

TENT CITY ARISES ON SHOW GROUNDS WITH QUIET MAGIC

Newly-Painted Wagons With Glittering Gilded Ornaments Pass Through the Streets in Parade.

In exactly forty-nine minutes after the first wagon of the "flying squadron" was pulled on the lot by eight classy grey horses this morning, breakfast was ready for the three hundred and more employees of the Famous Robinson shows, which are today paying their first visit to Richmond.

With the swiftness and precision that denote the highest class of system, characteristic of all big circuses, the Robinson white city was in place in every department before 7:30 o'clock this morning, and the crowds of visitors to the Nineteenth street grounds marveled at the sights—sights that were old, yet always new and interesting.

One striking feature of the aggregation is the freshness of everything connected with it. Red paint in plenty that as yet has not been marred by muddy circus lots, has put the rolling stock in spick and span condition, while all of the tents are new, and as white as snow. The Robinson shows put special stress on the beauty of the live stock, four hundred horses being for the most part dapple greys.

The shows have been on the road less than two weeks and are booked for a season that will not get them back into winter quarters until late next fall. Even depressed business conditions in general seemingly have no effect on the circus for according to the management of the Robinson shows great crowds have witnessed its performances in every city visited this spring and Richmond today will prove no exception.

Best Thing for a Bilious Attack.

"On account of my confinement in the printing office I have for years been a chronic sufferer from indigestion and liver trouble. A few weeks ago I had an attack that was so severe that I was not able to go to the case for two days. Failing to get any relief from any other treatment, I took three of Chamberlain's Tablets and the next day I felt like a new man," writes H. C. Bailey, Editor Carolina News, Chapin, S. C. FARMER'S WIFE HAD HEAP TO DO

Mrs. Shepherd Was in Bad Shape When She Could Not Stand on Her Feet.

Durham, N. C.—"I am a farmer's wife," writes Mrs. J. M. Shepherd, of this city, "and have a heap to do."

"Four months ago I could not stand on my feet, to do anything much, but at this time I do the most of my work. I took Cardui and it did me more good than all the doctors."

"You don't know how I thank you for the Cardui Home Treatment. I wish that all women who suffer from womanly trouble would treat themselves as I have."

Ladies can easily treat themselves at home, with Cardui, the woman's tonic. It is easy to take, and so gentle in its action, that it cannot do anything but good.

Being composed exclusively of vegetable ingredients, Cardui cannot lay up trouble in your system, as mineral drugs often do. Its ingredients having no harsh, medicinal effects, and being non-poisonous and perfectly harmless, Cardui is absolutely safe for young and old.

Ask your druggist. He will tell you to try Cardui.

N. B.—Write to: Ladies' Advisory Dept., Chas. E. Hooper Medicine Co., Chattanooga, Tenn., for Special Instructions, and a new book, "Home Treatment for Women," sent in plain wrapper, on request.

LAWLESS FISHING ANGERS ANGLERS

EATON, O., May 8.—Local sportsmen have been aroused by what is believed to have been a successful attempt to take fish from Flory lake in an unlawful manner, probably by the use of dynamite. The matter has been reported to the Preble County Fish and Game Commission and an investigation will be made by state authorities. Suspicion in the matter came when a hundred or more "suckers" were found floating in the lake. No other kind was found, and it is believed only bass were taken. The lake has been stocked a couple times during the last year under direction of the state fish and game commission.

LOSS OF APPETITE

Most Successfully Treated by Taking Hood's Sarsaparilla.

Loss of appetite is accompanied by loss of vitality, which is serious.

It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what is absolutely necessary for the proper performance of their functions.

Hood's Sarsaparilla, the old reliable all-the-year-round medicine, is especially useful in the spring. Get it from your druggist today. By purifying and enriching the blood and giving vitality, vigor and tone, it is wonderfully successful in the treatment of loss of appetite and the other ailments prevalent at this time. It is not simply a spring medicine—it is much more than that—but it is the best spring medicine.

Hood's Sarsaparilla makes the rich red blood the digestive organs need—adv.

PRINTERS' CARNIVAL LOCATES NEAR PARK

Fresh from winter quarters, the World's Fair Shows will arrive here tomorrow and Monday will open on Gilbert's lot, East Main street under the auspices of the local branch of the International Typographical Union.

Clothes of Today and Yesterday--

To prove how far we've advanced in producing pleasing styles, get out the family album and look at Grandfather in his best Sunday Suit—rather a change from the styles of today? Yet there are men today who think clothes as they are generally worn are extreme. They sigh for the saggy, baggy days of old and seldom look well dressed. Certainly there are extremes of fashion—young men will always demand them. But clothes, as they are generally worn now are made to bring out to the best advantage a man's appearance—cut on natural body lines to fit the figure perfectly without unnecessary padding, wadding and other interior "structural" upbuilding.

Dennis Tailored Clothes At

Young men will find to contain the "highest type style" and men who like dignified, more conservative style, will too approve of the way Dennis Tailored Clothes can be made for them. Several hundred high grade wools to select from. Come in at once and let us use "tape" on that new Summer Suit for you. We guarantee perfect fit and satisfaction.
