

ROADS HUNTING MEN TO TAKE STRIKERS JOBS

If you have had experience with machines and engines, your services are in demand and chances that you will have an opportunity to get back into the trade Monday next, when the scheduled railroad row is timed to break.

Both Pennsylvania and C. and O. corporations through Richmond are on the lookout for men of "mechanical ability" and you should have but little trouble in affiliating with the reserve forces of either company.

Agents of lines through Richmond are scouring the city and vicinity for capable men to act as strikebreakers. It is understood that a number of mechanics employed in Richmond industrial concerns have been approached with propositions to enlist with the railway forces.

ICE CREAM TESTS ABOVE STANDARD

All Richmond ice cream manufacturers came up to the state's butterfat requirements in the latest test, conducted by City Inspector McKinley, who gave out the following scores today:

Dealer.	Butter- fat Pct.
Howard Townsend	14
Clem Thistlethwaite	8.6
Clem Thistlethwaite	8.7
Price & Sons	13.6
Clarence Finney	12
Howard Hoover	9.6
Ed Schwegman	10.8
Sanitary Ice Cream Co.	9
Kutckey & Adams	14
J. E. Bender	9.4
E. M. W. Company	9.4

All tests must show at least 8 percent butterfat to be acceptable to the state.

FAREWELL STRAWS; DOOM IS SOUNDED

Farewell straw hats, au revoir, au wiedersehen!

The days that you are to remain with us are limited, and only until Saturday have you time to serve us.

The fall styles of hats are very similar to the ones worn last year but the price is a trifle higher. There is another noticeable change, the rims are wider.

A good deal of shark meat is eaten in the eastern United States by people who think they are eating something else.

PERSHING INSPECTS FORCES IN MEXICO

HEADQUARTERS OF AMERICAN PUNITIVE EXPEDITION, MEXICO, Aug. 28.—(By Wireless, via Columbus, N. M., Aug. 30.)—General John J. Pershing and his staff of inspection returned to headquarters late today after six days spent in reviewing the expeditionary troops in all camps to the south of here.

MEN NOT VOTING IN 1914 ELECTION MUST REGISTER

Hundreds of voters in Wayne county who registered two years ago and who now reside in the precincts in which they resided then have been wrongly laboring under the illusion that they do not have to register this time.

The trouble with their credentials is that they did not vote in the 1914 election. In 1914 there were 12,040 registrations made but only 10,947 votes cast. These 1,093 men registered all right in 1914 and they have not changed the places of their residence since, but they must register again if they expect to vote in the November election.

Registration is only a little over a month away. The party chairmen are taking cognizance of this fact and beginning to prepare for the general notification.

TO SIGN CONTRACT FOR FALL FESTIVAL

Following a tentative understanding which was reached yesterday afternoon between Henry B. Marks and a special committee appointed by the Commercial club, it is probable that a contract employing Mr. Marks to manage the Fall festival will be signed Monday night by the directors of the club.

WILL GIVE RECEPTION.

In honor of Miss Christobel Scott of Marion, Mrs. Fannie Croker-Scott will give a reception this evening at her home, 222 South Twelfth street. Thirty-five guests will attend. The assistants will be Mrs. Theodore Griffin, Mrs. James Conwell, Mrs. Joseph Cook, Miss Anna Brown, Mrs. W. W. Anderson, Mrs. Lincoln Moore, Mrs. Blanch Hagley.

ELECT TWO CANDIDATES.

Two candidates were elected at the meeting of the Couer de Lion lodge, Knights of Pythias, last night. They will be initiated later. First degree work will be given to one candidate at the meeting next Tuesday night.

GRANGE WILL PICNIC

Farmers belonging to the Milton grange will hold an all-day picnic September 1, at R. P. Lindsay's property, two miles south of Milton. L. E. Thompson will speak on "Boys' Pig Clubs." Self-feeding swing will be discussed in the morning.

Miss Nellie Jones will deliver a lecture on domestic science. In the afternoon L. H. Wright, grand master of the state Grange, will discuss "Values of the Grange." According to H. F. Caldwell all are invited to attend.

OXFORD PLAYERS DELIGHT CROWDS

Following a half hour's prelude by the Rungo orchestra, the Oxford Operatic company presented a cutting of George Bernard Shaw's "Arms and the Man," with interpolated music from "The Chocolate Soldier" at chautauqua last night. The platform was hung with curtains to form a stage and the entertainment was given in costume.

The audience manifested its delight with the performance by frequent encores, to which the cast responded generously.

DENY THAT WIRE IS FOR PROTECTION OF PENNSY LINE

Officials of the Elliott-Reid Fence company this afternoon denied that new carloads of barbed wire fencing now docked on the freight siding of the Pennsy east yards was to be used for the construction of a barbed wire fence to protect the property and buildings of the fence company which adjoins the Pennsylvania railroad tracks. Persistent rumor had it this morning that a large force of men were about to construct the fence. "There are lots of rumors," said an official of the company this afternoon.

PRES. KELLY LAUDS STATE'S ENTHUSIASM

Enthusiasm of Indiana people in arranging and presenting Centennial pageants was praised by President Robert L. Kelly of Earlham college in his address yesterday before the Marion county teachers institute.

President Kelly said: "I have noticed with agreeable surprise the splendid historical and artistic results that have attended the preparation for the centennial celebrations and pageants.

FAMILIES HOLD REUNION.

Members of the Zeek-Sheffer families will hold a reunion at Glen Miller park on Sunday, Sept. 10. Announcements have been issued by T. J. Adelman, president and Ada Blaide, corresponding secretary.

FRENCH TAKE NEW TRENCHES ABOUT FLEURY

PARIS Aug. 30.—After frustrating German attempts to recapture Fleury on the Verdun front, the French delivered counter attacks in that sector last night which gained for them some new ground.

The attack was delivered under difficulties for there have been severe storms on the Verdun front, accompanied by fog which hampered artillery activity.

23 CONDUCTORS

[Continued From Page One.]

many years, these conductors will remain faithful to the company.

It was said that a large number of engineers would also refuse to walk out, assigning the same reason that will keep the passenger conductors loyal. It was pointed out that many of the engineers running out of Richmond have been in the employ of the Pennsylvania for many years and are eligible for pensions if they stick by the company.

The number of brakemen and switchmen is said to outnumber the conductors and engineers about seven to one. Few of these employees are expected to stay if a strike is called. Many of them have been in the employ of the company only a few years, and have little at stake if a strike is called and they answer the order.

Attention also was called to the fact that the demands asked of the railroad will benefit the employees in the operating department of the freight service and will be of little benefit to the men holding passenger runs. For this reason, it is asserted, the men in the passenger service are not taking the same warm interest in the demands that the men in the freight service are taking.

URIC ACID POISONING;

The most eminent physicians recognize that uric acid stored up in the system is the cause of rheumatism, that this uric acid poison is present in the joints, muscles or nerves. By experimenting and analyzing at the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called "Anuric"—which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain "Anuric" at any drug store and get relief from the pains and ills brought about by uric acid; or send Dr. Pierce a trial package "Anuric"—many times more potent than lithia and eliminates uric acid as hot water melts sugar. A short trial will convince you.—Adv.
