

# Lincoln Signing Call for Troops

## Scene from "The Birth of a Nation"

Joseph Henabery, the actor who portrays President Lincoln in D. W. Griffith's historical spectacle, "The Birth of a Nation," was selected from twenty players who were coached and prepared for the part before the choice was made. Mr. Lincoln's appearance and mannerisms were carefully counterfeited, even to the small, but interesting detail of the president reaching back for his shawl just a few minutes before Wilkes Booth attacked him. It was a spring day in Washington, April 14, 1865, but a late frost had set in that night and it was raw and cold. Mr. Lincoln felt the chill and drew the shawl around him.

The first scene in "The Birth of a Nation" showing the war president, is of Lincoln signing the call for 75,000 volunteers. Around him are his cabinet heads and private secretaries. Lincoln fully realized the momentous character of the act that summoned federal troops to subdue the individual sovereignty of rebellious states. After the deed was done and the signing company departed he slowly buried his head in his hands as if in prayer.

### How a Druggist Cured His Kidney Trouble

For the past twenty-four years I have been selling Dr. Kilmer's Swamp-Root with excellent satisfaction to my customers who have used it. They are always pleased with the results obtained and speak very favorably regarding the preparation. It cured me of a bad case of Catarrhal inflammation of the bladder eighteen years ago, after two months' treatment with pharmaceuticals recommended for inflammation of the bladder. It is undoubtedly a remedy of great merit in the diseases for which it is so highly recommended.

Very truly yours,  
J. W. HANAN, Druggist,  
Nev. 3, 1915. East Lynne, Mo.

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information telling all about the kidneys and bladder. When writing, be sure and mention the Richmond Daily Palladium. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.—Adv.

### A Little Blossom To Delight the Home

When it is known that in the near future the home is to be blessed with a new arrival the first thought should be "Mother's Friend." This is an external remedy gently applied over the stomach muscles. It makes them firm and pliant, they expand naturally without undue strain. It removes from the nerves those influences which are responsible for much of the pain incident to the period of expectancy. It is for this reason that much of the distress such as morning sickness is avoided. All prospective fathers should see to it that the expectant mother is provided with a bottle of "Mother's Friend."

The directions are simple. Get it at any drug store. It is applied by the expectant mother herself. It penetrates deeply and affords quick and splendid relief in a most gratifying manner and reflects a physical betterment to the nervous disposition of the baby. Don't fail to get a bottle of "Mother's Friend" today and then write Bradfield Regular Co., 414 Lamar Bldg., Atlanta, Ga. for a pretty little book brimful of information for expectant mothers. It is a delight to read it.

# WILBUR KUTH DESCRIBES CANADA'S WARM WEATHER

Steven Kuth has received an interesting letter from his son Wilbur at Rothenburg, Sask., in which he describes winter conditions there, as follows:

Dear Father:

Yours received and noticed that you are having very mild bunch of weather. Well just the same here. We have had a nice winter as an average, but a little after New Year we had three days that were just a little unpleasant. We had been having about ten to twenty below and all at once it dropped to 57 below and the next day 66 and the next day 47 and since that it has been all the way from 10 to 30 below.

The cold is not bothering much, but the roads as soon as broken are drifted in till the horse when happening to get off the beaten track sinks in up to the belly, and in case there is a load being pulled, it is a case of that being upset but otherwise there is not more than 2 feet of snow in this district and along the Goose Lake line there is not enough for good sleighing and no snow until about January.

There was some scare about fuel shortage in many places and Saskatchewan only had 840 tons on hand and other places the same for about three days run.

Most dealers had orders in for quite a while but the shortage of miners and the heavy snows tying up the engines on the snow plows and necessary extra freights was the cause of the fuel shortage.

There was a passenger train held up in a snow drift about 4 miles above town for over 24 hours and it took two extra engines to get it out after plowing from town up to it two or three times to clear the track.

The famous Segar Wieler took the

world first and sweep stake prizes again last year and has also developed another variety of wheat which yielded 80 bushels per acre under field conditions.

Last year was a little slow in general lines of business and there was quite a few failures but every one expects next to be the best we have had for three or four years.

Labor is going to be high for a while as there were so many taken to the front that the unemployed problem is a thing of the past.

Some time ago I started to write a long letter to the Palladium but did not get finished and we are getting too busy to enjoy fighting a type-machine very long.

WILBUR KUTH.

Shades of Anthony Comstock! that dear departed mentor of art and drama, who took it upon himself to see that poor blushing, bashful "September Morn," at the Lyric tonight, the maiden caught unawares at her morning bath, should put on a few more clothes. Just as if anybody could take a bath with their clothes on and still have it a regular bath.

### PALACE.

Clara Kimball Young, whose reputation in "Tribby" placed her ahead of all other motion picture actresses, is going one better in the forthcoming

World Film production "Camille" at the Palace Wednesday and Thursday. This, of course, is based upon Alexandre Dumas' great French play "The Lady with the Camellias." This play has given the greatest actresses of two generations the opportunity of appearing in a spectacular role, bringing out all of the varied emotions which can be shown on the stage.

## Agony of Leg Sore Stopped by D.D.D.

### Woman Tells Pitiful Story

"I am the mother of 12 children. I took a varicose ulcer on my leg at the birth of last child five years ago. I used every ointment that is made. I was laid up for nearly five weeks with a doctor attending me who did nothing but treat those kind of things.

Doctors told me to lie in bed, but where there is a big family one cannot do that. Then I heard about D.D.D. and as I used to tear my leg at night until it was a bleeding mass, I determined to try a bottle. I can't tell you the ease it gave me. I never used to sleep for the pain. Many a time I nearly fell with the dizziness in my head from want of sleep.

Now my leg is healed up, thanks to the blessed D.D.D. I never expected it to cure. I only got it to take away the terrible itch. By degrees I saw the big sore getting smaller.

### Has Used Chamberlain's Cough Remedy for 20 Years.

"Chamberlain's Cough Remedy has been used in my household for the past twenty years. I began giving it to my children when they were small. As a quick relief for croup, whooping cough, and ordinary colds, it has no equal. Being free from opium and other harmful drugs, I never felt afraid to give it to the children. I have recommended it to a large number of friends and neighbors, who have used it and speak highly of it," writes Mrs. Mary Minke, Shortsville, N. Y. Obtainable everywhere.—Adv.
