BURNS RECOUNTS STORY OF ONEIDA INSTITUTE

The story of the life work of a man who has devoted himself to educating and uplifting the Kentucky mountaineers furnished the theme of the lecture at the Chautauqua last night by James A. Burns, who spoke on "The Conservation of Life in the Kentucky Mountains."

Mr. Burns is the founder and president of Oneida Institute, a school that is doing much to educate the mountaineers and to discourage feuds and murder.

Straightforward and unassuming, with all the directness of manner of the mountaineer, "Burns of the Mountains" spoke simply of his experiences among his own people, and held the attention of a large audience.

"The Kentucky mountaineer stock is 99.9 per cent pure, with only a mixture of one-tenth of foreign blood," said Burns. "They are, therefore, the purest Anglo-Saxon stock in the world."

The original immigrants into Kentucky from Virginia and the other colonies were educated and cultured men, but the Kentuckians, shut off from the world, have gradually become illiterate and ignorant. With ignorance has come the feud, hatred between families, the evils of moonshining and other wrongs.

Mr. Burns told how his father, to give his sons a chance, took them from the mountains to a locality where the facilities for education were better. When James Burns had received his education he felt called to go back and work for his people.

Returning, he found a feud in full sway. The community was divided in bitter warfare, said Burns. He called the men together to talk with them in an old shed.

"The men came in, and lined up on either side of the shed. They completely ignored each other, and there was a tenseness in the air. I talked to them and told them that they were raising their children for the slaughter. I asked them, not because they were afraid to fight, but for the sakes of their families, to discontinue their feud, and to establish a little school where the children of the men who had fought each other might learn together. For the first time in their lives those men shook each other's hands and agreed to start the school."

Mr. Burns then told of the growth of this school, and of the aid that they had received from others. It costs, at Oneida Institute \$6 a month for tuition, board and room. The teachers agree to have no fixed salary, but to divide equally what is left when bills are met. Usually, said Mr. Burns, there is nothing left to quarrel about.

GET RID OF WRINKLES

Unit Will Drive Them Away—Brings Back Smooth, Clear, Youthful Complexion and Color.

"The bottle of Unit has completely cleared my face of the horrible wrinkles that were such an eyesore to my five daughters, and even my grandchildren have their say about Grandma's wrinkles. It is a Godsend to wrinkle suffering humanity."

Unit, the wonderful pure nut-oil skin food (in opal bottles, not a face cream) will do as much for you, ladies whether you are grandmothers, middle aged or young mothers, or younger girls—whether the wrinkles have been brought to your face by age, work, worry or exposure to wind and sun.

Unit feeds the skin back to health. It is the one thing that will bring back the youthful appearance so dear to you and admired by everybody.

Rubbed into the skin before retiring, it does its magical work while you sleep. No other treatment is necessary. Get a bottle today at any first-class drug store for 50 cents. It is guaranteed to contain nothing that will cause hair growth.

The most painful cases of sunburn are relieved instantly by Unit. For sale by Thistlethwaite's five stores and dealers everywhere.—Adv.

Wants Wilson Watched.

Later in his address he said: "If you don't watch Wilson, and watch him close, he is going to continue to be what he has been—a much better Democrat than president of the United States."

"We need two great parties, a progressive and conservative party. There are always two sides to a question. Our political parties have lost the fundamentals. It is a shame that the Progressive party was so short lived; we needed a party like that," he continued.

"But," said Mr. Long, "I am not here to talk politics. Why, bless you, I wouldn't say anything, not even against the Democratic party."

REV. HILL ARRIVES

Rev. James F. Hill, the newly elected pastor of Reid Memorial church, arrived in Richmond this morning with his family. He will assume the duties of his new charge immediately. The Rev. Mr. Hill was formerly pastor of the Presbyterian church at Martin's Ferry, O.

"LOOK, PA, HOW 'GETS-IT' WORKS!"

Lifts Your Corn Right Off. Never Fails.

"Ever in your life see a corn come out like that? Look at the true skin underneath—smooth as the palm of your hand!"

Well Now, Look at That! Off Comes That Pesky Corn as Slick as a Whistle.

