

MAYOR SENDS FIRST PRISONER TO PENAL FARM ON SENTENCE

Having, as usual, made a sorry mud-
ble of its efforts to effect the reformation
of Tim Kelly, a victim of the
booze habit, by penning him up in a
fool smelling jail every time his appetite
for liquor gets the best of him, the
county of Wayne has now turned him
over to the state of Indiana to see
what it can do for him.

Tim, for the seventeenth time in
four years, pleaded guilty when ar-
aigned in city court this morning and
was sentenced to the Indiana Penal
Farm, in Putnam county, to serve out
a fine of \$50 and costs and an additional
sentence of thirty days, ninety
days all told. He is the first man to
be sentenced to the penal farm from
Wayne county, a doubtful distinction,
and one of the first men in the state
to be sentenced to that institution,
which was opened for the reception of
petty offenders yesterday.

Inasmuch as the establishment of
the state penal farm resulted from the
vigorous efforts of a number of Rich-
mond men it is fitting that one of the
first inmates of the farm should be
Richmond man. And the state's ex-
periment with the case of Tim Kelly
will be followed with interest in Rich-
mond.

Are You Rheumatic?—try Sloan's.
If you want quick and real relief
from Rheumatism, do what so many
thousand other people are doing—
whenever an attack comes on, bathe
the sore muscle or joint with Sloan's
Liniment. No need to rub it in—It
is wonderfully penetrating. It goes
right to the seat of trouble and draws
the pain almost immediately. Get a
bottle of Sloan's Liniment for 25c.
of any druggist and have it in the house
—against Colds, Sore and Swollen
Joints, Lumbago, Sciatica and like ailments.
Your money back if not satisfied,
but it does give almost instant relief.—adv.

MAKE RICHMOND

(Continued from Page One.)

Here, Dr. Cofer and Dr. Hurty will
lend whatever personal assistance is
needed to make the campaign a success,
worthy of national commendation
and approval.

The expense which would accrue to
Richmond in taking advantage of this
plan would be hotel expenses and in-
cidentals during the visit of the govern-
ment assistant. Dr. Cofer believes
that the re-survey could be taken in
between sixty and ninety days and
the cost would be approximately \$75
a month. The salary of the assistant
would continue to be met by the gov-
ernment.

Hurty Suggests Deputy.
Hurty also suggested that the Rich-
mond city council pass an ordinance
creating the office of a deputy or
assistant to the city health officer,
since the laws of Indiana provided
for this official. What is needed in
Richmond, he said, is a health officer,
thoroughly familiar with the subject
of tuberculosis, who could devote his

entire time to a systematic program
for the prevention of the disease's
spread. The regularly appointed
health officers in the cities of Indiana
are unable persistently and constantly
to wage a campaign against contagious
diseases because their salaries as
officials are not sufficiently remuner-
ative to meet their entire living ex-
penses.

Dr. Cofer concurred in the views
expressed by Dr. Hurty, a victim of the
booze habit, by penning him up in a
fool smelling jail every time his appetite
for liquor gets the best of him, the
county of Wayne has now turned him
over to the state of Indiana to see
what it can do for him.

visit to Richmond, the civic health
service department can aid you in
your efforts to destroy the disease
which is prevalent here. After your
campaign we can point to your city
as an example. Richmond had a death
rate of 1.45 per 1,000 people, previous
to 1913, and during that year it was
decreased. You have evidently been
making progress in your efforts to
lower the death rate from tuberculosis.
By continuing the campaign, it
will mean the gradual elimination of
this disease.

"The money required to meet the
expenses of a campaign and provide
for hospitals and surveys, must re-
sult from one of two sources, the
taxation of the citizens of your city or
from popular contributions.

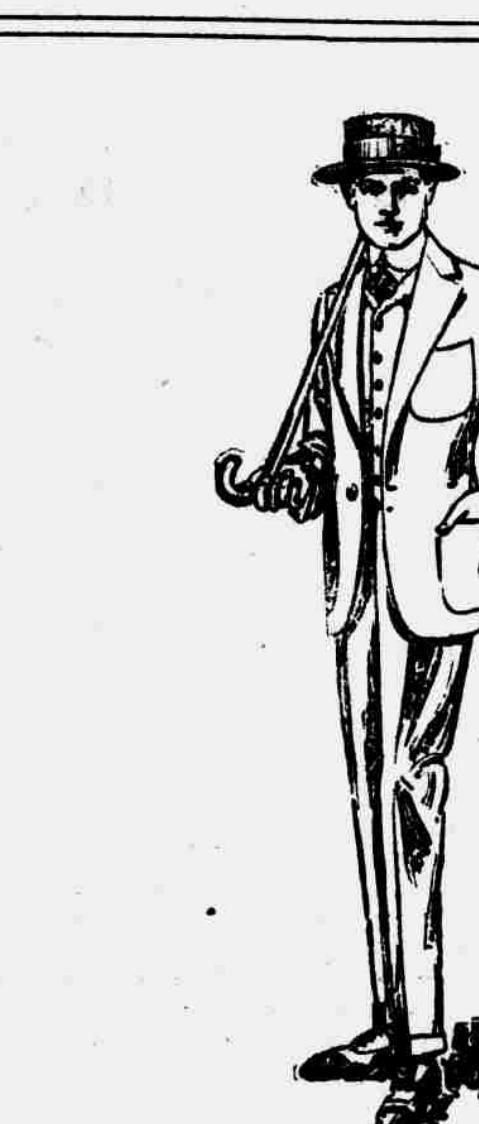

"The question of a dispensary in
charge of competent nurses has been
tried in a number of cases and each
has proved it worth to the community
in which it is situated. The educational
feature of fighting tuberculosis can
not be started too soon. It is surprising
how many intelligent persons are
woefully ignorant on the subject of
tuberculosis.

