

TELL CITY TO BUY PROPERTY OF EVANS AT \$1,800 FIGURE

John Schwegman and Frank Englebert appeared before the board of public works today and asked that the question of assessment for the cost of property to be condemned as a site for the proposed South G street bridge be re-opened by the board, and that all properties between South Fifth and Ninth streets, and South I and Main streets be assessed for such purpose.

In the matter of the Evans estate, which owns property on the west bank of the river on the proposed bridge site, representatives of which estate have asked \$2,000 damages of the city and retention of ownership, Schwegman and Englebert called attention to the fact that a real estate agency had some time ago been instructed to sell this property for \$1,800.

They suggested that the city purchase the property at this figure and reimburse itself through assessment of the properties held benefited by the construction of the bridge.

The propositions advanced by these two men were turned down flat by the board and Wilfred Jessup, attorney for the Evans interests, said the property would not be sold for \$1,800.

The city has awarded the Evans interests \$200 for their property, which action has been appealed to the circuit court, a demand of \$2,000 being made.

PILOT GETS READY TO ENLARGE PLANT; WINS HILL CLIMB

With contracts for the delivery of 1,500 cars of the 1917 model signed with dealers, the Pilot Motor Car company today announced it will begin work within a few days almost to double the capacity of its plant on Fort Wayne avenue north of the Pennsylvania railroad.

At the same time, the motor car company received word that its Pilot Six 45, a 1916 model, had been awarded the first cup in a sociability run of 1,375 miles from Minneapolis to Yellowstone park, in which it was the lowest priced machine entered and the only one to climb Mt. Washburn, an elevation of 11,000 feet.

J. W. Conner, sales and advertising manager, returned from Detroit today after signing a dealer there to sell Pilots.

The extension of the plant has been delayed by the uncertainty of the copper and brass markets which has been responsible for delays in filling the 1916 contracts. Twenty-five 1916 models to be delivered are under construction. When completed, part of the old factory section will be torn out to make room for a larger two-story building.

Wedges of appropriate shape for straightening crooked toes have been patented.

GIVE MINSTREL SHOW

If it does not rain this evening the Minstrel show will be given on the lawn at the home of Mr. and Mrs. William Dudley Foulke for the benefit of the day nursery. In case of rain the affair will be postponed.

CAN'T WITHHOLD GREAT SECRET MUCH LONGER

INDIANAPOLIS, Ind., Sept. 14.—Vice-President Thomas R. Marshall, at his home again after an absence of months, for the notification ceremonies tonight, spent the early part of the day greeting neighbors and friends. While Democrats from all over Indiana flocked to the capital for a monster rally, the chief figure of the celebration joked with friends.

"I never worry," he said. "I think we'll win, but if we don't, we'll all live anyhow."

The affair was to take on a formal tinge this afternoon with the arrival of National Chairman Vance McCormick, Western Manager Thomas J. Walsh, about twenty others of the national committee and forty members of the notification committee.

Former Governor Martin Glynn, of New York, will deliver the formal notification speech at Tomlinson hall tonight.

PARK BOARD ASKED TO ATTEND CONFERENCE

INDIANAPOLIS, Sept. 14.—The park boards of twelve Indiana cities were today invited by Mayor Bell and the Indianapolis park board to meet here October 7 to plan a revision of the park laws of Indiana. Through the conference it is hoped to draft changes in the law which will meet the requirements of each city. The chief change desired by the local park boards is the creation of a park bonding district so that the cost of much hard work may be thrown on future generations. Among the cities named in the call are South Bend, Gary, Fort Wayne, Terre Haute, Hammond and Richmond.

STEALS 49 POUNDS BRASS FROM CITY

A man giving his name as Henry R. Rogers, claiming Indianapolis as his home, is under arrest charged with having stolen 49 pounds of brass at the abandoned electric plant of the Light, Heat & Power company, now owned by the city. City plant officers have identified the brass.

Rogers, it is claimed sold 27 pounds at 11 cents a pound to a junk shop and later attempted to sell 22 pounds but was arrested. He refuses to make any statement except that he brought the brass here from Indianapolis. The arrest was made by Officer Vogelsong.

Wedges of appropriate shape for straightening crooked toes have been patented.

WILL ASK REASON WHY GERMAN PRESS CRITICISES GERARD

WASHINGTON, Sept. 14—Official action by Secretary of State Lansing will be taken to learn the cause of the continuous criticism by German newspapers of Ambassador Gerard in Berlin, state officials stated today. As the ambassador again has been charged with having made improper statements concerning the German government's submarine policy, Secretary Lansing is determined to find out the cause.

When an explanation is forthcoming from Gerard a memorandum is expected to be sent to the German government as an intimation that further criticism of the American ambassador is very undesirable inasmuch as under the present censorship rule no German newspaper is permitted to publish any articles not approved by the German government officials.

