A reception to old friends, acquaintances, patrons and the public in general will be held from 7 until 10 o'clock tonight in the Price Confectionery store on Main street between Ninth and Tenth street as the observance of the fiftieth anniversary of the business. Punch will be served by the assistants and miniature boxes of candy will be given to the women visitors and cigars to the men.

Between 5 and 7 o'clock the store will close to permit decorations being placed under the supervision of Fred Lemon. Hicks' orchestra will present a musical program.

C. T. Price, the senior member of the firm and founder of the store, has been longer in business than any other merchant in Richmond. He served during the war with the army of the Cumberland and upon organization of the troops in 1865 at the close of the war returned to Richmond and established the confectionery store in the Tremont block at the corner of Eighth and Main streets.

For thirty years, Mr. Price conducted his business in that room and then moved to his present location where he has been in business twenty years. So well and favorably known has the Price Confectionery store become that members of the third generation, since the business was established are now 140 patrons.

Mr. Price's son and grandson are interested in the enterprise.

BLUNDER OF SOLONS AFFECTS 12 TOWNS

Officials in the incorporated towns of Wayne county, whose terms of office expire in 1916, will be compelled to continue in office until 1917, when the state legislature meets. The attorney general has made a ruling which will affect twelve towns in this county and half of the officials of these towns will have their terms lengthened.

An investigation has revealed the fact that according to a statute passed by the legislature in 1911, there is no time designated for the holding of elections in 1916. This fact was overlooked in the election of 1914.

The following towns in the county will be affected by the ruling: Boston, Cambridge City, Centerline, Dublin, East German town, Fountain City, Greensfork, Hagerstown, Milton, Mount Auburn, Spring Grove and Whitewater. The law is related to all incorporated towns under 5,000 population.

SAGE AND SULPHUR DARKENS GRAY HAIR

Brush this through faded, lifeless locks and they become dark, glossy, youthful.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.
