WHY DO YOU LIKE CERTAIN STORES

Can you tell the reason why? Every business house has a paramount reason why it attracts trade. Fourteen of them will have an advertisement in tomorrow's paper, and they will ask you to tell them why they excel and why they draw trade. These merchants announce that they are anxious to learn what their customers think of them, and they are willing to pay for the information. Read the advertisements tomorrow and then send in your replies.

NEW POSITIVE TREATMENT TO REMOVE HAIR OR FUZZ

(Beauty Notes) Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 or 3 minutes it is rubbed off, the skin washed and every bit of hair has disappeared. No failure will result if you are careful to buy genuine delatone. adv.

State of Indiana, County of Wayne, ss. Before the Board of Commissioners of Wayne County in the State of Indiana. Petition by Wm. L. Morrison et al for the improvement of parts of Market, Main and Poplar streets located in and near the unplatted town of Economy, Perry Township, Wayne County, Indiana, under the provisions of "The Three Mile Road Law."

Notice is hereby given that a petition signed by William L. Morrison, and fifty and more freeholders and voters of Perry Township, Wayne County, and State of Indiana, was filed in the office of the Auditor of Wayne County, Indiana, on the 10th day of August, 1916, petitioning for the construction of a cement roadway in Perry Township, Wayne County, Indiana, providing for the construction of highways and the payment thereof by taxation.

That the following is a copy of said petition:

State of Indiana, County of Wayne, ss. Before the Board of Commissioners of Wayne County in the State of Indiana. Petition by Wm. L. Morrison et al for the improvement of parts of Market, Main and Poplar Streets located in and near the unplatted town of Economy, Perry Township, Wayne County, Ind., under the provisions of "The Three Mile Road Law."

TO THE BOARD OF COMMISSIONERS OF WAYNE COUNTY, STATE OF INDIANA: GREETING.

We, the undersigned, being fifty (50) and more freeholders and bona fide voters of Perry Township, in the County of Wayne and State of Indiana hereby and herewith petition your Honorable Body that a certain public highway and highways located in and near the neighborhood commonly known as Economy and within the township of Perry and County of Wayne as aforesaid, and generally known as the part of Market Street south of Main Street as shown by the recorded plat of said town and running south to the section line on the south side of the southwest quarter of section twenty-eight (28) in township eighteen (18) of range thirteen (13) east. Also that part of Main Street from the intersection of said Market Street and Main Street and running thence west to the intersection of Main Street with Poplar Street, all of which is shown by reference to the recorded plat of said town. Also that part of Poplar Street beginning at the intersection of Poplar Street with Main Street as shown by the recorded plat of the said town of Economy and running thence south with said street as extended to the section line at the south side of the south west quarter of section twenty-eight (28) of township eighteen (18) north of range thirteen (13) east, that the part of said highways be improved which is more particularly described as follows, to-wit:

Beginning at a point in the south line of the south west quarter of section twenty-eight (28) in township eighteen (18) north of range thirteen (13) east, where Market Street as platted on said village plat of Economy, extended south intersects said section line, the said point being also the point where the Greensfork pike, which is an improved free gravel turnpike, enters into and joins with the said Market Street extended south as above described, running north to the intersection of Market Street with Main Street as shown by said village plat and at which intersection an improved free gravel road branches and runs east and is known as the Williamsburg and Economy Turnpike; thence running west from said intersection to the intersection of Main Street and Poplar Street as shown by reference to the village plat of said town of Economy, at which intersection a free gravel turnpike road branches off to the north and is known as the Carlos City and Economy Turnpike road; running thence south from said intersection along said Poplar Street and Poplar Street as extended to the south, to the south line of the southwest quarter of section twenty-eight (28) in township eighteen (18) of range thirteen (13) east, where said street as extended runs into and joins with an improved free gravel turnpike road, commonly known as the Hagerstown and Economy Turnpike road.

That said highways as above described connects the Hagerstown and Economy Turnpike, The Carlos City and Economy Turnpike road, The Williamsburg and Economy Turnpike road and the Economy and Greensfork Turnpike road all of which roads are improved free gravel roads, into a continuous system of roadways. That the road as above described and set out is of less than three miles in length, being of the length of approx-

That all culverts shall be of permanent construction of such length as not to diminish or narrow the used surface of said roadway where it passes over any of said culverts. All of said culverts to be in good condition and if necessary to construct new ones.

And the said petitioners hereby recommend that the general character of the improvement to be made, and petitioned for herein be that a proper grade therefor be established in conformity with the grades of other existing highways which connect therewith insofar as the same can be done and the establishment of suitable grades in other parts of said highway which are not affected by highways already established. The roadway shall be graded with gutters at the side of the road so as to furnish a roadway at least 20 feet wide and the surface when finished shall be a uniformly convex surface having in the middle of the roadway a height of at least two inches above the surface at the edge of the highway. That the twenty feet in said center of said roadway after the establishment of the proper grades be improved by fill or excavating of the soil therefrom as may be necessary to a grade that will be a proper base of sufficient depth as to provide a permanent bed and foundation for a concrete roadway and that a concrete roadway be built in accordance with improved methods of concrete roadway construction.

And the said petitioners and each of them as hereinafter subscribed, hereby and herewith petition for the improvement of said highway as hereinbefore petitioned for, described and recommended and hereby request that all proper steps and proceedings be taken on this petition upon its presentation as required by law. Respectfully Petitioned.

That the said petition will on Tuesday the 5th day of September, 1916, at the September Session of the Board of Commissioners of Wayne County, Indiana, be presented to the board of commissioners of Wayne County, Indiana, and if such petition shall be adjudged by the board to be in due form and sufficient, either in the first instance or after amendment, they shall make an order causing such petition to be spread of record and refer the matter therein prayed for to a competent civil engineer to be appointed by such board and two viewers each of whom shall be a responsible freeholder and voter of such county, and not a resident of nor the owner of taxable property in Perry Township of said County and State.

In Witness Whereof I have hereunto set my hand and seal of the said Board of Commissioners of Wayne County, State of Indiana, this 10th day of August, 1916.

Lewis S. Bowman,
Auditor of Wayne County,
State of Indiana
