Will Wilson Pick One of These?

Who will be the next Secretary of War, is the all-important question in official circles at the present time. Many conjectures are being made as to the man whom the President will select to fill the vacancy caused by the resignation of Lindley M. Garrison. Among those mentioned for the place are Secretary of the Interior, Franklin K. Lane; Col. E. M. House, often called the "President's private diplomat," and Franklin D. Roosevelt, Assistant Secretary of the Navy. Another rumor shifts Secretary of State Lansing to the War portfolio and puts Col. House in as Secretary of State.

WOMAN, AGE 90, ENJOYS DAILY RIDE IN AUTOS

NEW PARIS, O., March 1.—Mrs. Esther Sipe Reid, last of twelve children of Francis and Margaret Sipe, was born in Clarke county, Ohio, March 9, 1825, and will therefore reach her ninetieth birthday next week. She is the oldest person in Jefferson township, and makes her home with her daughter, Mrs. C. A. Hawley. She is progressive, takes an automobile ride every day in the summer, yet says she enjoys better the quiet easy ride behind a steady steed. She keeps up with current events, and is keenly alive to all questions of the day. Her health, considering her age, is very good, her deafness being a little inconvenient to her. Tales of frontier life, replete with hardships, that would make a book in themselves, are related by her.

IMPLEMENT CONCERN PLANS FOR OPENING

NEW YORK, O., March 1.—J. W. Reinheimer & Son, will hold an opening of their implement room on March 2 and 3, in the Corb barn, which is historic because as far back as "the oldest inhabitant" can remember, a livery barn has been located there. The present building has been built and occupied as a livery barn for over fifty years, the old barn having been destroyed by fire. Demonstrations of various lines of farm machinery will be here Thursday and Friday and the firm of Reinheimer and Son will give away souvenirs.

WHY "ANURIC" IS AN INSURANCE AGAINST SUDDEN DEATH!

Sufferers from Backache, Rheumatism and Kidney Trouble

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10c for large trial package of his new discovery—"Anuric." Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "Anuric" is the most powerful agent indissolving uric acid, as hot water melts sugar, besides being absolutely harmless and is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, it clears the heart valves of any sandy substances which may clog them and checks the degeneration of the blood vessels, as well as regulating blood pressure. "Anuric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime salts in their joints. Ask the druggist for "Anuric" put up by Dr. Pierce, in 50-cent packages. Dr. Pierce's Pleasant Pellets for the liver and bowels have been favorably known for nearly 50 years.—Adv.

THE SANDMAN STORY FOR TO-NIGHT

Copyright, 1916, by the McClure Newspaper Syndicate, New York.

When Ann returned she was dressed in a white dress, the skirt of which stood out around her like a hoop. She removed her shoes and stood on a box the boys had placed beside old Dobbin. After several attempts Ann reached his back and grabbed his mane with both hands. "Stand up," commanded Frank. "Whoever saw a circus lady ride sitting down?"

"I did," said Ann. "Once I saw a lady ride on the side of a horse like this." Dobbin all this time had stood perfectly still, but just as Ann moved he decided to change his position, and lowered the side where Ann was sitting and off she went on to the floor. "You have got to stand up and ride or you can't play," said Frank, as he helped her up again. "Don't you make him go fast, will you?" said Ann, grasping Dobbin's mane again and trying to get on to her feet.

But Dobbin's back was not made for

bareback riding, and one of Ann's feet slipped and off she went, Frank and Johnnie catching her before she struck the floor.

She was frightened this time, and when Frank said, "You can't play circus any more; you don't know how to stand up," Ann put on her shoes and went into the house.

"Now we can play circus," said Johnnie. "Girls never can play anything that is fun."

"I wish we had a pistol," said Frank. "All Wild West shows have pistols that shoot. We can get grandfather's old gun; it is in the kitchen back of the door."

Johnnie ran into the house. "It isn't there," he said, coming back with a clothesline in his hand. "We can use this to lasso the cows with. Come along, or grandfather will come back and stop us."

Johnnie got on Dobbin's back and
