

As He is--As He Would Like to be

The picture on the left is a snapshot, showing the brutal, sensual mouth and jaw, the small, cruel eyes and the general bestial appearance of the real Villa. On the right is a studio picture of Villa in his uniform as a Constitutional officer, which he gave to an International News Service Correspondent some time ago. Below Villa is seen in the midst of some of his horsemen at a wayside camp.

BRIDGE APPOINTED ON NEW COMMITTEE AT M. E. MEETING

FORT WAYNE, March 31.—An address by Charles Warren Fairbanks featured yesterday's session here of the North M. E. conference. He was given a great ovation when introduced to the ministers as "our candidate for the presidency."

Rev. U. S. A. Bridge, pastor of the Grace M. E. church at Richmond was appointed a member of a new committee to formulate a schedule of salaries for retired ministers.

The annual report of the Woman's Missionary society which held a meeting yesterday afternoon showing that the Richmond district contributed \$2,479.69 to the amount of \$16,153.44 secured in the entire conference. In addition to the former amount Richmond district contributed a fund of \$50 bequeathed by Susan P. Smith to the Grace M. E. church.

Huntington is seeking next year's convention. Warsaw is its only competitor. Huntington delegates say they will be successful because they have been contending for the conference in the last two meetings.

AIR CRAFT IN RAID.

ROME, March 31.—Twenty-nine Austrian aeroplanes took part in the great raid over Venice, Verona, Pordenone and other cities in northern Italy. It was announced today by the day of the fleet. The air craft were divided into four squadrons, two of those contained six ships, another contained twelve, and a fourth contained five.

EXPECT BATTLE TO BE FOUGHT

SAN ANTONIO, March 31.—An engagement, the first in which United States troops have been engaged in Mexico has been fought by Americans and Mexicans south of the border, according to reliable information which reached Major General Fred Funston today.

General Funston himself believes that General Pershing's forces have been in contact with the followers of Villa, but has received no word as to the outcome of the battle nor its extent.

In a statement given out today General Funston warns the public not to get excited should news of a Mexican victory emanate from sources friendly to Villa, but to wait calmly until the United States military authorities issue a report upon the fight—if a fight has taken place.

TRAINS EXCEEDED THEIR SCHEDULE

CLEVELAND, March 31.—At the joint federal-state probe into the cause of Wednesday's New York Central wreck at Amherst, which started here today and was presided over by Chief H. W. Belknap, of the interstate commerce commission, division of safety, testimony of witnesses brought to the fact that both sections of train No. 88 east bound, were exceeding their regular running time although fog conditions made this proceeding hazardous.

VALIDITY OF ACTION BY DOMESTIC CLUB DOUBTED BY WOMEN

Mrs. A. W. Roach, president of the Domestic Science association, said today that the statements made by members of the association regarding the action taken at the meeting Wednesday afternoon in withdrawing from the social service bureau was a surprise to her. She said that although no more than ten or twelve members voted for the resolution, it was a majority and that she believed the action regular in every respect.

Several members of the association said today that they believed the action of the president in taking a second vote on the question after action had been taken at the previous meeting, is not according to the rules of the association. Mrs. Roach, however, today explained that the resolution that was presented at the former meeting was ruled out by her and consequently this would allow the question to be brought up at a subsequent meeting. Several members, however, said today that the fact Mrs. Roach appointed Mrs. H. H. Huntington as the association's representative on the bureau, indicates that the action in refusing to withdraw at the former meeting was taken at that time as final by the president.

"I will take this question up at the next meeting," said Mrs. Roach this afternoon. "I have already appointed the committee chairman but will not announce them until the next meeting of the board."