"Certain offers of help will be made
to you as a result of my visit from the
health service department. I intend
to keep in touch with your city, and
will do all in my power and lend what-
ever personal assistance is necessary
to make your campaign, if you accept
the services of our experts, result suc-
cessfully. The department will watch
your efforts with keen interest and
you will have its support in every way
possible."

"At the conclusion of Dr. Cofer's
speech several persons in the audi-
ence, including William Dudley Fouke,
asked him questions regarding his
plan. Mr. Fouke finally ejaculated,
"Wouldn't it be a glorious thing to
have Richmond pointed out as an ob-
ject lesson as the first city in Indiana
and the United States of America to
eliminate entirely tuberculosis?"

Dr. Hurty, in beginning his speech
last evening, congratulated the city on
its low morbidity and low mortality
death rate. The city, he said, was to
be commended on the fact that deaths
from disease had become gradually
less each year.

GOOD CITIZENSHIP TOPIC OF MINISTERS

On the second Sunday in May ev-
ery pastor belonging to the Richmond
Ministerial Association will preach a
sermon on "Good Citizenship." This
decision was reached at the meeting of
the association Monday.

It was definitely decided to hold the
Honeywell mass meeting in the Col-
iseum on Monday, April 19. The par-
ty will arrive here from New Castle
about 11:30 in the morning and will be
served with luncheon at the Y. M. C.
A., after which they will meet with the
members of the Ministerial Associa-
tion. The mass meeting will be held
in the evening.

Told That There Was No Cure for
Him.

"After suffering for over twenty
years with indigestion and having
some of the best doctors here tell me
there was no cure for me, I think it
only right to tell you for the sake of
other sufferers as well as your own
satisfaction that a 25 cent bottle of
Chambord's Tablets not only re-
lieved me but cured me within two
months although I am a man of 65
years," writes Jul. Grobien, Houston,
Texas. Obtainable everywhere—adv.

AIRMAN MAKE ATTACK ON GERMAN LINES

PARIS, April 13.—British airmen
have bombed Bruges, Antwerp and
a number of railroad lines through
West Flanders. A number of bombs
were dropped on the German concentra-
tion camp at Bruges, and much damage
was done to the railroad lines, thus hindering the movement of sup-
plies and troops.

KANSAS CITY STAR EDITOR SUCUMBS

KANSAS CITY, Mo., April 13.—Colonel William R. Nelson, owner and editor of the Kansas City Star, nationally prominent as a journalist, died early today at his home here. He had been ill since last December. Uraemic poison-
ing caused his death. He was 74 years old. Until a month ago he continued to take an active part in the management of his paper, heads of various departments coming to his bed-
side.

AVOID INDIGESTION

It is a sure enemy to health,
strength and happiness. It robs you of your appetite,
causes constipation, bilious
spells and a general run-
down condition. You can
help Nature conquer it by

Important

A New Tariff of Passenger Fares on Interurban trains
of this company will become effective on May 1, 1915. Such
fares computed at two cents per mile—one-half miles being
counted as one cent. Minimum fare is five cents.

As many fares end in odd cents, our patrons will confer
a favor on both the company and its employees by purchas-
ing tickets before boarding trains. If this cannot be done,
please have the exact change ready. When paying cash you
will be given a cash fare receipt, which receipt should in all
cases be retained as evidence of fare paid.

By doing this you will materially assist the conductor
in collecting his fares, allowing him more time to devote to
other duties.

Study the Picture--Read the Description Carefully

See the flour bin in a separate compartment, which prevents flour from flying through the cabinet, the only cabinet made in which the flour bin can be adjusted so as to sift flour over the work board, and can be lowered for filling. Now look at the base of this cabinet; note the two drawers over the storage section—no other cabinet has these. See the large linen drawer just twice the size of the same drawer on any other cabinet. See the sanitary wire shelf and pan holder in the storage section. Note the sanitary glass sugar bin. See how the corners of the full extension Nickoloid sliding top are protected. All of the hardware is nickel plated, castors are pressed steel and ballbearing. The construction throughout is of the best selected solid oak.

Now look at the roll door, which is never in the way; and you have completed the inspection of the most convenient cabinet made today. If you realized as hundreds of other women have, how the "Tipp" turns kitchen drudgery into pleasant, easy, congenial work, you would lose no time in getting to our store to place your order for this truly wonderful labor saver.

Women see instantly the many exclusive conveniences of this wonderful cabinet. But only the users can tell you of the hours and steps they really save. Make up your mind at once to own a "Tipp" Kitchen Cabinet.
