## Hitting Hypocrites

Matt. 7:21. "Not everyone that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father who is in heaven."

**T**HE Sermon On The Mount, from which the above text is taken, is Jesus' own expression of the righteousness of the Kingdom of heaven as it obtains, not in the next world, but right here and now in human relationship. No such kingdom awaits those who are not citizens of that kingdom now; "He that HATH the Son hath life."

Moreover, the text, as does the whole sermon, sweeps forever away all that is nominal, formal, merely credal, in Christianity and brings the matter down (or perhaps up) to a basis of simple, but supremely essential, oneness in spirit and activity with God.

With Jesus, a hollow, sanctimonious, profession, however well learned and recited, was naught and received his severest "Woe unto you, Hypocrites!"

Thinking men today turn in disgust from the meaningless "Lord, Lord" of the sermon, testimony, prayer, religious service, that contents itself with singing Psalms and holding meetings, while humanity perishes for the "good works" of "The Will of the Father" that would Christianize society while it saves souls. Let us be "busy about the Father's business," making Christianity vitally practical, sufficient for ALL the needs of human life.

## You'll Feel Like a Boy Again!

If you will only clean up your whole system, relieve it of the stagnation of blood and the consequent toxins that poison its action, and aid your breathing and digestion by gently clearing the way for their perfect working.

Colds, coughs and grip are the symptoms—not the cause—of catarrh, either acute or chronic, local or systemic. Catarrh is inflammation of the mucous membrane, that substance through which you breathe the air and absorb your food. If it is inflamed—filled with stagnant blood—whatever it absorbs must be tainted; and Nature gives warning and then fights to throw off the stagnation.

When this warning is given, by a cold, a cough, indigestion, or fever, it means the catarrhal process is getting the best of the body. Go to the rescue with a good, reliable tonic for the membrane, a helping hand that will aid digestion, restore appetite, overcome stagnation, relieve inflammation and bring back health.
