents.

Entered at the Post Office at Richmond, Indiana, as Second Class Mail Matter.

Kill the Fly Now.

One of the best ways of eradicating the fly and solving the fly nuisance is by sanitation. Put a "food blockade" into effect and the fly will starve to death, or it will leave the community for one where filth and dirt offer it sustenance and opportunity to breed. Scientists say the fly cannot fly far. It is logical then to conclude that the best way to solve the fly problem is for each citizen to keep his premises in such a sanitary condition that the fly cannot find food and of necessity must die.

Now is the time to swat the fly. These warm days bring the fly from his winter home. Kill the fly now and it will mean that the breeding source of millions has been stopped. One fly killed now is worth hundreds killed later in the summer.

The state board of health has issued the following journal of a house fly:

1. Thursday, Nov. 2, 1915—Went into winter quarters. Barely lived through the long, hard winter.
2. April 20, 1915—Came out of winter quarters and laid my first batch of eggs—120 in number—in a manure heap.
3. April 21, 1915—My first 120 eggs have hatched.
4. April 22, 1915—Larvae have undergone first molt.
5. April 23, 1915—Larvae have undergone second molt.
6. April 26, 1915—Larvae transformed into pupae.

Suffrage Notes

In This Column Will Appear Topics on the Equal Suffrage Cause.

The influence of the women voters of Wyoming is showing itself more clearly than ever before. The legislature has just closed a remarkable session at which were passed a large number of measures in the interest of women. Mrs. Morna A. Wood, a widow, with two little girls, was an honored member of the house, and was able to get a bill through providing against child labor in injurious occupations. Mrs. Wood's desk was kept supplied with a fresh bouquet every morning, and when the other members of the house received boxes of cigars she and the minister member each received a box of candy.

Rev. John W. Greenleaf, recently spoke on "The Emancipation of Woman" at Trinity Episcopal church in Oshkosh. He said: "All the best women we read of in the Bible felt that their own life was bound up with the life of their people, and it is the kind of women who are thinking along similar lines that are sorely needed at the poles of the United States today."

"War Brides" has been brought out in book form. A resolution has been introduced in the territorial legislature asking congress to extend the franchise to the women of Hawaii.

Two editors of farm papers, Mr. Collingwood, of Rural New Yorker, with a circulation of 160,000, and Mr. Pierce of the Iowa Homestead and the Wisconsin Farmer, have declared for woman suffrage.

Once more the women in Chicago have proven their ability to cope with civic questions. It now remains for Mayor-elect Thompson to keep his promises.

The Woman's Franchise League of Indiana became a member of the Woman's Peace party recently. Bills have been introduced in New York to strip working women of most of the legal protection they now enjoy. No right is really safe when granted to those who have no votes to defend it.

LOCK OUT WORKERS

CHICAGO, April 12.—Eleven hundred sheet metal workers and bridge and structural iron workers were locked out when they reported for work today. This was the first of the threatened hostile acts of the Chicago contractors who are demanding that the unions sign the arbitration agreement. The employers today issued a statement that unless the agreement is signed by next Tuesday all union men employed in building trades will be locked out. Nearly 12,000 union workers of all classes are now out.

Turtle Soup tomorrow. Sliver & Wiehmer, 5th and Main. 12-11

HISTORICAL SOCIETY WILL MEET HERE

A meeting of the executive committee of the Wayne County Horticultural society was held Friday evening at the home of S. B. Huddleston, in Dublin. The next meeting of the society will be held in Richmond in the office of the county superintendent, May 15.

An elephant has more muscles in its trunk than any other creature has in its entire body.

NO LOOKING BACK IN RICHMOND

New Evidence Constantly Being Published.

Since the long succession of Richmond reports were first published in the local press there has been no looking back. Richmond evidence continues to pour in, and, better still, those whose reports were first published a year ago, verify all they said in a most hearty and unmistakable way. Read the experience of Miss F. Hamilton of 226 North Eighth street. She says:

