

BOARD MEMBERS INFORMED ABOUT MIKE'S ACTION

Park Superintendent Ford's report of the recent unsuccessful effort of Mike, one of the inmates of the ring-tail monkey family at the Glen, to escape from duarand vile, and his description of the thrilling capture of the fugitive monkey, was the most interesting feature of the meeting of the board of public works today.

When Timekeeper Tinapple entered the monkey cage he did not lock the door, so Mike lifted the latch and "beat it." The monkey was pursued all over the park and had the time of his life dodging the poses of park employees, darting up one tree and then leaping into another. Finally he was cornered in the boat house and a basket dropped over him, but when it was carefully lifted he squirmed and bolted again. Finally Mike shot up a tree, which stood by itself. Then one of the keepers, Superintendent Ford said climbed up the tree with a sack. At the top he finally captured the chattering and greatly excited monkey. Mike is the dean of the Glen's monkey family, and Superintendent Ford says he is entirely too old to behave himself in such a frivolous manner.

Plan a New Sewer.
City Engineer Charles reported today that a right of way has been obtained for a sewer from West Eighth street to the west corporation line, between National Road and West Main street. Plans for the construction of this sewer will now be prepared.

A petition was received from the officials of the Morton park association for the opening of "Fleecydale Road" through the park. This road would extend north from J street through the west end of the park and thence across the bridge over the lake dam. On the north bank of the lake the road would fork, both forks extending as far north as the New Paris pike.

In a communication to the board Mayor Robbins suggested the improvement of the alley between South Fourth and Fifth streets from South A to South B streets. He described this alley as the worst in the city. The mayor also instructed the board to have the city engineer prepare assessments for streets which were closed this year and to proceed to collect from the benefited property owners.

The final assessment roll of the North A street paving improvement was received and accepted. The cost of the improvement is \$3,336.14, of which the city pays a little over \$12,000.

Hamer & Fahising received the contract for painting the North Tenth street park house on a bid of \$72.28.

ST. ANDREWS BOYS WANT GYMNASIUM

To devise means of increasing the fund necessary for the construction of a gymnasium, and the matter of outfitting the members of the organization in uniforms, a general discussion was held in the lyceum of St. Andrew's church by about fifty St. Andrew's Boys Sunday afternoon. Joseph Maag, president of the society, presided. The members intend to buy white uniforms. No definite action was taken in either plan, but probably will be at the next meeting to be held in September.

SPANGLER AND JONES PURCHASE BRICKER AUTOMOBILE GARAGE

New Firm to Maintain Taxi Service and Will Take On Line of Medium Priced Cars.

Earl Spangler and Morris Jones have bought the Bricker Auto Garage on West Main street and in the future the place will be known as the Central Auto station.

Mr. Spangler has been the agent here for the Haynes and Reo cars and the new firm will continue to handle these machines.

Mr. Jones for the past seven years has been connected with the McCanna garage and has a wide circle of acquaintances among motorists all over the county. He is popularly known as "Mose."

Both members of the new firm are hustling men and their success is assured.

Add New Line.
In a short time they propose to put in a line of medium priced cars that they claim will compete with any now on the local market.

The Bricker garage is a fireproof building and one of the best equipped auto stations in the city. Under Mr. Bricker's management the establishment gained an enviable record and the new managers propose to continue to pursue the high standard that has made for it the reputation of being one of the most up-to-date garages in southern Indiana.

Moderate prices and best service will be the motto and every attention to the smallest detail will be given. The taxi service will be maintained and automobiles rented for any period of time. Special attention will be given to the repair department.

Ill health was the reason for Mr. Bricker's retirement and in a short time he will go west for his health.

ITALIAN IS ARRESTED

Alleging that Angelo Cartigliene had attacked Mary, the six-year-old daughter of John Fratellina and wife, 124 North Second street, the Italian was taken into custody yesterday, but he probably will be released. No one witnessed the alleged attack. The child, who is too young to appear as a witness in a court proceeding, told her mother that Cartigliene had assaulted her and the matter was at once referred to the police. Cartigliene has been a boarder at the Fratellina home.

15 MOTORCYCLISTS GET PERFECT SCORE

INDIANAPOLIS, Aug. — Fifteen riders are believed to have perfect scores in the two-day Indiana F. A. M. endurance run that finished at Indianapolis Sunday evening. Thirty-five motorcycle riders and sidecar drivers started Saturday morning on the 475-mile run, but only twenty-six finished. The riders believed to have finished with perfect scores are Nels Hodgins, VonStaden, Sargent, Jacobs, Martin, McMillan, Reinhart, on Indians; Catterton, Harley-Davidson; Capshaw, Dayton. The side cars to finish perfect were Speckman and Phillips, Harley-Davidson; Butterfield, Harley-Davidson; Evans, Excelsior, and Swearington and Byrley, Indians.

OKUMA MAY REMAIN AS JAP PREMIER

Count Okuma, who resigned as premier of Japan last week, following the investigation by the ministry of justice into the bribery charges growing out of the election last March, which, it is alleged, involved Viscount Oura, the minister of the interior, may be retained as premier by the mikado to form a new cabinet. The entire Okuma cabinet resigned with Oura.

ODDITIES

Smyrna's thirteen mills produce 4,000 sacks of flour daily.

Argentina has become a great market for sanitary appliances.

Building the best system of roads in the world has cost France about \$612,000,000.

Covent garden, London's greatest vegetable and fruit market, was once a convent garden, owned by the monks of Westminster.

Sugar growing is subsidized in Formosa.

FIRST LUTHERANS VOTE HELPER FOR REV. E. G. HOWARD

A congregational meeting was held after the morning service at the First English Lutheran church yesterday morning and it was voted that if the proper man can be secured to employ an assistant to the Rev. E. G. Howard, during the ensuing year. The duties of the assistant will be to aid the pastor in every way possible in his work. The demand on Rev. Howard's time has become so heavy recently that it was almost impossible for him to give proper attention to his duties, so it was decided that an assistant was necessary.

WILL ROST RELEASED

Will Rost of Abington was today released without trial after having been arrested for an alleged assault upon his wife. Rost was released from county jail Saturday Sunday morning she telephoned to the sheriff that Rost was trying to steal a horse and demanded that he come to Abington at once.

He did not do so and in the afternoon she drove to the county jail and shaking her fist at Turnkey Morgan, demanded why her summons had not been obeyed. She then charged that her husband had been drunk, had abused her and had ordered her away from the house.

Ireland in 1913 imported products valued at \$258,530,379.

ASKS FOR INHERITANCE TAX ON RILEY ESTATE.

Petition was presented in circuit court this morning by Eliza Lyons, asking the court to fix the amount of inheritance tax on the estate of Harriet Riley, deceased. The estate is valued at about \$25,000 and is to be partitioned among seventeen heirs.

CONCERT PREVENTED

Rain and wet grounds prevented the band from giving the usual Sunday afternoon concert at Glen Miller park yesterday. The band will give two concerts each Sunday during Chautauqua. An hour's program will be given

in the afternoon from 1:15 to 2:15 and in the evening from 6:15 to 7:15.
