Jones Calls Worker to State Sessions

Urging Wayne county Sunday school workers to attend the convention of the State Sunday School association at Muncie on June 20, 21 and 22, E. P. Jones, county president, has issued the following call:

Who must be there for our Sunday schools to grow and be more effective? Every county officer, every county department superintendent, every township officer, every township department superintendent, every Sunday school superintendent, every Sunday school department superintendent, class officers, class organizers, specialty workers. Anybody left out? If so, you take their place. I want to see every county, township and Sunday school worker at this convention. Why? Because Wayne county is going to bring home that trophy. Why not? We're a top notcher. Close to home, and say—don't you think we ought to follow our state president? Won't that be a fine thing for Wayne county? The state president and the trophy. Now every officer push, boom and boost!

Special to township presidents: Call your officers and Sunday school superintendents together and arrange for them to go. You will never get them away from home to a state convention any cheaper, and they ought to go away from home to get new ideas. The growing township and schools are the ones that have the most people attend state conventions. Everybody holding a county or township office will put on their register card the number of miles traveled in coming to Muncie. The county having the greatest mileage gets the trophy. Now then, everybody, Let's Go!

Fraternally yours,

E. P. JONES, County President.

GAS OF MOTOR ROW

MOTOR CARS ROB LINKS OF WOMEN

"After all the motor car is not doing golf the good that was formerly expected," was the frank comment of Earl O. Spangler, of the Spangler and Jones auto agency today.

The distributor of cars which are being constructed especially to suit the woman driver as well as the men said that scarcely a week passes that his agency does not rob the golf links of some ardent follower of the "hit and follow" game.

The following women are driving cars which were sold by the Central Auto agency this year:

Mrs. Bess Keates, Haynes; Mrs. O. G. and Miss Maxine Murray, Haynes; Miss Alta Stevenson, Chevrolet; Mrs. Edward Muey, Haynes; Mrs. Lewis Huff, Chevrolet; Mrs. Lulu Hatfield, Greenfork, Chevrolet; Miss Thelma Zuttermeister, Chevrolet; Miss H. Cook, Cambridge City, Haynes; Mrs. Alpheus Martindale, Monroe; Mrs. Fred Gennett, Haynes; Miss Agnes Osborn, Chevrolet; Mrs. T. B. Gunkle, Greenfork, Chevrolet; Mrs. Earl Reagan, Chevrolet roadster; Mrs. Ione Stigleman, Chevrolet.

MAXWELL INVITES WOMEN'S INSPECTION

A car load of Maxwells was received by the McConaha automobile agency this week.

The control of the Maxwell is so simple that it appeals especially to women drivers. The machines are small and easily handled.

All switches are set at the base of the wind shield and just in front of the steering gear so that they may be reached with perfect ease.

DODGE BROTHERS RUN SAME MODEL

"Second hand Dodge cars sell for the highest prices of any automobile that is being made," said Sherman Brown today.

"The reason for this is because the Dodge Brothers company never changes its model. Of course, minor improvements have been added at various times, but since the first car was put out, it has rarely been necessary to make changes.

"In this way, the owners of the cars never feel out of date, and in case some parts wear out, it can be replaced at almost any town, no matter what year the car was purchased in."

NEW STEERING GEAR USED ON OAKLAND

"The main feature which makes the Oakland car attractive to women drivers is the steering mechanism." This was a statement of John S. Brown, local agent for the Oakland car.

"By a specially patented gear, an Oakland car will steer itself for a long distance. When the steering gear sets the front wheels in a certain direction, they go that way until the steering is moved. The rocks and ruts do not deflect the course.

"This arrangement does away with much of the nervous strain, which is about the only objection to driving offered by women."

To the Public.

"I have been using Chamberlain's Tablets for indigestion for the past six months, and it affords me pleasure to say I have never used a remedy that did me so much good."—Mrs. C. E. Riley, Illion, N. Y. Chamberlain's Tablets are obtainable everywhere.—adv.

READY TO DELIVER DODGE MACHINES

Sherman Brown announced this morning that the Auto Sales Agency is now able to make immediate deliveries of both roadster and touring Dodge automobiles.

Dodge Brothers have notified the local agents that they will be ready to place a specially designed winter car on the market, July 15.

NEED MORE AUTOS TO SUPPLY DEMAND

The Central Auto Agency is having much trouble in getting cars. The factories can not supply the demand. It has several Chevrolet cars spoken for but will be unable to get any cars for two or three weeks. The managers hope to get an Interstate, which they have sold, some time during the next week.

FEATURES APPEAL TO WOMEN DRIVERS

A new feature has come out in the Chevrolet and Monroe automobiles, sold by Spangler and Jones, which make them especially attractive to women. The clutch and foot brake are controlled by one pedal. One push of the foot stops the car. This avoids much confusion, said Mr. Spangler today.