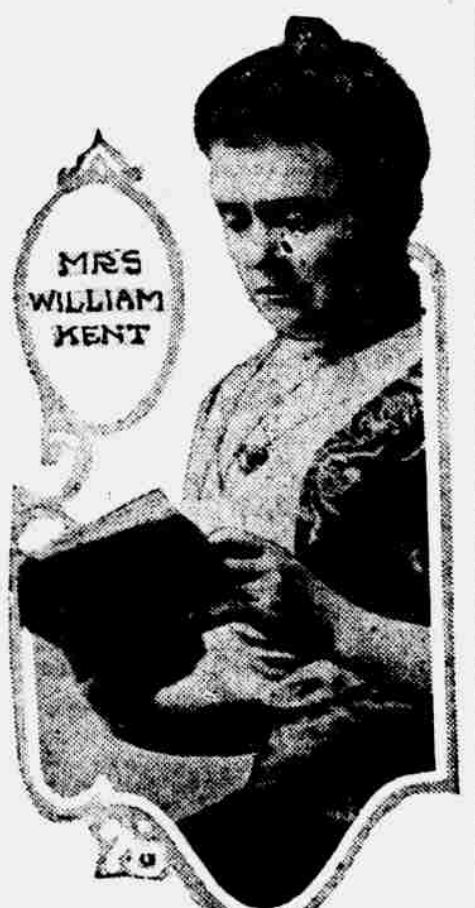

"My back was very lame and I felt worse in the morning and also when I caught cold. Two boxes of Doan's Kidney Pills made a complete cure. I am glad to confirm the statement I gave praising Doan's Kidney Pills some years ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Hamilton had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement)

EATON DEPARTMENT WANTS CARNIVAL

EATON, April 12.—The matter of holding a carnival in Eaton during the first week of May is being considered by members of the fire department. The department is asking merchants on Barron street to sign a petition setting forth their willingness to have the carnival attraction placed on that thoroughfare, and if favored the petition will later be submitted to council.

EQUAL SUFFRAGE IN ABOUT A YEAR

The Congressional Union hopes to exist only one year, and in that space of time to accomplish its mission—national suffrage, said Mrs. William Kent, of California, a delegate to the conference. In a year the union hopes to pass the Susan B. Anthony amendment through congress, and once passed, it has assurances that the 27 states needed would vote for it, thus giving nation wide suffrage.

7. May 1, 1915—One hundred and twenty full grown flies, sixty of which are females.
8. May 8, 1915—Laid my second batch—120 eggs—this time in the filth of an uncared for privy.
9. May 13, 1915—One hundred and twenty flies came from my second batch of eggs. Laid my third batch in a kind neighbor's garbage can.
10. May 20, 1915—The city has offered a prize to the school child who will kill the largest number of flies. The boy at the house where I live is killing flies right and left. And to think—we have all been eating at the same table with him.
11. May 21, 1915—Laid my fourth batch of eggs. Left alone and unhindered, by Sept. 19, 1912, my descendants will number 5,598,720,000,000.

The Value of Courtesy.

If it pays to be good, it also pays to be courteous. Goodness had its own reward, and so has courtesy. The value of courtesy has become one of the most valuable assets a business may have. Railroads instruct their employees who come into contact with the public, always to be courteous, never to lose their temper, and under all circumstances to placate the feelings of the passenger, even if he is in the wrong. Railroads have found that it pays to enforce this rule.

In the telephone business, operators are put through a strenuous course in applied courtesy before they are permitted to operate a board. No matter how disgruntled the client may be, no matter how unjust his demand, how unreasonable his request, the operator answers in the same tone of the voice, with the same patient reply. Courtesy pays, say the managers of the telephone lines.

In these two lines of business, courtesy is tested the hardest. It is illuminating to know that now and then when courtesy is not used, and an employee refused to accede to the just demands of a passenger or a client, courts of justice have held it fair that judgment be given the complainant for the damages done. One railroad recently had to pay \$5,000 because it refused to stop a train and carry back a woman who had been carried beyond her destination.

KARL BITTER KILLED

NEW YORK, April 12.—Karl Bitter, well known sculptor, died in the New York hospital Saturday from injuries received when he and his wife were struck by an automobile in Broadway near the Metropolitan opera house. Bitter, whose work had won him a place among the first sculptors of America, was born in Austria and came to the United States in 1889. His works are to be found in many parts of the world. Among his works are the \$200,000 bronze doors of Trinity church.

Masonic Calendar

Monday, April 12, 1915, Richmond Commandery No. 8, K. T. Special conclave work in the Red Cross degree. Tuesday, April 13, Richmond lodge No. 196, F & A. M. called meeting. M. called meeting. Work in Mark Master degree. Saturday, April 17, Loyal Chapter No. 49, O. E. S. stated meeting.

A number of French cities, owing to the scarcity of coin, have, with the sanction of the government, issued banknotes for a franc (20 cents) and a half franc. Now the town of Epernay, in the Champagne district, has issued a note of 25 centimes, or 5 cents.

