DRIBBLE LOSES FOR BROOKVILLE AT STATE MEET

BLOOMINGTON, Ind., March 18.—Brookville high school basketball team—winner of the Sixth district meet—was dropped by the wayside yesterday afternoon when the speedy Vincennes crew by a last minute rally managed to stave off defeat and send B. H. S. on its homeward path defeated by a 18 to 16 count.

A field basket tossed by Captain Van Tress, of the Vincennes five, a few seconds before the final shot, broke up the game.

Brookville high lost because it failed to attempt team work and resorted to the dribble game. In winning the district champ battle with Richmond Brookville got by with Referee Jones none the wiser. Bert Westover, however called their game and B. H. S. was the loser.

Whitney Will Attempt to Defy Turf Tradition

HARRY PAYNE WHITNEY.

Never in the history of the Kentucky Derby, which is the great classic of the annual race meet at Churchill Downs, Louisville, has a single stable annexed the race two seasons in succession. Harry Payne Whitney, who won the Derby last year with his filly Regret, will attempt this year to upset this forty-year-old tradition. He has named seven eligibles for the Derby. Last year he broke one record for the race, as Regret was the first filly to win it.

DORT
Remember These Five Facts About the Dort.
SIMPLICITY: Simplicity has been the keynote of Dort design. Not production; not added unnecessary part to be paid for, carried and not used.
ACCESSIBILITY: The dimensions and sizes of each part were studied with great care, the main purpose being to get just enough weight to give strength, with ample provision for a reasonable margin of safety. Each working part of this remarkable car is available for easy adjustment if necessary.
DURABILITY: Every owner of a Dort realizes to the last cent on his investment in motor car service—paying only for those dollars of value that will work for him. Thus he is insured of lasting satisfaction and of permanent return day by day on his investment.
ROADABILITY: The weight is so distributed that the Dort "holds the road" at all speeds. Something that you seldom find in a car of the so-called light class. Ask for demonstration.
DELIVERIES: On account of a factory increase in production immediate deliveries can be made. See the Dort before you buy a car.
