SHARKITTS CAPTURE
LEADING POSITION

K. C. LEAGUE.

Sharkitts	Won.	Lost.	Pct.
Sharkitts	3	1	.750
Brennens	2	2	.500
Kinsella	2	2	.500
Zeyens	0	4	.000

In a close, well-played game the Sharkitts moved into first place in the Knights of Columbus league Sunday morning at Athletic park, whipping the struggling tailenders by the score of 7 to 3.

Kinsella and Klinger indulged in a pretty pitching duel with Kinsella having a slight edge, but Klinger, too, was unusually steady and this, coupled with his teammates delivering blows when they were needed, returned him the winner. Sharkitt and Klinger lead in hitting, with two safeties each out of four times up. Score:

LACK OF MONEY
MEANS CLOSE OF
PLAYGROUNDS

Although school does not open until September 13, the public playgrounds located at the Baxter, Whitewater, Hibbard and Warner schools will close next Saturday on account of lack of funds. The East End playgrounds will be kept open until the end of the summer.

The playgrounds at the schools have been open for ten weeks and according to a statement made by Robert Nohr, Jr., director of physical education, have had an average daily attendance of between 800 and 900 children.

The funds for the support of the summer schools and recreation grounds are supplied by the city, which turns over to the Recreation Committee a certain percentage out of the taxes. This year it amounted to about \$1800, but only half of that sum is available at the present time. The balance of \$800 is not paid until December.

Besides the amounts specified above there was over \$400 turned over to the Recreation Committee as the result of the exhibition of physical training held last May and this money was used to help defray the expenses.

\$185,000 EXPENDED
BY LOCAL SCHOOLS

The report of the Richmond School board, which was made to the County Superintendent yesterday, shows that \$105,883.55 was expended from the tuition fund during the school year 1914-15. The average monthly pay roll of the Richmond public schools is about \$11,500.

The total receipts in the special school fund for last year were \$86,608.95 with expenditures out of this fund amounting to \$78,089.58, leaving a balance of \$8,519.37. This is the largest balance that has been left in this fund for several years. Last year a balance of only \$204.91 was reported by the treasurer of the board.

The total expenditures of the public schools as shown by the report, amount to \$185,000.

TRUCKS USE DEPOT
FOR FIRST TIME

With the opening of the central station in the Palladium building on North Ninth street, for the auto trucks lines operating in and out of Richmond, Lee Harlan, appointed to have charge of the station began the compiling of a time-table.

J. A. Banfill, a Richmond resident, stated at the station today that he is contemplating the placing of an auto truck in operation between Richmond and Eaton with stops at Boston, West Florence and other points. The new bus, in all likelihood, Mr. Banfill said, would begin running on August 12. One trip from Richmond to Eaton and return will be made daily.

With the arrival and departure of the hacks, today from the central station, the worth of its establishment was immediately indicated.

Seats were placed in the station today for the accommodation of the passengers and the other furnishings will be installed.

JITNEY TURNS TURTLE

Returning from a trip to Cincinnati, a party composed of Mr. and Mrs. Charles Buttermeister, 907 North 1 street, Miss Ruth White, 122 North Seventh street, and Fred Boyer, driver of the automobile, ran off the road five miles south of the city, Sunday evening. The accident occurred at the bridge near the old mill on the Boston pike. The automobile, which is used as a "jitney" in the city, turned over, pinning the occupants of the car underneath it. None of the party was seriously injured and their escape is considered miraculous.

FARMERS THRESH
GRAIN ON SUNDAY

For the first time in the history of Wayne county farmers were compelled to thresh their wheat on Sunday.

Several machines were seen at work in the fields between here and Centerville and it was reported that work was going on at other points. The recent heavy rains was ruining the crops lying in the field and in order to push forward the work the big machines were kept busy all day. It is said that some of the grain that was piled up in shocks was beginning

to mold and the work done was absolutely necessary in order to save it.
