CONSIDER OPENING ROAD ACROSS DAM

Steps for the opening of the road between North J street and the New Paris pike across the Morton lake dam will be instituted soon, Secretary Haas of the Richmond Lake and Park company said today.

The park company will petition for the opening of North Seventeenth street from J street north and then will change the name to something appropriate for park purposes. The name has not been decided.

There is still much work to be done before the road will be ready to submit to the inspection of City Engineer Charles who must approve it to the board of works. Contractors working on North Sixteenth street have used it for a dumping place for gravel and dirt removed in making the new curbs, gutters and sidewalks.

Secretary Haas said he will ask the contractor who builds the North A street improvement to dump there. If this can be done, there will be enough fill at the dam to open the road as a city street. The city will then be responsible for its upkeep.

MEN HUNTING WORK TAKE STREET JOBS

That many of the unemployed who wandered from factory to factory trying to secure work this winter, have secured jobs by a slight uplift of the business depression and by the letting of street contracts by the board of works, was the statement of Postmaster Beck today in commenting on the government employment bureau.

"Within the past three weeks, there has been a decline in applications from laboring men for employment under the government system," Mr. Beck said. "I have found that these men have been taken up by street contractors and by factories which have increased their forces. For the information of those interested in the government plan, the secretary of labor has issued statements, telling of the success of the national employment agency."

PASTOR CONVICTED.

MILWAUKEE, May 22.—The Rev. Morrison Darnell, the marrying minister of Kenosha was sentenced to serve three years in prison by Federal Judge Geiger. He was convicted last week of violating the Mann act in bringing Ruth Soper into Wisconsin.

Great Britain alone takes 500,000 tons of fish from the North sea annually—twenty-two pounds per capita.

WHEAT SHOWS LOSS ON UNSETTLED MARKET

CHICAGO, May 22.—The wheat market was irregular and unsettled today with sharp bulges early, but these were followed by heavy selling. Losses of 1 1/2 to 1/4 c for wheat were shown; corn was off 1/4 c to 1/2 c and oats were 1/4 c to 1/2 c lower. Hog products showed losses all around. Cash deals in wheat were slow although some trades were made on milling account. There was some wheat worked at the seaboard. Cash sales of corn were 860,000 bushels and oats 46,000 bushels.

CLUSTER LIGHT ACT HELD IN ABEYANCE

What to do on the cluster light proposition is worrying the Commercial club committee under which this civic improvement comes. The committee has petitions which were sufficient under the old law to receive a hearing before the board of works, but the new law requires seventy-five per cent of the property owners to make the cluster lights a certainty.

Cambridge City, starting the movement after the Commercial club took it up, has had cluster lights so long that the novelty has worn off. Consequently installed the lights at the same time and last week voted to add eighteen dozen additional pedestals.

The committee members are now awaiting the outcome of the L. H. and P. purchase project of the city. The work of securing seventy-five per cent of the property owners to sign petitions is regarded as too difficult to waste efforts until the present muddled affairs are cleared up.

AWARD COX SECOND

Garfield Cox, the Earlham orator, who was sent to the interstate oratorical contest under the auspices of the Indiana State Oratorical Association, won second place in competition with seven orators from as many states. The contest was held at Knox College, Galesburg, Ill. The following students were represented by the winners in their respective state contests: Michigan, Missouri, Indiana, Ohio, Minnesota, Iowa and Wisconsin. Isaac Ahlstrom, of Beloit college, Wisconsin, won first place.

AUSTRIAN ENVOY ANXIOUS FOR PEACE

The diplomatic activity of Dr. Constantin T. Dumba, Austrian ambassador, and Count von Bernstorff, German ambassador, both of whom are understood to be endeavoring to prevent a rupture in the friendly relations between the Germanic nations and the United States, is attracting much attention. Both the Austrian and German ambassadors are understood to have telegraphed to their governments urging suspension of submarine attacks on passenger ships.

Fatigue-Consumption

BY DAVID W. DENNIS.

We all have tired spells except those of us who are tired all the time. To be extremely tired has its cause and cure. We are all tired at the close of the day. If we had to begin a new day at 6 o'clock in the evening many of us would succumb. If we had to keep this up for a week most of would. Rest is perfectly necessary for all of us; more is necessary for some than for others. Disease requires rest for recuperation as well as work; the body must be built up by food; especially the blood must; its various antitoxins must; its white blood corpuscles must; its opsonins must.

In an atmosphere like that we have in Richmond there is a battle on every day in all our bodies; these germs try to enter; the white corpuscles try to eat them up; the larger the attacking army the more likely it is to win. When will we learn to recognize our enemy? We see inconceivably vast armies, many of us every day, in the spit of consumptives; they are within our power the day we dry up and they have passed our control. "Carthage must be destroyed." So must spit.

WAR PUZZLES HEIR; SHALL HE GO BACK OR STAY IN U. S.?

"I have been called back to Sweden," said George von Carlezon, who received information that he is heir to an estate valued at possibly \$300,000. "I am between the devil and the deep blue sea, not figuratively but actually. If I start home to take the steps necessary to get my share of my father's estate, I will have to pass through Germany's war zone."

"If I start I might," and Mr. von Carlezon pointed down. "If I stay here, the settlement of the estate may be delayed and who can tell what will happen. There is always a possibility that complications may arise which will rob me of my share."

"Then too, Sweden is a secret bone of contention between Germany and Russia. Either country with overwhelming armies may enter my land and declare it a colony and muster out the soldiers to serve in the European war. If Sweden should resist, then she stands the chance of being ravished and sacked by the entering armies."

