

EMPLOYEES REPLY TO "GOLDEN EGG" PLEA OF RAILROADS

WASHINGTON, Aug. 22.—Officials of the four brotherhoods this afternoon made public a statement which paralleled the situation to the table of the golden egg.

The statement follows:
"Don't kill the goose that lays the golden egg."

"Every day or so this old broom is handed to the railroad men. Reduced to a basic proposition, what does it mean?"

"We remember the old story of the chap who found out morning that his goose had laid a golden egg. Being an avaricious fellow he wanted all out of that goose that he could get. And he wanted it right away. So he killed the goose, and thereby closed down the works. The inference is that he lives poorer, wiser and unhappier the rest of his days."

"Now railroad employees who demand a work day that will give them some of the extending their working days and keep them a year or so longer away from the dead line and the bread line, are admonished 'not to kill the goose.'"

"The railroads in this instance assuming the goose, and for illustration purposes we will let it go at that."

FOR OVER FORTY YEARS A NATIONAL FAVORITE SMOKERS INTERESTED IN CIGARETTE DEMONSTRATION

Sweet Caporal cigarettes have been on the market for over four decades, and are more popular today than ever. This wonderful record has never been duplicated by any other cigarette. In all these years countless brands of cigarettes have come and gone, but Sweet Caporal keeps on gaining in favor year after year.

There has never been a more striking demonstration of cigarette purity than the novel burning tests of Sweet Caporal cigarettes now being given by a trained corps of demonstrators. These men first burn a piece of ordinary paper and call smokers' attention to the heavy smoke, odor, and black, soot-like ash.

They next produce a roll of the high-grade, imported French cigarette paper used on Sweet Caporal cigarettes and burn a piece of this paper. It burns evenly, completely, and leaves only a few tiny particles of pure white ash. This explains the pure tobacco flavor of Sweet Caporal.

That is one reason for the perpetual popularity of Sweet Caporal Cigarettes. No other cigarette has ever duplicated the pure tobacco flavor of Sweet Caporal—the mellow, sweet, nature-made taste of ripe tobacco. That is why smokers always come back to Sweet Caporal—no other cigarette gives them the same enjoyment.

FAMOUS "SWEET CAPS"

Sweet Caporal cigarettes are the most popular in the world. They are the only cigarettes that are so pure, so sweet, and so satisfying. They are the only cigarettes that are so easy to smoke, and so free from smoke and odor. They are the only cigarettes that are so popular with smokers of all ages and in all countries.

"The PUREST form in which tobacco can be smoked"
