

DR. DENNIS REPORTS ON CONFERENCE FOR UNIVERSAL PEACE

Praises Stand of William Dudley Foulke and Tells Commercial Club of Meeting at Cleveland.

The gathering of the country's greatest men in the world's court conference at Cleveland in May, in which Dr. David W. Dennis of Earlham, and William Dudley Foulke represented the Commercial club, was the subject of a report made last night at the Commercial club meeting by Dr. Dennis.

"We do not generally know in Richmond that Mr. Foulke is a great man," Dr. Dennis said. "He delivered his paper on the second night of the conference. Senator Harding of Ohio was the chairman. Senator Pommerene opened the speaking, followed by Judge Woodmansee of Cincinnati and Henry Lane Wilson, former United States representative in Mexico. Mr. Foulke had as hard a test as any man in the conference, but he knew his subject. He handled his subject in a different manner, hardly using his manuscript. He did not deal with generalities, and he held an audience of four thousand at closest attention. When he finished, these men spoke to me of Mr. Foulke's speech in terms of highest praise.

"The conference was called a court conference, but I was surprised to find when I arrived that its name was 'peace conference.' The subject of the establishment of a world court was, of course, the leading topic. What I considered the hardest subject, the selection of the judges, was handled by Thomas Rayburne White, a graduate of Earlham college, who is now a distinguished lawyer in Philadelphia. There will be forty countries who want representation, but only fifteen judges are provided for.

"The court will be divided into two parts. The council will decide questions which are not justifiable, and the judges will handle other questions. William Howard Taft handled this subject in an unusual and expert manner."

FACTORIES OF SWISS BOOMING ON GERMAN WAR SUPPLY ORDERS

GENEVA, June 15.—While the Germans complain because the United States sell shells to the allies, they themselves are getting a vast amount of war equipment from machinery and electrical houses in eastern Switzerland. Here the factories are working to full capacity turning out things needed by the great armies of the Kaiser. For example, the works of Escher, Wyss & Co., and the Oerlikon Electrical works, both at Zurich, are producing engine and ship equipment for the German army. In many of the Swiss manufacturing companies Germans are large stockholders and in several cases the same companies own plants in Switzerland and Germany.

It is estimated here that about 12,500 men, representing skilled labor of the highest sort, are now working in Swiss plants on war orders. Shops of many sorts have been modified so as to be used for the production of things useful in war.

WOMEN SHOP EARLY IN LONDON STORES

LONDON, June 15.—The government authorities recently issued an appeal that shoppers do their shopping earlier in the day, not expect immediate service, carry home their parcels and give more time for the execution of orders. This request had an immediate effect. The managing director of a large store said today that women customers are becoming more reasonable in their demands and may be carrying home their parcels they formerly would have had delivered. "They are giving their hearts and minds to their shopping," he philosophized.

OBSERVE DAY

WILLIAMSBURG, Ind., June 15.—Children's day was observed at the Friends' church Sunday evening and was well attended. Neighboring communities were represented. Economy, Lynn, Fountain City, and Webster, very good program was given and was appreciated by a large audience.

TODAY'S BEAUTY SUGGESTIONS

Face powder simply covers up an unattractive complexion and leaves no lasting benefits. Those who have tried a simple spumax face lotion find it much better, as it removes skin discolorations, such as freckles and tan, and makes the skin smooth, white and velvety. This lotion is made by dissolving four ounces of spumax in one-half pint hot water, then adding two teaspoonsful glycerin. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance. It removes both shininess and sallowness, rapidly giving the skin a permanent healthy, youthful appearance.

An especially fine shampoo for this weather can be had at trifling expense by dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluffiness which makes it seem very much heavier than it is. After a canthrox shampoo arranging the hair is a pleasure.—Adv.

Sir Edward Speyer Seeks Refuge in U. S.

The picture shows Sir Edward Speyer and his wife, who arrived in New York aboard the American liner Philadelphia for an extended visit to James Speyer, the noted New York banker.

It is believed that Sir Edward's reasons for bringing his family to this country at this time is due to the great agitation against influential German residents in London, since the Lusitania disaster. Sir Edward at that time tendered his resignation from the privy council and offered to give up his title, but both were refused by the crown, who reaffirmed its belief in his integrity.

Below are shown the three children of Sir Edward. From left to right, Misses Pamela, Leonora and Vivian Speyer.

BURN FORESTS TO STEM DASH TOWARD TRENT

ROME, June 15.—Unable to stem the dash of the Italians toward Trieste with their guns, the Austrians have tried to start forest fires north of Montefalco and east of Sagrado to drive the invaders from their advanced position. It is officially announced by the Italian war office that these efforts of the Austrians failed utterly as the Italian soldiers had no difficulty in putting out the fires.

Attempts by the Austrians to retake Montefalco have been brilliantly repulsed.

The bombardment of the Austrian fortress of Malborghetto which began Sunday by the Italians with their big guns is continuing successfully. The intense heat of the weather is causing great discomfort among the troops in the field.

