STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. For energy, freedom from indigestion, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach trouble.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition, or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

Indiana Girl Held on Larceny Charge

Photo by INTERNATIONAL FILM SERVICE, INC.

Because she owed \$2.75, the balance on a dress she bought in Terre Haute, Ind., which she says she had already sent by mail, Mrs. Margaret Jewell, twenty-one years old, has been locked up in a cell at the South Clark street Police Station in Chicago.

Mrs. Jewell told reporters that she bought the dress of the A. and D. Clothing Company for \$17, but was unable to pay the balance, \$2.75, when she left Terre Haute, but that after obtaining work in Chicago, sent the money in cash by mail.

"The next thing I knew I was dragged out of my room and thrown into this horrid cell," she said. She was arrested on Monday night on a warrant sworn out by the A. and D. Clothing Company, Terre Haute, Ind., charging her with larceny.

AX GASHES FOOT OF WOOD CHOPPER

CHESTER, Ind., Jan. 31.—Malon Dalzell met with a very painful accident Wednesday morning when he and Mr. Duke were chopping wood. In some way the ax glanced off and cut his foot, just back of the toes. Mr. Temple, who happened to be passing along the road, helped Mr. Duke to get him to the house. A doctor was summoned immediately. Mrs. Beasley and Mrs. Hensley of Eaton, O., visited their sister, Mrs. Frank Huffman, last week. Walace Kendall and Frank Williams attended the Scanland sale near Williamsburg Thursday. The Ladies Aid society met Wednesday afternoon in the hall. The time was spent with needlework. There were ten members present. The society will meet again in two weeks. Mrs. S.

Hazel Martin is on the sick list. Mr. Moore of this place was bitten by the same dog that bit the College Hill children last week. It is thought the dog was mad. Mr. Moore went to Indianapolis for treatment this week.

OLD FOLKS' SERVICES HELD IN AFTERNOON

NEW PARIS, O., Jan. 31.—For the benefit of the elderly people and many others who are interested, afternoon meetings will be held at 3 o'clock during the union services which commenced Sunday evening at the Methodist church and continue for one week, then on February 6 will commence a week's services there. The afternoon meetings will be held in the church in which the night meeting is to be held. Users were chosen from the young men of both churches.

The examination of fairly accurate records has convinced scientists that there has been no appreciable change in the climate of northern Europe in 1,800 years.

PERSONAL

Effective March 1, the price of the Chalmers Six-40 will be \$1,450 f. o. b. Detroit. This is an increase of \$100 over the present price. It is made necessary by the sharp rise in cost of raw materials.

Aluminum which sold for 19 cents a pound only a few months ago now brings 53 cents.

Copper has risen from 14 cents to 24 cents.

Vanadium Steel a year ago brought \$1.85 a pound. Now it sells for \$8.50.

High-Speed Steel formerly at \$1.05 a pound now is worth \$3.35.

Leather formerly 20 cents a foot now brings 33 cents. And so on.

All told, it costs \$118.22 more in raw material to build the Six-40 than it did some months ago. As this amount is considerably in excess of our net profit per car, only two courses were open to us.

One was to raise the price.

The other was to lower the quality.

To follow the latter course meant a "one-year" car. This kind of an automobile Chalmers has never built and never will build.

Therefore, a rise in price was the only procedure possible.

We regret that an increase in price is necessary, but we feel that other manufacturers of automobiles will be forced either to increase the price or use a lower grade of materials.

For it is not possible to buy superior products in the open market at any less price than Chalmers pays.

We think it only fair to those who have planned to purchase the Six-40, and have been quoted the \$1,350 price, to take this opportunity of saying that we will accept orders at that price up to midnight February 29. Thereafter the price of \$1,450 f. o. b. Detroit will prevail.

Don't Be Bilious, Headachy, Sick Or Constipated

Enjoy life! Live your liver and bowels to-night and feel great.

Wake up with head clear, stomach sweet, breath right, cold gone.

Take one or two Cascarets tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand, your head will be clear, your tongue clean, breath sweet, stomach regulated and your liver and thirty feet of bowels active. Get a box at any drug store now and get straightened up by morning. Stop the headache, biliousness, bad colds and bad days. Feel fit and ready for work or play. Cascarets do not gripe, sicken or inconvenience you the next day like salts, pills or calomel. They're fine!

Mothers should give a whole Cascarets anytime to cross, sick, bilious or feverish children because it will act thoroughly and can not injure—adv.

Men may differ about preparedness for war, but all of us believe in preparedness for most things.

It is preparedness that sends the runner over the tape ahead of his rivals. It is preparedness that enables the advocate to sway judge and jury with his logic. It is preparedness that enables the manufacturer to out-distance his competitors. It is preparedness that has made the General Roofing Manufacturing Company

The Big Gun of the Roofing Business

The General's preparedness consists of the three largest and best equipped roofing and building paper mills in the world.

Each is a complete producing unit, manufacturing the full line of the General's products. Each is advantageously located in the territory it serves, has cheap fuel and favorable transportation facilities.

The General buys raw materials in enormous quantities and far ahead. This means favorable buying and the pick of the market.

With manufacturing so perfected and cheapened, the highest quality is produced at the lowest cost.

This preparedness enables the General to make one-third of all the rolls of roofing used. All over the civilized world you will find

Certain-teed Roofing

The quality of roofing cannot be determined by looking at it, nor by twisting or tearing. Its durability can not be tested except in actual use over a period of years.

Contrary to popular belief, roofing does not wear out—it dries out. CERTAIN-TEED Roofing is especially made to defeat this process of drying out; as it is thoroughly saturated with our properly blended soft asphalt and coated with a blend of harder asphalt, which keeps the soft saturation—the life of the roofing—from drying out. This produces a roofing pliable, yet durable, and impervious to the elements.

CERTAIN-TEED products are made under the supervision of our board of graduate chemists, and are the result of long experience in mining, refining, and blending of these materials.

CERTAIN-TEED Roofing is guaranteed to hold "its place in the sun" for 5, 10, or 15 years according to whether it is 1, 2, or 3 ply, respectively. Behind this guarantee stands the responsibility of the world's largest Roofing and Building Paper Mills. Past experience has proved that our guarantee is conservative, and that the roofing will outlast the period of the guarantee.

There is a type of CERTAIN-TEED, and a proper method of laying it, for every kind of building, with flat or pitched roofs, from the largest skyscraper to the smallest structure.

CERTAIN-TEED Roofing is sold by responsible dealers all over the world at reasonable prices.
