BULLS DISAPPOINTED AT GAINS IN WHEAT

CHICAGO, Nov. 22.—The bears in wheat were greatly disappointed today because of the reactionary power shown and the fact that there were net gains for the day of 1/4 to 1/2, where losses were looked for. The December future reacted from \$1.01 1/2 to \$1.03 1/2, and the May from \$1.04 1/2 to \$1.06 1/2.

The corn market closed 1/4 to 1/2 higher to unchanged to 1/2 lower. Oats were 1/4 higher to unchanged. Cash sales at Chicago amounted to only 15,000 bushels. Cash sales of corn were 125,000 bushels and of oats 180 bushels.

Hogs were sharply higher for pork, and fractionally better for the lard prices.

GRAY WANTS NATION TO MAKE MATERIAL FOR WAR DEFENSES

Congressman Gray, in a speech at Greenfield Friday evening, expressed himself on important problems now before the nation. He said he was in favor of adequate preparation for national defense, but would stop short when that is accomplished and would not vote for the appropriation of one dollar for preparation for aggressive warfare or for world conquest or for control of the seas.

He said he was in favor of this government manufacturing all the defense material and appliances herself, and she should let it be known that no man would receive a dollar of profit from this preparation and then it would stop at defense, otherwise there would be no limit to the preparation or the expense of the same. He said, "Take the profit out of war and war will cease."

He said that unless this government took over completely the defense plans and paid the expenses out of the revenues of the government, this country would be saddled with a bonded indebtedness that would hang about the necks of generations to come.

He is not in favor of this nation trying to defend the Philippines. He said it would be an utter impossibility under modern rules of warfare, and said, in effect, that we had better give the Philippines away rather than try to defend them.

He also touched on the Mexican situation, and said the Mexicans are fighting for their inherent title to the land and their homes and firesides, and that they could do that fighting better than any one else.

SERVES WINTER MENU

Samples of winter weather handed out by the weather man last week were pure and unadulterated, including chilly winds, cold rains, wet snow, freezing temperatures and dark skies. Wednesday was the only clear day of the week. A total of 1.55 inches of rain fell on four days. The report of the co-operative observer follows:

MAY BRING ORCHESTRA FOR CONCERT HERE

Ester Griffin White announces that she will bring the Philadelphia Symphony Orchestra here next Sunday afternoon, Nov. 23, if she can make arrangements to meet the heavy guarantee.

As the expense of the concert will be about \$1200, Miss White states that if 80 business firms, organizations and individuals will take ten tickets each, \$10, she can then open up the concert at a popular price of twenty-five cents, trusting to the rest of the public to patronize the affair in sufficient numbers to cover the remaining expense.

As the Philadelphia Symphony carries its full quota of men, ninety-one, and is regarded as one of the greatest orchestras on this continent, its appearance here will be a great musical and educational event.

Miss White does not do this as a money-making venture but as a civic activity and asks any firm, organization, or individual who will subscribe for ten tickets to advise her not later than Wednesday evening either by telephone 4013, or letter.

Fish sausage, says a German scientist, is palatable, nutritious and economical.

P. O. OUTLINES STYLE OF AUTO FOR USE HERE

Rural route carriers under the motorized system, will be required to wear uniforms. Automobiles of a certain make are prescribed. The department states that an effort is being made to establish uniformity throughout the United States.

The automobile must have closed body, with wire screen sides over which canvas can be dropped in rainy weather. The diagram of a car which would be acceptable to the department officials, is modeled after a Ford delivery wagon.

The carriers will be required to pay
