

## SIBERIAN SHIPMENT OF WARM CLOTHES READY TO BE SENT

Word has been received here from the German consul at San Francisco regarding the shipment of clothes which the Germans of this city intend to send the Teutonic refugees who have been interned in Siberia.

Local Germans intend to put on the market soon a special iron ring with a special inscription, indicating membership in the Knights of the Iron Ring. The ring will sell for \$5. The letter to the officers of the local branch of the German alliance follows:

"Your friendly letter of June 13 has been received. Kindly send shipment of clothing to Henry Willweber, German House, San Francisco. Two large consignments of clothes and medicine already have been sent to Siberia. Also a check for \$10,000 and one for \$250,000. German and Austrian families are in dire need in the concentration camps of Siberia. Typhoid, dysentery and other diseases are making terrible inroads among the prisoners. The Germans in China have done all they can to relieve the situation and now must appeal to the United States. Anything you can do to relieve our brothers and sisters will be appreciated. Send all money to me as chairman of the relief committee. To assure you that the gifts will reach their destination, I refer you to the Siberian officials in Tientsin, China, and to Count von Bernstorff.

Very truly yours,  
"W. KAUFMAN,  
"German Consul San Francisco."

## HOELSCHER CONTESTS 2 APPLICATIONS FOR SALOON LICENSES

County Attorney Hoelscher today contested the alleged right of Joseph C. McElroy and Dennis O'Connor to open new saloons in Richmond when the two appeared before the board of county commissioners asking for licenses. Attorney Hoelscher said the fact that there are less than fifty-five saloons in Richmond now, does not entitle the commissioners to issue more licenses because the vote has since changed and this city is now entitled to only fifty-four saloons. The matter remained unsettled.

McElroy asked for a license to operate a saloon at 18 South Sixth street and O'Connor on North Ninth street. Both cited the fact that two saloons have failed recently and two others have voluntarily quit business because of hard times, and they were informed by the county attorney that these licenses have not yet expired and can be renewed if purchased from the holders.

The Warden-Westcott Hotel company was granted a change of bar management from Charles C. Lamme to Harvey Lee Ashley, the new manager of the hotel.

Liquor license renewals granted were:  
Daniel Galvin, 179 Fort Wayne Avenue; Adolph Blackwedel, 719 South F street; Henry E. Bealle, 535 Main street; Charles Chrisman and Louis C. Heithaus under the name of Chrisman and Heithaus, 13 North Seventh street.

## BOHEMIANS RECALL WORK OF JOHN HUSS

NEW YORK, July 5.—The large New York Bohemian population is about to celebrate extensively the five hundredth anniversary of the burning of John Huss at the stake. Huss is remembered usually for his religious reform movement, but to his countrymen he is the national hero, a patriot who resisted the encroachments of the Germans on the Czechs, founded the Czech literature and brought into being the national self-consciousness of the Bohemian people. His martyrdom took place July 6, 1415. Today there was a special commemorative service at the Jan Hus Bohemian Presbyterian church here and a formal dedication of the new \$10,000 Jan Hus Neighborhood House in East Seventy-fourth street.

## FIREWORKS KILLS NINE IN OBSERVING DAY

CHICAGO, July 5.—Belated celebration of Independence today started with a list of eight deaths and the injury of 177 persons in the United States in yesterday's observance of the day. This was the lowest figure ever recorded on Fourth of July fatalities, but it was feared that celebrating today would increase the total of dead. Last year the total killed was nine and injured 601. The largest number of accidents of any one city was reported today from Cincinnati where thirty-six persons were hurt with fireworks and explosives. In Chicago one boy was killed and none injured.

## STATE CONDEMNS DISEASE CARRIERS

INDIANAPOLIS, July 5.—Three disease carriers the public schools of Indiana—the common towel, drinking cup and pencils—are placed under the ban by an order of the state board of health just made public.

## POLICE CLAIM HOLT HAS SANE FACULTIES

WASHINGTON, July 5.—"A crank but not crazy."

This is the opinion of Frank Holt, assailant of J. P. Morgan, brought back from Mineola, L. I. by Major Pullman, chief of police here. Major Pullman indicated that while Holt is eccentric, he must be considered a responsible person who was in possession of his faculties when he shot Morgan.

A handwriting expert, making a comparison of the writing of Holt and that appearing on letters explaining capital bomb outrage which a man signing himself "R. Pearce" sent to Washington newspapers, stated unofficially the specimens appeared to have been written by the same hand.

**Condition Improves.**  
GLEN COVE, L. I., July 5.—The following bulletin relative to the condition of J. Pierpont Morgan, was issued at 1 o'clock by Dr. H. M. Lyle and Dr. James Marker:  
"The patient had a comfortable night. Temperature and pulse normal. General condition normal. We consider Mr. Morgan practically out of danger."

