Growing Girls and Boys

Every physical or mental act that is performed uses up millions upon millions of red corpuscles of the blood. The demand is enormous and continuous. Is it any wonder that the active boy and girl should mani-fest this need by hunger? Proper food is required so that the system may form new red corpuscles. HEMO is a concentrated food made with the idea of supplying many of the elements needed in as-sisting nature to rebuild old blood cells and to manufacture new ones. It is so pleasing to the taste, so easy to assimilate, and so well tolerated by the stomach that a minimum amount of effort by the digestive system is required in converting the food elements into red blood corpuscles. It is an ideal lunch for the boy or girl, or a pleasing beverage at meal time. Its use will convince you. Makes a delicious food drink by simply adding water. We suggest that you try a 50c package with our guarantee of satisfaction.

A Great Discovery

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations. As a remedy for those easily recog-nized symptoms of inflammation caused by uric acid—as scalding urine, backache, and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheu-matism, lumbago, sciatica, gout, it is simply wonderful how quickly "An-uric" acts—the pains and stiffness rapidly disappear. The very best possible was to take care of yourself is to take a glass of hot water before meals and "Anuric," the discovery of Dr. Pierce of Buffalo, N. Y. Step into any drug store and ask for a 50c package of "Anuric," which is many times more potent than lithia and eliminates uric acid as hot water melts sugar. A short trial will con-vince you.—Adv.

AUDIENCE FOLLOWS EVANGELIST IN PARADE OVER GREENSFORK

Religious parade followed the ser-vice at the Greensfork tabernacle on Tuesday night. The parade covered the main streets of the town and as they went they kept singing a new song that was introduced by Chorister Brock, written especially for that oc-casion. A generous applause was given the song when it was first sung by Mr. Brock at the close of the ser-mon and soon the entire choir and audience had learned it and were sing-ing it with great enthusiasm. The words of the song have a local in-terest and they are as follows:

Indiana, Indiana,
Indiana, grand and true;
We will make a mighty fight
For Jesus Christ and right,
In Greensfork, Indiana.

Crowd Follows Leader.
Evangelist Hamilton hurried to the platform and asked how many would follow where he led. Almost the en-tire audience lifted their hands. He then requested that they march over the town singing the song they had just learned. Chorister Brock leaped from the platform, bidding the choir

to follow. The audience almost to an individual followed the choir and soon they were all marching over the streets making merry music.

There was some decrease in attend-ance owing to the rain which fell during the entire evening, but the en-thusiasm of those who were present seemed to run higher than ever before.

Evangelist Hamilton commended the business men of the town for their endeavor to co-operate in the work of the campaign by closing their stores during the evening services. He made announcements of the special services for this week and Sunday. "Thurs-day night, is reconsideration night," said the evangelist. "If you don't think I can skin hypocrites, come and see. I'll take their hides from them and hang them out to tan in less time than it takes to tell it."

All women and girls are especially invited to bring at least ten cents for the offering Thursday night. The men and boys are asked to give a silver offering on Friday night. It is ex-pected to raise all incidental expenses before Sunday.

Over 180 boys and girls were in attendance at the first Bible drill, taught by Mrs. Hamilton at the Chris-tian church Tuesday at 2 o'clock. The class will meet each school day. There will be another special meeting for children only next Saturday after-noon.

CAUGHT IN OHIO
OXFORD, Ohio, Sept. 6.—That it makes a difference which side of the street pedestrians use in the village of College Corner was demonstrated Saturday. Hugh Layart, 20, living on a farm in Indiana, came to the two state town and crossed the street that marks the state line. For two months officers had been waiting for him to do this. He is now in jail here to

answer serious charges brought in Mayor Hughes' court by Violet Carpen-ter, 16, of Oxford.