On the outbreak of the war the Falkland Island voted a gift to Great Britain of \$11,250, equivalent to \$5 for each inhabitant.

City Statistics

EDMUNDS—Caroline Wallis Edmunds, aged 80 years, died Tuesday morning at her home, 211 South Eleventh street after an illness of several months. She was the widow of the late Thomas H. Edmunds and is survived by five sons and four daughters, William W. Edmunds, Francis H. Edmunds and Arthur G. Edmunds of this city, Dr. Charles Edmunds of Ann Arbor, Michigan, George H. Edmunds of Ruby, Montana, Mrs. Edith Vagg of Carbondale, Col., Mrs. J. F. Ratliff, Miss Annetta Edmunds of this city and Mrs. B. H. Dugdale of Indianapolis.

Funeral will take place from St. Paul's Episcopal church, at 3:30 o'clock Thursday afternoon. The burial will be in Earlham cemetery. Friends may call at any time.

GIVE TEA SET

ECONOMY, Ind., June 15.—Many friends of Mr. and Mrs. Ray Swallow, who are now living in Richmond, have received cards expressing the thanks of the couple for the beautiful silver tea set which was given them before they left for Richmond. Mr. Swallow has accepted a position with the new bank at Richmond.

EIGHTY YEAR OLD RESIDENT WRITES WEDDING POETRY

The following poem was written by Adam H. Coblentz, aged 80 years, and was read at the golden wedding anniversary of Mr. and Mrs. Jerome Jordan when they celebrated with a dinner for about 200 persons. Mr. Ralph Little sang several numbers with piano accompaniment by Miss Delores Ellis. Miss Grace Barton played a violin number. A reading was given by John Hawkins:

My wife is old and I am old
We're dazed and dim, and dull and cold.
But what care I and what care she
We're happy folks whatever be.

Time was when she was young and gay,
Would smile and smile and dance away
Though dancing does not now agree
We jog on happy 1 and she.

And I was once a lively boy;
Would sing my song and pipe for joy;
No more of piping now for me
Yet all our days are harmony.

We do not bill and coo and kiss
A loving hug would come amiss
To old rheumatic bones, you see
But that is not to her and me.

In summer when the sun is hot
We toddle round our garden plot
And bask abt and watch the bee
It hums for joy and so do we.

And when the winter snows and blows
We sit beside the fire and doze;
Or laugh and chat and drink our tea
With—Here's to you—from her to me.

Our earthly race is nearly run
We're getting both so old and done;
But bodies old as old may be
While souls are young so what care we.

For when it's time for us to die
We don't intend to say good-bye
Since neither death nor life you see
Shall part my dear old wife from me.

HEAVY CANNON CHECK RUSSIAN COUNTER MOVES

PETROGRAD, June 15.—With their drives against Lemberg from the east and south checked, the Austro-German army under General Von Mackensen is now trying to cut through the Russian lines to attack the fortress of Lemberg from the north. Heavily reinforced Austro-German columns are battling along the Wuzsna and Lubaczka rivers, east and north of Jaroslau in an effort to reach Lubaczow and Jaworow, northwest of Lemberg.

Dispatches from the front indicate that the Russians along the Lubaczowka front are hard pressed, owing to the great amount of heavy artillery massed there by the Germans and the apparently inexhaustible supply of ammunition supply of the Teutons.

Fighting continues at a number of places in Poland. Shavil has been practically destroyed by the cannonade of the Germans with their heavy howitzers.

GERMANY CELEBRATES IN KAISER'S HONOR

BERLIN, June 15.—A pessimistic attitude is taken by the Vossische Zeitung in its comment today upon German-American relations. The leading article written by George Bernhard, says:

"There is too much jubilation because of the tone of the second American note does not correspond to the dark forecast which went before it. There is no cause for exaltation because of the vital contradiction existing between the German and American viewpoints.

"The Berlin naval prize court has overruled the recent decision of the prize court regarding the seizure in October of the Swedish steamship Ellida while on her way to England with timber. This decision is regarded as highly important as it establishes a precedent upon which neutrals can base claims for goods seized or destroyed by the German Navy." Celebrations were held today honoring the twenty-seventh anniversary of the accession of Emperor William to the throne.

China's Richest Man

The "John D. Rockefeller of China," Cheng Yuan-Chang (in oriental costume), head of the Honorary Commercial Commission of China, visiting New York, who was received by acting-Mayor McAneny of New York at the City Hall yesterday. Mr. McAneny is on the left and a visiting Chinese merchant in the center.

CANADIAN TROOPS SHOW BRAVERY IN YPRES FIGHT

LONDON, June 15.—Magnificent bravery has been shown by the Canadian troops in the fighting against the Germans in west Flanders. A semi-official account of the Canadians' part in the great battle of Ypres, issued here today says:

"After their strenuous service in the trenches during the second battle of Ypres the Canadians were withdrawn some distance to the rear where they rested for two weeks and were refitted for further field service. The Canadian Highland infantry under Colonel Turner, which had already distinguished itself at Ypres, took part in the hard fighting in west Flanders that lasted from May 18 to 27, being attached to a division of the British army.