## BIG CROWD

[Continued From Page One]

its. The delegation from New Garden, Greene and Webster townships met at King's corner, one mile north, and marched to the Common's corner, and thence to the National road and into Centerville from the west.

Machines representing Perry, Dalton, Clay and Jefferson townships met at a junction on the Hagerstown-Williamsburg pike, two and one-half miles north of town.

Assembling places for two groups consisting of delegations from Washington, Jackson and Harrison townships and Wayne Boston and Franklin townships were to the west, the caravans all passing the Common's corner and moving with the Centerville representation from the west.

**Line of March.**  
The line of march, which was thronged from corporation line to corporation line was: West on Main to Fourth street, south to Walnut street, West to Main Cross street, where the floats were parked, from then to South street and west to the Deering lots where the parade disbanded.

Visitors here today made pilgrimages to the birthplace of Oliver P. Morton, Indiana's famous war governor, and to the home of former great men who were reared in Centerville. Each house was marked with a placard giving full information as to its historical significance.

Distinguished persons who were recalled were Oliver P. Morton, Judge Kibbey, Judge Johnson, Dr. Pritchard, G. W. Julian, Charles A. Newman and Judge Fox of the Wayne circuit court.

Following the parade a band concert was given at Maplewood park, and in the school grounds. C. A. Chandler of Indianapolis mounted his ninety-foot ladder for a death defying leap, but postponed the performance until later in the day because of a high wind.

**Houses Decorated.**  
The warm red, the pure white and the calm blue of the Stars and Stripes floated from every business house and dwelling. Miles and miles of bunting were draped over stores. Long rows of small flags marked the property line on many of the side streets.

Swathed in bunting and flying miniature flags, hundreds of machines moved up and down the streets with kaleidoscopic effect.

**Street Carnival.**  
When the advance of the crowd moved on the town, it found tented amusements bidding for patronage. Barkers for a carnival attraction added their harsh cries to the spitting, hissing motor exhausts and the heavy bombardment of fire works. As no local restrictions were placed on the use of large firecrackers and bomb canes, pedestrians were kept constantly alert for some youthful celebrator who planted bombs and exploded torpedoes on sensitive nerves.

**Use of Telephone FATAL TO MOTORMAN**  
KOKOMO, Ind., July 5.—Charles Chambers, 40, a Union Traction company motorman whose home is at Logansport, was instantly killed early today when he made a telephone connection at a switch north of here to obtain orders. Chambers fell lifeless to the floor of his vestibule, the instant he made the connection and a pulmonologist failed to revive him. He was one of the oldest motormen in point of service with the company.

## TRY TO GET FOOD TO HUNGRY MEXICANS

WASHINGTON, July 5.—Efforts to obtain immediate transfer from Pacachua to Mexico City of the heavy supplies of food and other provisions for the starving people there, were made by administration officials today. They took this action on advice stating that American Consul General Skaklin and Charles O'Connor, Red Cross agent, have succeeded in getting into the besieged city with medical supplies.

## STORM SPENDS FORCE

Little damage was done in Wayne county by the storm which passed over late Sunday afternoon. The rain and wind had apparently spent their ferocity before reaching Richmond as reports of damage have been received from Indianapolis and intermediate cities. The rain settled the dust which had been flying on the roads, and made conditions for automobile travel almost ideal.

Early in the day a long line of machines moved toward Centerville. They left no cloud of dust, making the trip a thoroughly enjoyable one.

## MORGAN TO RECOVER PHYSICIANS ASSERT

GLEN COVE, L. I., July 5.—J. P. Morgan who was shot twice by Frank Holt, is believed to be out of danger, although the critical point will not be passed until tomorrow. Dr. Markor and Dr. Lyle, the attending physicians, explained that they will not be able to make any definite statement until Tuesday or later as the time limit for possible infection in case of gunshot wounds is four days.

An extra examination showed that the bullet which entered Morgan's side at the abdomen did not puncture the wall or break any bones. Opiates had to be administered.

Mr. Morgan was allowed to sit up in bed and smoke a cigar. It may be several weeks before he returns to the offices of J. P. Morgan and company for work.

Glen Cove and Mineola where Holt is in jail swarms with detectives. There are between thirty and forty private and public detectives on duty in Glen Cove.

## HUNT FOR TURTLES ENDS IN DISASTER

A turtle hunt ended seriously Saturday night when a lively horse chose Bachmeyer's Hill south of Richmond on the Liberty pike, to become fractious. John McGee, colored, an employee of Jeff Wilson, was kicked in the head. His condition was improved today. The party was made up of Snooks Murray, McGee and several white men. A flat bed wagon was rented and supplies for a long hunt were taken. A strap on the harness broke and the horse became uncontrollable. That the wagon was not plunged down on east of the steep side embankments is regarded as fortunate for the turtle hunters.