Baroness Receives Red Cross Honors

BARONESS HEDY VON ETTNER

Baroness Hedy von Etnner, now in New York, is wearing the decoration of the highest order of the Austrian Red Cross, conferred on her by the Austrian emperor, Franz Josef, for her work in caring for wounded soldiers in the trenches at Oswiecim, Galicia. The baroness established a receiving hospital at Castle Gratz and was in charge of it for several months. Although her home is in Vienna, the baroness lived in New York for five years before the war.

Letter List

The following letters remain uncalled for at the local post office and will be set to the dead letter office if not called for within two weeks:

Ladies' List—Miss Audrey Alexander, Mrs. Carrie Bailly, Ruby Bartell, Miss Mae Brookins, Mrs. Mary E. Brunton, Mrs. M. J. Crague, Miss Jan Hamilton, Mrs. Irene Helmig, Mrs. Clara Moore.

DeGroot, W. D. Dye, Forrest Eransline, Homer Evans, E. G. Gaar, J. G. Gates, W. Gibson, Walter Gibson, Fred C. Gorton, John Gross, Will Hamilton, C. W. Hanna, Elbert E. Hill, O. Hill, Bill Johnson, J. Kieley, John H. Killen, Kenneth McClure, Oscar Maddock, Avery Maiden, S. E. Midkiff, D. C. Moore, E. E. Moore, Dr. C. H. Morris, C. L. Nicholson, Joe Noll, Raymond Peeling, William Ross, Wil-

PLAN BIG MEETINGS

ROME, April 12.—Although the police have forbidden all mass meetings tomorrow both the parties which favor the intervention of Italy in the war, and those who favor a continuance of neutrality have made preparations to hold large gatherings, throughout the country. The leader in both movements insist that the meetings will be held either privately or in public squares. The authorities are already arranging police and military measures to prevent disorders.

HELP REFUGEES.

BROWNSVILLE, Tex., April 12.—United States immigration authorities completed arrangements today for a detention camp to shelter three thousand Mexican refugees, expected to cross the border when the attack on the Matilla forces begins today. The fighting today was desultory.

de Schumme, L. A. Shute, Robert L. Smith, John J. Stout, J. T. Tucker, John West.

C. B. BECK, P. M.

CLAIM PEACE STORY PROMPTED BY KAISER

Washington Believes Germany is Sounding Out Strength of Allies.

WASHINGTON, April 12.—That the "peace story" now being exploited throughout the United States is prompted by the German government, was the report in official circles today.

According to the story, all knowledge of which is denied by government officials, Germany has revived the peace talk because she wants to sound the full strength of the alliance between Great Britain and France and Russia. If she finds that Russia is disposed to a discussion of peace she will redouble her efforts at Petrograd to bring about a separate pact with the Muscovite empire. It is stated, and if France be found amenable to peace talk, she will do the same thing in Paris.

Germany is advocating this propaganda, according to reports in Washington, on the belief that the war must last several years longer unless peace be concluded soon. She has no doubt of her ability to sustain a defensive warfare indefinitely.

The average annual egg yield of each hen in the United States is seventy. The record is 303.

DID CHILD WAKE UP CROSS OR FEVERISH?

Look, Mother! If tongue is coated give "California Syrup of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup company."—adv.

When Glands Swell Blood Needs Attention

Even a Slight Gland May Result in Severe Consequence.

In our intricate body the use of S. S. S. for the blood has a most remarkable influence. We little realize our glandular system. It may be a tiny bulb no bigger than a pin point, and yet if a disease germ gets into it, there is a tremendous swelling. It becomes a boil, a carbuncle, it may be a "blood rising," and it is often a source of continuous misery if not checked. Many of the most excruciating forms of torture begin with the swelling of a tiny gland, caused by a disease germ. And it is S. S. S. that spreads throughout the blood circulation to prevent just such conditions. Or if they have already started, S. S. S. will soon put the blood in such state of health as to overcome the tendency to glandular swellings. It is a natural medicine for the blood, just as essential to health if the blood be impure, as are the meats, fats, grains and sugars of our daily food.

It contains one ingredient the active purpose of which is to stimulate the exchange of new flesh for dead or waste matter.

Get a bottle of S. S. S. today of any druggist, and if your case is stubborn, write to the Medical Adviser, The Swift Specific Co., 108 Swift Bldg., Atlanta, Ga. This department is in charge of a noted physician.