"On the night of May 20, the Canadians were ordered to attack the German lines with the bayonet. The charge was led by the Forty-eighth on the right and the Sixteenth Canadian-Scottish on the left. The main attack was led against a German salient which had given the British a great deal of trouble and caused the loss of many men in the patrol squads.

"The regiments advanced with the greatest courage, carrying four lines of trenches and pierced the German line for a distance of over a mile. The Sixteenth Canadian-Scottish found itself held up by a fortified position strongly defended with machine guns. The Canadian engineers, exercising spectacular coolness and bravery, cut the entanglements and the troops swept on. It was right here that Major Warrington of the Sixteenth, and Major Wright of the Canadian engineers, as well as many others lost their lives.

"When the Canadians got inside the German works a hand-to-hand combat of the fiercest character ensued, but the position was finally captured with considerable loss of life.

"In the meantime, the Forty-eighth

advanced until held up by a fortified enclosure, which bristled with machine guns and, which was evidently the headquarters of a German division.

"The advance guard, composed of half a battalion under Captain Musgrove and Captain Muir, dug themselves in. In a charge which followed Captain Muir was killed and Captain Musgrove and Lieutenant Mavor were severely wounded. The troops having pierced the German line too far, found their flank subjected to a heavy fire from German machine guns and howitzers. Supporting troops being unable to co-operate with the advanced lines, the flanks had to be withdrawn so that the Canadian line could be consolidated. Throughout these operations the Canadian Highlanders bore themselves with the same coolness and bravery which had marked their behavior at Ypres."

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This is a remedy that every family should be provided with, and especially during the summer months. Think of the pain and suffering that must be endured when medicine must be sent for or before relief can be obtained. This remedy is thoroughly reliable. Ask anyone who has used it. Obtainable everywhere.—Adv.

Restored to Good Health.

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.—Adv.

Bilious Attacks.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Obtainable everywhere.—Adv.

Greatly Benefited by Chamberlain's Liniment.

"I have used Chamberlain Liniment for sprains, bruises and rheumatic pains, and the great benefit I have received justifies my recommending it in the highest terms," writes Mrs. Florence Slife, Wabash, Ind. If you are troubled with rheumatic pains you will certainly be pleased with the prompt relief which Chamberlain's Liniment affords. Obtainable everywhere.—Adv.

BRYAN WILL ISSUE STATEMENT TELLING ABOUT WAR'S CAUSE

WASHINGTON, June 15.—William J. Bryan returned to Washington today from his week-end rest at Old Point Comfort. He gave out a statement announcing he would issue an article in three parts beginning tomorrow discussing the "causeless war and its Lessons for Us." His statement reads:

"When an outline of this article was completed, I found it too long to publish in a single issue. It is of great and immediate importance. Preferring to have all the parts reach the public in complete form, rather than have the article condensed in the newspaper offices or published with varying completeness, I have decided to divide it into three parts.

"Tomorrow I shall submit the first part dealing with the war as it is and the injury it does to neutral nations. The next day I shall consider the origin of the war and the influences which caused it. The third section will treat of the means which may be employed to secure permanent peace. "I shall give these statements to the evening papers."

TRY FOR SPEED MARK

CHICAGO, June 15.—A wet track made elimination trials somewhat tame today compared with the 100.00 miles an hour speed made by Earl Cooper in a Stutz car on the new Chicago motor speedway. No attempts to break records were made during the practice for the June 19, 500-mile race today. With a gold hammer, Mayor Thompson late yesterday drove the last spike, a gold one, in the two-mile track.

THIN FOLKS WHO WOULD BE FAT

Increase in Weight Ten Pounds or More.

A PHYSICIAN'S ADVICE.
"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolute harmlessness. Sargol is sold by Leo H. Fife, Richmond, and other good druggists everywhere and every package contains a guarantee of weight increase or money back.

Caution:—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are not willing to increase their weight ten pounds or more.—Adv.

DO YOU Want Your Laundry Dull Finish?

New machinery just installed that gives that dull finish to your starched laundry. Shirts 10c each. Collars 2c each. Cuffs 4c pair; undershirts 5c each. We Call for and Deliver.

Dang Wing Lee.
612 Main St. Phone 1459.

Every Home Can Be as Attractive as This

Does this picture illustrate an evening scene in your home? Have you ever realized how much musical instruments add to the pleasure of evenings around the hearth-stone? Music is one of the strongest influences in making the home life happy. If there is any musical instrument you would like to have, turn to our Want Ad section and see if you do not find advertised there just the instrument you want. If you don't find what you want, one of our little Want Ads will locate it for you.

Pitiful Scene in Galicia

This picture shows one of the many sights to be seen in Galicia just now. It is one of the distributing stations which the government has established in all the outlying country of Galicia to distribute food to the peasantry.
