

SPARKS VENUES BENTLAGE CASE TO WINCHESTER

**Judge Shockney Will Hear
Re-trial of Charges Against
Dead Woman by Hase-
meier Company.**

The Hasemeler-Bentlage case has been venued to Randolph circuit court. Judge Sparks of Rushville, in the Wayne circuit court today, heard the motion of Henry U. Johnson, attorney for the H. C. Hasemeler company, asking for a change of venue. The motion was sustained, and the trial will be held at Winchester in January or February.

Judge Theodore Shockney will hear the case. Attorneys Henry U. Johnson and Charles Shively will go to Winchester soon to ask for a trial date. Additional evidence has been secured by both sides, consequently another three weeks' trial is anticipated. The last trial cost the county approximately \$1,000, although outside of the attorneys' fees, the trial cost the litigants only \$88.

ESTATE TAXED \$67

The inheritance tax adjudged by the court on the estate of James Colvin Fulghum, who died March 16, 1916, was paid to the county treasurer this morning. It amounts to \$67.76. The estate was valued by the court at \$16,361.54. A daughter, Florence Woote, and two sons, Emmet and George Fulghum, are the only beneficiaries.

RECEIVES PENSION OF \$12.

CUT THIS OUT

Old English Recipe for Catarrhal Deafness and Head Noises.

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you will have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires a constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease is driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the army and English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Parmitin (Double strength). Take this home and add to it 1/4 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmitin is used in this way as it acts directly upon the blood and mucous surfaces of the system and has a slight tonic action that facilitates the recovery of the patient. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh should give this treatment a trial.—Adv.

FRANK TAUBE SUED BY WAGON DRIVER

Because an automobile driven by Frank Taube, collided with a log wagon with such violence that Virgil Ringby, the driver was hurled to the ground Ringby is asking \$500 damages. The complaint was filed in circuit court this morning.

It is alleged that while Ringby was driving his log wagon west on the National road between Richmond and Centerville, Taube, in an automobile, came up from the rear and without warning turned his car against the rear wheel of the wagon, tearing the wheel off and damaging the wagon.

Ringby's injuries consisted of a sprained back.

WHAT DYSPEPTICS SHOULD EAT

A Physician's Advice.

"Indigestion and practically all forms of stomach trouble, about nine times out of ten, are due to hyperacidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well-fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you try a meal of any food or foods which you like, in moderate amount, taking immediately afterwards a teaspoonful of bisurated magnesia in a little hot or cold water. This will neutralize any excess acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. I know of nothing better than plain bisurated magnesia as a food corrective and antacid. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine that acts upon the stomach lining rather than the stomach contents. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I can not see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of the trouble. Get a little bisurated magnesia from your druggist, eat what you want at your next meal, take some of the bisurated magnesia, as directed above, and see if I'm not right."—Adv.

FRIENDS TO INCLUDE GYMNASIUM IN PLAN FOR NEW INSTITUTE

Plans to construct the Sunday school room as an adjoining wing on the south side of the proposed, new West Richmond Friends' church, were approved last night at a congregational meeting over which A. L. Jenkins presided.

It was originally planned to use either the dwelling which is temporarily the place of worship, as the Sunday school room or make an addition to the new building with an entrance on Main street.

The entrance to the Sunday school will be on Seventh street and the room will accommodate about 155 persons. The whole building will be 94 by 61 feet and the Sunday school room, 33 by 61 feet. The pulpit will be placed in the corner of the main auditorium. Between the Sunday school room and the auditorium will be a holding partition.

The new church will cost nearly
