GOVERNMENTS EGG CAR IN COUNTY NEXT WEEK

Farmers and Egg Shippers Invited to See Demonstration in Richmond on August 18.

Car Moves to Centerville on August 19 and Will Be in Cambridge City on August 20.

The United States car showing how to test, grade and pack local eggs for long shipment will be at Richmond, August 18; Centerville, August 19, and Cambridge City, August 20. Farmers are urged to visit the exhibit and hear the lecture.

Uncle Sam's special egg and poultry refrigerating and demonstration car will leave Rushville on August 17, and is due to arrive in Richmond on August 18, about 8 o'clock. It will be in Centerville August 19, and Cambridge City August 20.

The egg shippers and producers along the road already visited by the department of agriculture poultry shipping car have expressed themselves as highly pleased with the demonstrations given in their towns. At each stop, under the direction of H. A. McAleer, the specialists with the car have tested, graded, chilled and packed without charge local eggs for the local shippers.

When the car reaches Richmond it will be located on the side track most convenient to the town. The demonstration will begin at 8:30 o'clock and continue until 4:30. The car will spend one day in this place.

The department specialists on this summer tour will give special attention to eggs and their proper preparation for shipment. They will also give demonstrations to those especially interested in most approved methods of dressing, chilling and packing of chickens and turkeys for shipment to the New York and other distant markets. The purpose is to increase local profits from poultry and eggs, prevent waste and preserve quality.

Thousands of eggs will be candied according to the commercial standards and "fresh eggs," "floaters," "blood-rings," "white rots," "black rots," and other grades will be exhibited. The demonstration in detecting "white rots" is said to be very important as many candlers confuse "white rots" with "fresh" eggs. The eggs will then be sorted by market standards of size, cleanliness of shell and condition of shell. These gradings will show exactly the standards now set by commission men in distant markets.

The eggs will then be put into the refrigerating rooms of the car which will chill them to 40 degrees Fahrenheit in 24 hours. Eggs chilled in this way before being put into the ordinary refrigerator car do not deteriorate rapidly. Eggs packed warm in a refrigerator car do not get chilled properly for about five days, during which time they undergo constant deterioration.

The chilled eggs can then be loaded in cars for shipment. The demonstrators will show the most successful plans of using fillers, flats and buffers, placing and number of nails and the best way of storing cases in the cars. The eggs thus packed, the local owner will be free to ship to his market with the certainty that they started right from his warehouse.

All interested are cordially invited to attend. The car in itself is well worth seeing as it contains the principles of a thoroughly modern poultry and egg refrigerating plant operated by its own gasoline engine. It also provides its own electric lights so that the refrigerator can be well lighted and night demonstrations can be held. This same car spent last season in Texas. In previous seasons the car was in Missouri and Kentucky and shippers who followed its methods were able to ship turkeys for the Thanksgiving and Christmas trade in New York in a way that they reached the eastern markets in prime condition in spite of abnormally warm weather.

Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy.
"I never hesitate to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes S. Williams, merchant, Jesse, Tenn. "I sell more of it than of any other preparations of like character. I have used it myself and found it gave me more relief than anything else I have ever tried for the same purpose." Obtainable everywhere.—Adv.

The Clerk Guaranteed It.
"A customer came into my store the other day and said to one of my clerks, 'have you anything that will cure diarrhoea?' and my clerk went and got him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and said to him, 'if this does not cure you I will not charge you a cent for it.' So he took it home and came back in a day or two and said he was cured," writes J. H. Berry & Co., Salt Creek, Wis. Obtainable everywhere.—Adv.

For a Sprained Ankle.
If you will get a bottle of Chamberlain's Liniment and observe the directions given therewith faithfully, you will recover in much less time than is usually required. Obtainable everywhere.—Adv.

Despondency Due to Indigestion.
"About three months ago when I was suffering from indigestion which caused headache and dizzy spells and made me feel tired and despondent, began taking Chamberlain's Tablets," writes Mrs. George Hon. Macdonald, N. Y. "This medicine proved to be the very thing I needed, as one day's treatment relieved me greatly. I used two bottles of Chamberlain's Tablets and they rid me of this trouble." Obtainable everywhere.—Adv.

Thin People Can Increase Weight
Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for awhile and note results. Here is a good test worth trying. First weigh yourself, and measure yourself. Then take Sargol—one tablet with every meal for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat producing no richness for the tissues of the blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive.

Druggists sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back. Leo H. Fife, Richmond.

TO REDUCE DANGEROUS VARICOSE VEINS
People who have swollen veins or bunches should not wait until they reach the bursting point, which means much suffering and loss of time, but should at once secure from any reliable druggist a two-ounce original bottle of Emerald Oil (full strength).

By using this powerful, yet harmless germicide treatment improvement is noticed in a few days and by its regular use swollen veins will return to their normal size and sufferers will cease to worry. The Emerald Oil treatment is used by physicians and in hospitals and is guaranteed to accomplish results.

It reduces all kinds of enlarged glands, goitres and wens and is used exclusively in many large factories as an unfailing first aid to the injured antiseptic. Leo H. Fife can supply you.—Adv.

FINDS READY RELIEF AFTER USING TANLAC
LOUISVILLE, Ky., Aug. 9.—Among those to endorse Tanlac recently is Fred Meinecke, a retired hardware dealer, of 2522 West Jefferson street, this city, who found speedy relief from chronic stomach trouble by use of the premier preparation, Mr. Meinecke, who is sixty-eight years old and the oldest member of the Order of Red Men in Kentucky, said:

"I was suffering from stomach trouble for many years. Finally my condition became so serious that I was forced to retire from business. I was unable to retain even the lightest foods on my stomach, and had the most severe pains imaginable in my abdominal regions after eating. I suffered from headaches, nervousness, and dizziness, and found it difficult to sleep."

"After being advised by friends to try Tanlac, and seeing it advertised in the newspaper, I decided to try it. I was astonished at the result. After taking a few doses my appetite returned and I found that I could eat anything I craved with relish. The nervousness and dizziness disappeared and my sleep became restful and peaceful. I no longer suffer from pains in the abdomen and head."

"I can do as much work now as I ever could and feel as well as I did 20 years ago, before I became afflicted with stomach trouble."

Tanlac, the premier preparation, is being distributed in Richmond through the 6th and Main street store of Thistlethwaite's where an assistant of Mr. Cooper's is meeting the public daily and explaining the remedy.