"I am going to continue in business here for a time, at least until I decide what course to take. I have a good business here and every man wants to hold on to his life as long as he can. The sinking of the Lusitania is taking a pretty big part in this affair of mine. Still, I feel that I should return and claim what my father left to me. After that whether I stay in America or Sweden is still undecided."

CZAR'S AGENTS WANT 8,000 FREIGHT CARS

CHICAGO, May 22.—Agents of the Russian imperial government are in Chicago negotiating for the purchase of 8,000 freight cars. If the deal is closed, it was estimated today, it would bring nearly \$12,000,000 to the car companies obtaining the order and furnish employment to several thousand men in the car shops. J. S. Runnels, of the Pullman company, said the Russian representatives have been here for several days and that they are figuring with several firms of car manufacturers.

WAR BENEFIT SUCCEEDS

CHICAGO, May 22.—More than \$5,000 was counted today by Mrs. John Borden, whose home last night was the scene of an elaborate open air vaudeville feast in which the actors were Chicago society folk. The money will be spent to equip field hospitals for the French army. While the society leaders danced and sang the leading theatrical folk now appearing in Chicago were in the audience among them Ethel Barrymore, Holbrook Blinn, Jane Cowl, Bruce McRae and Peggy O'Neill.

CHURCHES EXTEND MANY INVITATIONS

Various churches of Richmond will observe Sunday as "Welcome Day" in conjunction with the home visitation campaign conducted by the Shreve Durham, international Sunday school worker, and religious leaders in this city some weeks ago.

Special invitations have been distributed by some of the church to those persons who in signing the record cards gave a preference for certain faiths.

Large congregations are expected at the morning services and new members will be received into the churches.

SUNDAY SERVICES

NEW PARIS, O., May 22.—Sunday services in New Paris churches will be as follows:

Methodist—Rev. E. Kneisley, pastor. Sunday school at 9:15; Epworth League at 6:45; leader, Adolph Baker. Baptist—Pastor, H. H. Baker. Service at 10:30; theme, "The Complete Man." Presbyterian—E. J. Vance, pastor. Sunday school at 9:15; morning service at 10:30 o'clock, special sermon, "In Memoriam," in honor of the veterans of the G. A. R. Evening service will be at the Gettysburg church.

Christian—Rev. H. R. Bikel, pastor. Bible school at 9:15; morning service at 10:30; theme, "The Word of Life." Y. P. S. C. E. at 6:30; C. E. Denny, leader. No preaching services on account of the baccalaureate sermon at the M. E. church.

Ireland sent out 230,314 emigrants last year, a decrease of 10,653 from the previous year and the smallest number in any year since 1890.

Popular Stars in Hoosier Sweepstakes

Spectators at the next Indianapolis 500-mile race will keep an eye peeled for C. H. Haupt and Dr. Bragg, drivers of Peugeot and Berdroll cars in that contest, respectively. Both are speed merchants of the first water, never failing to give the public a run for its money. Haupt is famous chiefly for his victory in the 1912 Grand Prix, while Haupt holds the honor of having once composed, with Victor Hemery and the late Bruce-Brown, the greatest racing team in the world.

6-YEAR-OLD CHILD WINS PONY CONTEST

Little June Griffith, not quite six years old, is the object of envy of her playmates.

The little girl is the successful one of 100 contestants who worked for a pony and cart in the Palladium contest. Within a day or two, she will receive her first lesson in driving.

She is the daughter of Al Griffith, ladderman at the City Hall ladder company. She lives at 321 South Ninth street and during the winter has been attending kindergarten at Finley school each day.

June received 36,552,450 votes. Next to her is Ernest Bryant who received 14,715,050 votes.

Others in the list of ten leaders are Ruth Myers, 10,155,050 votes; Mary Mutchner, 6,352,750 votes; Grant Spears, 5,882,550; Herbert Pierce, 5,321,100 votes; Charles T. Moore, 4,718,100 votes; Leota Pettibone, 4,295,250; Louis Jelly, 3,576,900; Doris Puckett, 2,356,600. Nine others received more than a million votes.

HILDA KIRKMAN LEADS IN HIGH SCHOOL WORK

Hilda Kirkman scored the highest record of 95.82 per cent in grades for the four years' course of study in the Richmond high school, according to an announcement made by Principal Pickell in chapel exercises Thursday. Jesse Parrshall, with a record of 95.16 per cent, and Ruth Blossom with a record of 95 per cent, ranked second and third, respectively.

The remainder of the scholarship students who received a percentage of grades above 90 per cent, averaged between 90.05 per cent and 94.84 per cent. Following are the scholarship students: Hilda Kirkman, Jesse Parrshall, Ruth Blossom, Ernest Newman, Doris Pioneer, Katherine Quigg, George Sidham, Alice Bossler, Ellen Dickinson, Margery Morgan, Edith Hawthorth, Elizabeth Hoffman, Raymond Jenkins, Russell Jenkins, Alfred Lanning, Kent Lemon, Yorke Little, Helen McMinn and Ruby Medearis.

MOBS IN MEXICO CITY FIGHT HARD FOR FOOD

WASHINGTON, May 22.—Hungry mobs have invaded the chamber of deputies and thousands have fought for the food distributed in the streets of Mexico City, the Brazilian minister today reported to the state department in dispatches outlining conditions there.

PUPILS TO EXHIBIT MANUAL ART WORK

The opening of the exhibit of the Manual Arts department of the Garfield school will take place next Tuesday evening and will be the last meeting for the patrons during the present term of school. There will be samples of work shown from the drawing, cooking, sewing and woodwork classes. Interest in these lines has been stimulated since the pupils have been permitted to elect the work as a full subject. The demand for places has been beyond the capacity of the shops. The exhibit will be open on Wednesday and Thursday and all are invited to attend.