WOMEN OF RICHMOND DRIVING DODGES

"Several features of the Dodge car makes it especially attractive to women drivers," according to Sherman Brown of the Auto Sales Agency.

"The starting system is absolutely reliable, and there is never danger of a woman having to crank in order to start the engine. The gear shift is simple and easily operated, but the greatest feature which attracts women is the ease with which the Dodge can be guided."

Among women who are driving Dodge cars, which were put out this year by the local agency, are: Miss Elsie Marshall, Mrs. James Townsend and Mrs. A. M. Starr.

SELL TOURING AUTO

A seven-passenger, six cylinder Overland touring car was sold this week to Mrs. Jennie Falk by the Talcott-Overland sales company.

Fred Tice, living south of Center-view, purchased a Willys-Knight touring car.

BUY STUDEBAKERS.

George Schwegman, Richmond, and Webster Russell, Cambridge City, purchased seven passenger Studebakers from the McConaha auto agency this week.

BUYS DODGE MACHINE

Harry Garrett is the owner of a new Dodge touring car.

CLOSES ON WEDNESDAY

KOKOMO, Ind., June 17.—Eighty-five grocers and meat dealers of this city have agreed to close their stores every Wednesday afternoon during the summer.

Two Canadian scientists have found cobalt superior to nickel for plating other metals, being more durable, requiring less time to apply and providing equal protection with a thinner deposit.

"Y" IS SERVANT OF LOCAL CHURCHES

"Boys' Bible classes of the Richmond Y. M. C. A. rank among the highest in the country," said A. W. Hanson, assistant state secretary of the Y. M. C. A., at the religious work conference held last night.

"The problem confronting your 'Y' is not to enlarge the number of boys taking the Bible work, but to interest the older boys of the city in the work."

Mr. Hanson dwelt especially upon the statement that the central objective of the Y. M. C. A. is Christian work, and that the social, educational and physical work of the institution should in no way interfere with the spiritual work.

"The association is a servant of the church."

15,000 CHICKENS SOLD BY PORTERFIELD

F. W. Porterfield said today that he had sold about 15,000 day old chickens, which he hatched in his large incubator this season.

Besides these, he is keeping about 1,200 for his laying hens next season. The incubator has been closed down until August, when fall chickens will be hatched.

THIEVES LEAVE ROOSTER

INDIANAPOLIS, June 17.—A thief who entered the chicken house of M. M. Poole and stole twelve chickens, left one lonely rooster.

"Y" SHOP WORSHIP LEADS TO CHURCHES

Speakers brought out theories that a more extensive work in the foreign field would help the home work and make the men broader and more unselfish.

Under the general head of personal evangelism, it was urged that a plan be inaugurated by which the individual needs of all men might be found.

"This could best be accomplished by having personally selected men make unhurried, interesting interviews with young men concerning life problems. An army of business and professional men, to meet these needs is the most helpful thing in Y. M. C. A. work," said Mr. Hanson, assistant state secretary.

The religious work committee was given power to select a body of men of all kinds of practical life to carry on the personal evangelism work.

Dr. A. L. Bramkamp presided and the discussion was carried on by the men present.

Before the meeting opened, supper was served.

ADVENTISTS ANNOUNCE PROGRAM OF WORSHIP

Announcement of services by the Seven Day Adventists was made today. Worship and Bible study will be held at 153 Richmond avenue at 7:30 o'clock Sunday evening. The subject will be "The Word of God."

The report of the first census is contained in an octavo volume of fifty-six pages. Nowadays in a decade the census bureau issues 100 or more quarto volumes with more than 400,000 pages.

The "Gold-Standard" in Tires

GOODRICH Tire Values are not at all "Accidental." They spring from Conditions which are logical as the Laws of the Universe.

The best-intentioned Tire Manufacturer cannot AVOID being heavily handicapped when competing against them.

Because—Goodrich "Conditions" summarize into this:—

- 1st—The longest Experience in Mfg. the Product.
- 2nd—The greatest Leverage on purchasing of Raw Materials at lowest prices, through ability to take largest quantities.
- 3rd—The lowest Cost of Manufacturing, through largest VOLUME of Output.
- 4th—The clearly-demonstrated INTENTION to give Consumers and Dealers the full benefit of the large ECONOMIES resulting from possession of the three Cardinal Advantages above defined.

THE Product of such a Rubber-Concern,—when marketed under such conditions,—giving the benefit of such huge Economies to Consumers may well, and logically, be considered—the "GOLD-STANDARD" in Tire Values.

Therefore:—

—When you pay MORE than the Goodrich Fair-List prices, here printed, for ANY Fabric Tire, you are merely "contributing" the difference.

Because,—You CANNOT get "better" Fabric Tires,—at ANY price!

Test them thoroughly,—and see!
