

GIRL WIFE WANTS DIVORCE FROM MAN SERVING IN PRISON

Not yet passed her sixteenth birthday, Esther Goodwin Staley of Cambridge City, wife of Homer T. Staley, who was convicted of defrauding Township Trustee Edgerton recently, has filed a suit in circuit court for divorce.

The girl admitted she was married when fourteen and one-half years of age to Staley, who was then twenty-three years old. The marriage took place March 16, 1914, more than a year ago, the girl giving the date of her birth as July 15, 1897 and Staley as October 18, 1890. She will be sixteen years old next month.

Because of circumstances attached to the case there will be no criminal proceedings. Staley is just starting a penitentiary term of one to seven years. The girl's parents had no part in the issue of the license as Judge Fox issued a court order on the supposition that the girl was sixteen years old, making the marriage mandatory.

BECK ENDS FIRST YEAR WITH P. O.

Closing the first fiscal year since his appointment as postmaster, C. B. Beck yesterday made a report of the custody of the building to the treasury department at Washington. Other post office reports will be made to the post office department within the next three weeks.

In the past year, the discipline of the office has been increased and friction removed in Mr. Beck's endeavors to make the Richmond office a model office.

"I believe this post office is now one of the most congenial in the country," Mr. Beck said today.

A good financial increase will be shown for the past year, the postmaster said.

Do you know it is more important to keep the bowels regular during hot weather than any other time. It is because disease germs are all over—flies, mosquitoes, bugs, etc., all carry dangerous diseases. Hollister's Rocky Mountain Tea will keep the bowels regular, the system cool, and clean. SHOWALTER INJURED

CHESTER, Ind., July 2.—Charles Showalter was seriously injured last week when he fell off his wagon while coming home from Richmond. He was standing on his wagon while arranging some bales when his hand slipped and he fell on the brick street. His elbow was broken. The accident occurred on the Reid hospital bill.

BRICKLEY RECEIVES HARVARD DEGREE

CHARLES BRICKLEY

A hero on the football gridiron and on the baseball diamond, Charley Brickley, the most popular athlete that ever wore the Crimson, is here shown in a new role. This picture of the famous drop kicker was made at the Harvard Commencement when Brickley received his degree.

Macadamized roads are so called from John Loudon Macadam, their inventor.

GOOD BEHAVIOR

Richmond residents were on their good behavior last month as indicated by the police report for June, issued today. This shows that only fifty-seven arrests were made, an unusually good record for the average number of arrests per month is 100 or more. Twenty-three of the offenders last month were hailed into court on charges of public intoxication.

DELEGATES NAMED.

John Lott, state organizer of the association and Josephine Fleming, have been appointed Richmond's delegates to the state convention of the National Association of Post Office Clerks, July 5 in South Bend.

CUPID SHOOTS DARTS

"Guilty of pernicious activity," was the verdict today in the suit of the State of Single Bills against D. Cupid.

Activities of Cupid for June were unexcelled by any previous months this year and probably a number of previous years. How many darts he cast is beyond estimate, but it is known he succeeded with forty-nine of them. The past month has made up for previous shortages this year in marriage licenses. The clerk's office report today said there were forty-nine licenses issued in the past month, establishing a new record for the present administration.

HOW TO HEAL SKIN-DISEASES

A Baltimore doctor suggests this simple, but reliable and inexpensive home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles.

At any reliable druggist's get a jar of resinol ointment and a cake of resinol soap. These will not cost a bit more than seventy-five cents. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment and the skin soon becomes clear and healthy again.—Adv.

Make it Easier For Baby in Summer

Many of the Hot-Weather Troubles Can Easily Be Avoided

If the mother will see to it that the bowels are kept regular, much of the illness to which children are most susceptible during hot weather can be prevented.

A mild laxative, administered at regular intervals, will prove an excellent preventative of summer complaints that are caused by inactive bowels. The combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is excellent for children, being pleasant to the taste, gentle yet positive in action, and free from opiate or narcotic drug of any description. It acts naturally, without griping or other discomfort, and is altogether dependable.

The cleansing of the bowels will most effectively check an attack of diarrhea by expelling the foreign matter and poisons that irritate and inflame the tissues.

In every home a box of Dr. Caldwell's Syrup Pepsin could be on hand, ready for use when occasion requires. It costs only fifty cents a bottle and is sold in drug stores everywhere. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 453 Washington, Monticello, Ill.—Adv.
