WHEAT OPENS ABOVE CLOSING

CHICAGO, Aug. 18.—Lower cables had no effect in the grain market today and prices opened $\frac{1}{4}$ to $\frac{1}{8}$ higher than yesterday's close. Corn was up $\frac{1}{4}$ to $\frac{1}{8}$; oats $\frac{1}{4}$ to $\frac{1}{8}$ and provisions were stronger.

More reports of hot weather affected corn, and the market started higher, with prices up $\frac{1}{4}$ to $\frac{1}{8}$.

Oats trading was light, but reports were received indicating crop damage with the result that prices were up $\frac{1}{4}$.

After the start in the wheat pit there was a sharp scarcity of offerings and prices advanced sharply. Wheat was quite irregular and unsettled, with closing prices $\frac{3}{4}$ to $\frac{1}{2}$ above the close of Thursday. The report as sent from Canada by George M. Le Count was the feature as well as the strengthening factor of the day. Corn closed $\frac{1}{4}$ to $\frac{1}{8}$ cents higher and oats were up $\frac{1}{4}$ to $\frac{1}{8}$. Provisions were better all around. Cash sales at Chicago were 20,000 bushels of wheat, 75,000 bushels corn and 85,000 bushels of oats.

Whallon vs. Lottie McCleary Resor for \$60.50 medical fees, the answer denies all charges and says that since at the time the services were rendered, Mrs. Resor was a married woman the charges should not be paid out of her personal estate. Ralph Landwehr the minor heir who was made the defendant in a suit brought for the partition of real estate by Edith Kantner et. al. through his guardian entered the suit as a petitioner.

PUBLISHERS WARNED TO CONSERVE SUPPLY

NEW YORK, Aug. 18.—The board of directors and the paper committee of the American Newspaper Publishers' association met today and took steps designed to bring about a further reduction in the consumption of news print paper. The following telegram was sent to all members:

"Production of news print is at its maximum and there is no surplus stock on hand.

"The demand will soon increase, with no hope in sight of a supply sufficient to meet it. Monopolistic prices now prevail, and it will increase unless the demand is immediately reduced to a point well below production.

"The only way to accomplish this is for you and every publisher to economize drastically by reducing the number of pages printed.

"Reduction to be effective must be made immediately. How much will you reduce consumption?"

Also has increased the price of the Sunday Courier to agents from 2 $\frac{1}{2}$ to 3 cents, and states that this has been done without any appreciable loss.

COUNTY DEMOCRATIC CLUB CALLED TO MEET SEPT. 2

Wayne county democrats have been requested by County Chairman Lewis to meet in the party headquarters, Saturday evening, September 2, to form a permanent Democratic club.

All Democrats in the county who are over eighteen years of age will be eligible to membership. This proposed organization will exist at all times but will be especially active during campaign years.

A suitable constitution is now being drawn up by the county chairman with the assistance of Bowman Elder, president of the Indiana Democratic club, Indianapolis, and will be submitted for ratification at the first meeting. Officers will also be elected.

The purpose of the club will be to further the best interests of the Democratic party in Wayne county. Another important purpose of the club will be to educate the young men of the community in the work which they will soon have to assume. The young men who are under voting age will have as much right to dictate the policies of the club as will the older men.

During the fall campaign, the club will have rooms in the party headquarters and will take an active part in working for the election of the party ticket.

TAKES DOLL WALKING; RIDES IN POLICE CAR

Three-year-old Ilene Holzapfel of Greenville, O., who is visiting at the home of Edward Fitzgibbons, South Seventh and C street, gave her hosts a scare this morning when she disappeared unexpectedly. For an hour a search was conducted all over the neighborhood, but without results. Shortly after the baby's disappearance had been reported to the police George Martin, a groceryman at Sixteenth and Main streets, telephoned to headquarters that he had a lost child. It was Ilene. She had taken her doll out for an airing, she explained while being returned to the Fitzgibbons home in the police automobile.

BREAK IN WHEAT WOULD FOLLOW CALL OF STRIKE

Paralysis of freight service by a nation-wide strike would force down the price of wheat and flour on the local market, a prominent miller said today. Wayne county produces more wheat than it consumes, so a strike would flood the local market.

Even this year, when the county wheat crop is estimated to be only half the normal amount, there is a considerable quantity of grain being shipped to other markets by local millers.

Wheat continued at \$1.35 a bushel today. Flour remained unchanged since the first of the week, at \$3.50 a hundred pounds wholesale.

FOULKE ASKS

has one at Rockville, but the quota of Wayne county is less than three persons, which is utterly inadequate. The state hospital will not receive advanced cases where quarantine is especially necessary, and our citizens afflicted with this disease are generally unwilling to go so far from home where their friends can not see them.

A hospital in Wayne county is an imperative necessity. If the disease is to be controlled, not only for the cure of those afflicted, but to prevent them from giving it to their friends and families, their children and those around them. Wherever such hospitals have been established they have in general been followed by the best results in diminishing this fatal malady. It is conservatively estimated that more than \$100,000 in earning power could be saved to our county every year within a comparatively brief period through the diminution of this dreadful scourge by means of a proper sanatorium.

A county society for the prevention of tuberculosis has been organized, consisting of more than five hundred paid members whose number is increasing day by day. This society at a meeting in Richmond passed a resolution urging upon the county commission to take any county council that steps be taken for the construction of a county tuberculosis hospital, and stating that the cost of the necessary buildings would be about \$25,000, and
