

## COMPANY USES TRACTION ENGINE TO HAUL GRAVEL

ELDORADO, Aug. 1.—Hamilton and Bunger, local contractors, are preparing to begin upon a road improvement near Salem, Ohio, which they recently sub-contracted. The improvement calls for four miles of gravel surface on the Runge road north of Salem, to be completed Nov. 1, 1916.

Their contracts call only for the application of the surfacing, the grading having been done by other contractors. They are planning to move the gravel from both Salem and Union, Ohio, by a traction engine which hauls a train of huge dump cars of four yards capacity each.

## FRESH AIR BABIES THINK TOWN COOL

NEW PARIS, O., Aug. 1.—Most everybody over here "cross th' line," feels the effects of the intense heat, complains audibly, ceaselessly, seeks shade whenever possible, labors intermittently and then under protest—most everybody, but the six "Fresh Air Children" brought here from Cincinnati under auspices of the Wesleyan class of ladies of the Methodist Sabbath school. These little folks say it is cool when Old Sol causes the thermometers to show that New Paris has raging fever at 104 about noon.

They run, sleep, eat good wholesome food, and drink quantities of new milk and cream, too, until in their stay of two weeks in the country they look like different folks. They are distributed as follows: Two at the home of Mr. and Mrs. J. O. McPherson, one each at the homes of Messrs. and Mesdames Will Bohn, H. M. Engle, F. M. Slorp, Ora Meadows. Four of them return to Cincinnati the coming Thursday and others will come for a stay here.

## BROWNSVILLE PLAYS LIBERTY SUNDAY

## COURT HOUSE RECORDS SHOW JULY GAVE OFFICIALS PLENTY OF WORK

Despite the hot weather, business flourished at the court house during July.

During the month twenty-six cases have been filed in the circuit court, eleven of them for divorces, three for the appointment of guardians and the remainder for the foreclosure of mechanics liens, partitions of real estate and so forth.

The sum of \$192 was received for hunters' licenses at the county clerk's office. The main reason for this large number is because many people are going to the lakes on fishing trips and the squirrel season opened July 1. Four junk dealers' licenses were granted. Cupid has also been unusually active for July and has to his credit twenty-four marriage licenses.

A total of 277 papers have been filed at the recorder's office, and fees at

amount to \$223.30 have been collected. In the county treasurer's office two deputies have been at work preparing to collect delinquent taxes. Seven inheritance taxes have been paid.

The county board of reviews finished its work on August 1 and the total assessments in the county were figured up in the county auditor's office as being \$24,298,010, which is a loss of \$188,280 from those of last year.

Two examiners from the state board of accounts have been busy examining the books of the county auditor. The old books are all being rebound with canvas covers and are being torn down and made over again wherever it is found that the wear has made such necessary.

mond league, Mrs. Harry Dalbey, secretary of the local organization, and Miss Esther Griffin White, Sixth district chairman.

Miss White gave a brief resume of the purposes of this campaign, namely, to stir up interest in the suffrage question among the men and women of the state, to place the political phases of suffrage in Indiana before the public and to increase the membership of the Franchise League; stating that the district chairman had general charge of the campaign in all the counties of the district.

It was decided to try to make two or three of the smaller towns each evening and to thoroughly cover the county, going to every community or group of houses.

Mrs. J. P. Hill was made chairman of a committee to decorate the automobiles with suffrage colors and emblems, Miss King to secure the automobiles, and Miss White to look after the speakers.

Suffrage literature will be distributed and copies of "The Little Paper," edited by the district chairman, stating the position of the suffragists of the Sixth District toward the legislators who were for or against suffrage.

Miss White stated that the suffragists all over the district were going to publicly place this position before their audiences and make plain that their opposition to the re-election of Finley Gray was solely because he was against the federal amendment, and not on account of his political party affiliations, his personality, or his record on any other subject.

The campaign will cover the time between August 15 and August 22, and will include a thorough advertising of the suffrage day at Chautauqua on August 24, when Mrs. Mabel Dunlop Curry will make a suffrage address and Dr. Amelia Kellar, president of the state league will be present.

A. L. Silvers, similarly charged, pleaded guilty a few weeks ago and was fined \$100 and costs. When Young was arraigned for a preliminary hearing he pleaded not guilty and asked for a jury trial. Names of the jurors were drawn from the wheel of the common pleas court.

The charge was filed by Deputy Game Warden C. C. Acton, of Cincinnati.

### FOUND NOT GUILTY OF BREAKING LAWS

EATON, O., Aug. 1.—Rube Young, west of Eaton, was found not guilty of violating the fish and game laws when arraigned Monday in the court of Justice E. O. Barnet at Camden. The jury which heard the case was out only a few minutes.

### LANDS OILING CONTRACT.

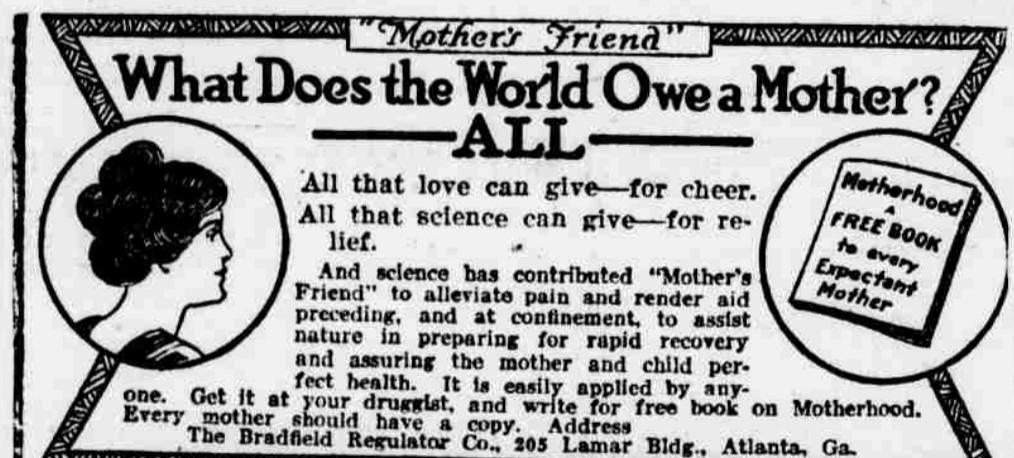

NEW PARIS, O., Aug. 1.—W. E. Jones, local street oiling contractor, was notified Monday that he landed the contract for oiling the streets within the grounds of the National Soldier's Home at Dayton, O., which is a creditable recognition of the merit of Mr. Jones's work. The oiling will likely be done this week.

Johns Hopkins university, Baltimore, has received from Dr. K. Dows, of New York, \$90,000 for tuberculosis research.

"Survival of the Fittest"

A proprietary medicine like everything else that comes before the public has to prove its merit. It has to meet competition. The law of "Survival of the Fittest" applies to this as to other things. The fact that Lydia E. Pinkham's Vegetable Compound after forty years of success is still one of the largest sellers proves that it is a dependable, standard remedy for the ailments of womankind, and one in which they have perfect confidence.—Adv.

**LIVER TROUBLE**  
"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere. —Adv.
