COUNTY UNITES IN OBSERVANCE OF JULY FOURTH

In order that all Wayne county may assist in the celebration at Dublin on next Tuesday, no Fourth of July programs or observances are being planned in Richmond and surrounding towns. Eaton, O., is expecting a very quiet Fourth, since no towns or organizations within Preble county have arranged celebrations.

Rubber flowers have been invented to be worn on women's bathing suits.

CHILD'S FOREHEAD ROUGH AND SCALY

Kept Spreading Into Hair. Itched a Great Deal. Hair Fell Out and Head Looked Badly.

HEALED BY CUTICURA SOAP AND OINTMENT

"When my little brother's trouble began he looked rough and scaly and we thought that he was breaking out with the heat. At first it was just across his forehead, but it kept spreading into his hair and was very red. It itched a great deal which caused him to scratch and he was very cross and would often lie awake nights. His hair fell out and made his head look very badly. "We had him treated but it seemed to make him worse. He had the trouble about four months when I sent for a free sample of Cuticura Soap and Ointment, and afterwards bought more. We used the Cuticura Soap and Ointment according to directions and in about two weeks he was completely healed." (Signed) Miss Susie Van Doren, R. F. D. 1, Camanche, Iowa, July 22, 1915.

Sample Book Free by Mail With 32-p. Skin Book on the treatment of the skin and scalp. Address post-card "Cuticura, Dept. T, Boston." Sold by druggists and dealers throughout the world.

RICHMOND POPULAR WITH AUTO PARTIES

Richmond popularity as a stopping place for automobile touring parties is becoming more and more evident every day, hotel managers say.

As one of the principal cities between Cincinnati and Chicago, connecting the south and the north and between the east and the west as a station on the National road, Richmond is known to almost every tourist in the country.

"From twenty-five to fifty tourist parties stop in Richmond every day," said one hotel manager. "Estimating \$10 per party, which is not an exaggerated estimate, it is safe to say that at least \$250 is deposited in Richmond daily through good roads and hospitality."

DODGE CAR AVERAGES 21 MILES PER GALLON

Herman Pardeck drove the first one thousand miles with his new Dodge car on forty-six gallons of gasoline. This makes an average of a little over 21.7 miles to the gallon.

Sherman Brown, local agent said today that this was a remarkable average considering that it was made on all kinds of runs and where there was a lot of starting and stopping. "It is literally true that gasoline, oil and tires is the only expense with Dodge cars," said Mr. Brown.

MACHINES INCREASE INSURANCE BUSINESS

"With increased popularity of the automobile accidents have become more numerous," said E. B. Knollenberg, insurance agent, today. "More importance is being attached to lia-

bility insurance for there is not a day passes but that some accident is reported."

Mr. Knollenberg said that business men have found that accident liability insurance for automobile deliveries has proven the best investment that can be made.

SEVEN AUTOS SOLD BY M'CONAHA FIRM

McConaha automobile agency broke all previous records this week when it sold seven automobiles. The nearest rival to this mark was set last fall when six machines were disposed of in one week.

The following were the purchasers: Clarence Boren, Maxwell touring car; George Patti, Maxwell touring car; C. R. Teaford, Studebaker Six; John D. Daugherty, used car; O. E. Wehr, used car; Howard Thompson, used car; Fremont Bennett, Maxwell touring car.

DUBLIN BOOSTS FOURTH EVENTS

Nine automobile loads of Dublin people passed through Richmond yesterday while making a tour of all the surrounding country advertising the Fourth of July celebration. "This is going to be one of the biggest times that Wayne county has ever witnessed on the Fourth," the boosters said.

The automobile parade which leaves Richmond at 9:30 o'clock will arrive in plenty of time to join in the grand parade at 11 o'clock.

RECEIVES THREE CARS

The local Dodge agency got in three touring cars last night. It will be possible to give immediate deliveries for a short time, Sherman Brown said today.

"MEN OF PEP"

Colonel Roosevelt and Billy Sunday, the Living Life Savers.

The enthronement of peppermint in the kingdom of sweets is pointed out by the candy manufacturers as proof positive that men of "pep" find peppermint beneficial to the human system.

