## Men Who Chew Are Men Who DO

THE men who built the Panama Canal—thousands of robust, clear thinking, quick-acting workmen, and hundreds of skilful, far-seeing engineers—made thinking easier and labor lighter by chewing tobacco while at work.

For many years men from other countries—non-tobacco chewing men—tried to build the Panama Canal. They couldn't stand the strain, their machines "fell down" at critical moments—their best attempts failed. Our American men tried—men who are "chewers and doers." They built the Panama Canal.

Men who work with a pick or a pen; on steam-rollers or skyscrapers, chew and boost STAR TOBACCO, THE THICK, TASTY PLUG.

STAR is the leading brand of the World. A year's output would build a road of STAR plugs, 23 feet wide, along the entire route of the Panama Canal, and there would be over 200,000 one pound plugs left over!
