Madame Langenhan of New York city gave a silver loving cup to Captain Koenig of the German merchant liner Deutschland, at Baltimore. She credits Captain Koenig with declaring that an American passenger will be carried on the return trip to prevent any possibility of an attack without warning by allied warships now lying in wait off the Virginia capes.

## U. S. RESISTS BOYCOTT LIST OF MERCHANTS

WASHINGTON, July 19.—The United States will not calmly submit to a British boycott and black listing of American merchants. Acting Secretary of State Polk made this emphatically plain today in discussing the new British boycott.

He also explained that while Great Britain already has acted in making public its black list of individuals and firms who are not to be permitted to transact business within British dominion, so far it has failed utterly to take this government into its confidence in announcing the program.

## MAY ARBITRATE RAIL TROUBLES

WASHINGTON, July 19.—That the country-wide railroad strike which is threatening to tie up the business of the United States may be referred to the United States board of mediation and conciliation before the railroad men complete their strike vote, was indicated at the offices of the board today.

## WHOLE VILLAGE WASHED AWAY

COLUMBIA, S. C., July 19.—Sensational reports have been received here of the sweeping away of the town of Chimney Rock, N. C., by the recent flood, stating that the 150 inhabitants have not yet been located. Rescue parties who attempted to go to the scene could not get there because of the swift current of broad rivers.

## SENDS OUT LETTERS ABOUT DISPENSARY

Letters have been received by the members of the Anti-Tuberculosis society from John Melpolder, secretary of the Social Service Bureau, explaining the cost of the establishment of a dispensary as proposed by the Anti-Tuberculosis society. The letters also present figures which may be of interest to the members of the society.

The question of the establishment of such a dispensary will come up for consideration at the joint meeting of the Social Service Bureau and the Anti-Tuberculosis society tomorrow night.

It is also thought that the question of the advisability of providing the county visiting nurse with an assistant will be up for consideration. Other questions which have to do with a closer co-operation between the two societies will be discussed.

### KELSEY RESIGNS POST.

Rev. Mead A. Kelsey, 221 College avenue, who for the past year has been engaged as field agent for the National Christian association, has resigned his position with that body. His resignation will take effect September. He will probably return to pastoral work.

### WELCOMES GRANDSON

A. C. Brown, elevator man at the court house, says that he is the happiest man in Richmond. He greets every passenger today with a smile broader than usual, with the news that he is grandfather. The new arrival came last night at the home of the elevator man's son, Silas Brown.

### NO HOSPITAL ASKED.

It is the general opinion of the members of the county council that the county commissioners will not ask for an appropriation for a county tuberculous hospital this year because of the heavy bridge appropriations which will be asked for.

## 10:30 RULE KEEPS GIRLS FROM ENTERING ROOMS

"Matron, may we go out to stroll?" Inquired two pretty workers. But failed to take the hint, when told: "Oh yes, but remember this, my daughters—'This place is closed at half past ten.' We even clamp on the shutters." And so it came to pass that two young women, factory employees, boarding at a North Twelfth street institution, maintained by the Domestic Science association as a day nursery for children and a guest house for working girls, had to spend last night walking the streets. These girls were having such a good

time down that they completely forgot about the 10:30 closing hour at the "guest house," and when they returned they found the doors closed and bolted. Every effort to secure admission to the house failing the girls, according to their statements, made the best of the situation by wandering about town until time to go to work.

One of the Domestic Science association officials said that it was necessary to sternly enforce the night closing rule to impress upon the girls boarding at the home that gadding about the streets all hours of the night was something the management would not tolerate.