Peppermint has become a real commodity. It has even been asserted in its interests that it ought to be in a tariff schedule or have other respectful recognition by Uncle Sam. Peppermint is no longer a weed in the back yard—indeed, if you please, it has become a great crop. Peppermint candy as put up in sanitary individual packages, is quite unlike the bulky drops that were found in the show cases when men of a generation ago kept the grocery, or safeguarded the fortunes of the store on the corner.

It remained for a couple of young college men, who had very little capital, but lots of ambition, to successfully market peppermint candy. Their activities were based on the theory that peppermint aids digestion, is nourishing and healthful. They also claimed that it is a real life-saver, but this was no doubt based somewhat upon their own needs.

In any event these two young men

proceeded to produce proof that men of "pep" require and yearn for peppermint. Colonel Roosevelt, and "Billy" Sunday, were found to be frequent nibblers of the dainty morsel. These men met at Kansas City recently, and their joint admirers declared that they represented more of the virile spirit of Americanism than any two men in the country, for millions regard the former President and the world's greatest evangelist as the greatest living life-savers, in their respective specialties of patriotism and salvation.

One day a salesman put up his stand at Trenton opposite the tabernacle in which Billy Sunday was holding his meetings. He boldly proclaimed that he, instead of Sunday, was the great and holy dispenser of life savers. The Evangelist came out to see what was going on, and tasted of the mint, and then he became a regular devotee of the sweet. In a few days everyone in Trenton was eating peppermint, and the returns showed that the combination life-savers of Trenton were making an unheard of record, which might have been due to the additional "pep" supplied Billy Sunday by the confection-

SALES OF MACHINES PROVE PROSPERITY

"This is truly a year of prosperity for the motor car business, and I believe that the end of the twelve months will show that there has been more business done than ever before," said Irvin Johnson, local representative for Saxon motor cars, who is located with Irvin Reed & Sons.

"Right here we are doing more business than ever before, and word that comes to me from other dealers whose big trade is in the country shows that a similar condition is to be found in different sections. That, to my mind, is the best way of testing the stability of prosperity."

OLDSMOBILE MAKES FAST LONG JOURNEY

J. F. Hornaday, local agent for the Oldsmobile, has received word of a fast run between Pittsburg and Lansing, Mich. Jimmie Schiller left Pittsburg at 4:30 a. m. in an Oldsmobile Eight, and arrived in Lansing at 6:45 p. m., which, adding an hour for the difference in time between the two cities, gives an elapsed time of 15.25 hours for the distance of 442 miles, including all stops. Schiller's average was slightly under thirty miles an hour.

BOOKLET TO RECORD HISTORY OF BRIDGE

Records dealing with the history of the Main street bridge may be preserved in a pamphlet that will be issued by the Wayne County Old Trails association. Announcement of the plan was made today by Dr. I. S. Harold, president.

The booklet, Dr. Harold said, would contain only historical data. It would contain articles by some of the older citizens telling how the bridge came to be built where it is, how the C. & O. was constructed, the facts concerning the condemnation and the story of the present movement for the construction of a permanent bridge.

The survey would be amplified with names of county and city officials and leaders among citizens. This record, Dr. Harold said, would prove an interesting and valuable document in a few years.

The world's best cork comes from trees in Spain and Portugal that are allowed to become forty years old before the bark is cut, and then it is removed only every other eight or ten years.

There is but One Man In Eastern Indiana Who Knows How to Vulcanize GOODRICH Silvertown Cord TIRES

This man is Mr. John Willet. He has for many years made Vulcanizing his profession, and we are very fortunate in having Mr. Willet in our establishment. For the past few weeks Mr. Willet has been at the Goodrich factory learning how to vulcanize Silvertown Cord Tires.

The Auto owners of this city wanted their Cord Tires properly vulcanized and up to date there was no one who could do this work. We wanted as usual to serve our patrons, so we sent Mr. Willet direct to the factory and now we have this expert right here in charge of our Tire Repair and Vulcanizing department.

When you want the right kind of Vulcanizing, bring your tires here. We guarantee the work to be first class and to give satisfaction. You will take no chances on inferior work if you allow us to do it. You'll find our prices very reasonable.