The earth is blessed with the one, simple, painless, never-failing remedy that makes millions of corn-pestered people happy, and that's "GETS-IT." Apply it in 3 seconds. It dries. Some people jab and dig at their corns with knives and razors—wrap their toes in packages with bandages or sticky tape, make them red and raw with salves. Nothing like this with "GETS-IT." Your corn loosens—you lift it off. There's nothing to press on the corn, or hurt. Angels couldn't ask for more. Try it tonight on any corn, callus or wart.

"GETS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Richmond and recommended as the world's best corn remedy by A. G. Luken, Clem Thistlethwaite and Conkey Drug Company.—Adv.

SERVICE IS DEMAND MADE UPON PEOPLE

"The most damning force against American progress is the simple indifference of our people," declared Sylvester Long, speaking on "The Challenge of the Hour" at the Chautauqua yesterday. "Nations are like individuals and must render service. The challenge of the hour is for principle."

"Intelligent service is the first law, Magnanimous service is the second law. The man who has never learned the secret of magnanimity has not begun to solve the problems of life. Some time there comes an hour when a service of principle is needed. Then but one thing counts. When a man grips

a great principle of life he becomes full of power."

LEONARD YOUNG BETTER.

Leonard Young who underwent a serious operation recently is improving rapidly. He will be moved to his home in about two weeks.

Experiments have shown that excellent paper can be made out of grape vines.

Folly To Let a Man Drink, Says Druggist Brown of Cleveland Who Gives a Secret Home Remedy

A New Treatment Given Without the Consent or Knowledge of the Drinker.

CLEVELAND, O.—A woman who lets a man drink is foolish, says Druggist Brown, for no man who drinks even a little bit is safe. A woman can break the drink habit in a few weeks for half what a man spends on liquor in the same time, and the drinker need never know she did it. For the sake and safety of both stop the drink habit in its beginning. Let the first whiff of liquor on his breath be your danger signal, but even if he is rum-soaked through and through do not despair; he can be saved and it is your duty to save him. Druggist Brown knows the awful curse of strong drink because he himself has been a victim. A loving sister rescued him from the brink of a drunkard's grave and kept her secret ten years, then she told him how she did it. She saved him from the demon drink, rescued him from his own de-

praved self by means of a secret remedy, the formula of an old German chemist. To save other families from the curse of drink and to help other victims out of the muck and mire he now makes the formula public. Any druggist can help you if you long to save a loved one. Just ask your druggist for powdered tescum and drop a powder twice a day in tea, coffee, milk or any other drink. Liquor soon ceases to taste the same, the craving for it vanishes and lo, one more drunkard is saved without knowing why he lost the taste for strong drink.

Note: Powdered tescum, referred to above should not be given except where it is desirable to destroy all taste for alcoholic drinks. Women who approve of moderate drinking and believe moderate drinkers safe should give tescum only when they see, as most do in time, that the danger line is plainly near. Since this formula has been published Clem Thistlethwaite and other druggists have filled it repeatedly.—Adv.

FALL MILLINERY--FALL APPAREL

At Wonderful Savings Here Tomorrow

As usual the Grand Leader goes forward with a wonderful advance sale of smart fall millinery and fall apparel at prices only possible at this underselling store. Come tomorrow and see how easy it is to save almost half on your new fall apparel.

Opening Sale of New Fall Millinery

There is a pleasant surprise in store for you tomorrow at the busiest millinery store in Richmond. You would expect to pay much more for these new hats, but the Grand Leader low prices are selling them like hot cakes. Remember they are the newest of the new and will cost you just half the price you pay elsewhere.

Come in gray, maroon and navy; of good weight and well made; Saturday your choice at. 98c

SCHROEDER TO SERVE REST OF SENTENCE

Julian Schroeder, the trusty who escaped from the county jail about a month ago, may return and serve out the remaining fifteen days of his term, Sheriff Steen has been advised.

Frank Conner, an attorney, called on the sheriff yesterday and asked if Schroeder could return and serve out his remaining sentence for stealing blue prints from the National Automatic Tool company without extra punishment for breaking jail. Upon being informed that he could, Conner said he thought he would be able to get the young man to return.

The British government recently bought 1,000 tons of hay in Kansas City, which it will ship to some scenes of hostility by way of New Orleans.