That Ambassador Gerard will officially deny that he ever made statements now attributed to him is not doubted here.

CEMETERY SOCIETY PLANS FOR MARKET

MILTON, Ind., Sept. 14.—The ladies of the Franklin church cemetery association, two miles east of town, will hold a market in the vacant room of the Farmers' Bank building, at 2 p.m. Saturday. Everybody is cordially invited to patronize... Mr. and Mrs. Sam Thompson and daughter, of east of town, called on Miss Kathryn Hoschour and other friends, Tuesday evening... Miss Nora Campbell's guests Tuesday afternoon were Mrs. Filmore Richardson, nee Miss Anna Thorp, formerly of Milton, her two sons and daughters, Mrs. Eugene Spaulding, of Kalamazoo, Michigan and Mrs. Belle Haldeman Jones of Dayton, Ohio.... The Milton Masonic lodge had work in Entered Apprentice degree Monday night.... Miss Mabel Scott has returned from a visit at Cincinnati. O.... Miss Daphne Darley, of east of town, does not improve very rapidly.

ENTHUSIASTIC

[Continued from page One] yore, when the corporations footed the campaign bills, were now passed.

Chairman Bossert explained to the committeemen his comprehensive or-

ganization plans for each of the eight counties. He said he wanted a Young Men's Republican club formed in every county. "I want even boys who have not yet reached their majority enrolled in such organizations," Bossert said. "These organizations will have important work to do. To such clubs can be intrusted the work of organizing automobile corps which can assist in getting the vote out on registration day and election day."

He said he wanted marching clubs formed and he also requested the organization of drum and bugle corps.

"We are not going to conduct a 'gumshoe' campaign, like Finly Gray does. We are going out after a victory and we are going to let the voters know we are right on the job," Bossert said.

He then told of the excellent work being done in every county in the district by the Republican organizations.

Even in the Democratic strongholds,

he said, big crowds of G. O. P. workers have been turning out at the organization meetings.

Judge Comstock is going to be elected by a big majority," Bossert said. "The Democratic vote in the Democratic counties will be equalized by Republican counties outside of Wayne, and the big majority Comstock is going to receive in Wayne is going to be all 'relive' for the judge."

Bossert also advised the formation of factory organizations in Richmond.

Mr. New spoke briefly on political issues. He criticised John A. M. Adair, Democratic candidate for governor, for what he termed his "foolhardy" explanations of the present prosperous condition of the country.

Adair having repeatedly declared that the European war was not responsible for existing conditions. He read the government trade report showing the vast exports of war materials the past two years.

He urged the election of Judge Comstock so that the "Old Burnt" district could again be fittingly represented in congress. He said the "Old Burnt" district was only rivaled in the United States by the "Western Reserve" district of Ohio in its reputation for distinguished representatives in congress.

Judge Comstock made a rousing address, discussing political issues in a general way, and his remarks were received with enthusiastic applause.

NEW ERA OF

a community wide canvass to begin next Wednesday.

The plan of the campaign was explained by D. H. McFarland, who is assisting the Commercial club in raising the fund.

"In a city of the size of Richmond it ought to be no great difficulty in raising a fund which will be used to build a greater city," said Mr. McFarland, "and it won't be difficult if enough strong committees can be formed to call upon every individual and firm in Richmond who can afford to invest in this community fund."

I believe that there are a thousand persons in Richmond that would willingly subscribe \$100 or more to this fund if the matter were presented to them properly. Every man has an honest desire to see his community grow and prosper and to do his proportionate share in bringing about growth.

Organization is Complete

"The reason why many campaigns do not succeed is because of poor organization of campaign committees. Lack of thoroughness is the result. In order to overcome this, the campaign committee has spent two weeks in laying the foundation of a highly efficient campaign. A card index of every individual and firm in Richmond who can afford to invest in this fund has been made. Before a committee calls upon any one of them, he will have been thoroughly informed concerning the objects and plans of the

industrial company. In addition to this the great organization of men to form the committees has largely been completed and there will be sufficient committees to make a thorough canvass.

"Such thoroughly planned campaigns invariably secure better results than any one expects, and it is my conservative belief that Richmond is going to get a happy surprise when the returns of this campaign are all in."

"Business men come to the Commercial club and tell the campaign committee that everybody is pulling for the success of this movement, and that citizens generally are anxious to see some great community enterprise carried out by the city. I believe the community is expecting success in this campaign and will make it such."

GRAY RETURNS

be the only place in the district where the vice president will speak during the campaign. Delegations from every county in the district will attend this meeting. Henry Farwig was appointed chairman of the committee on arrangements, last night, and Walter Lewis, county chairman, was appointed

chairman of the Marshall meeting. Wayne county Democracy was represented at the Marshall notification meeting today by Will Hatfield of this city, deputy oil inspector.

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me. Eugene M. Pullen, Carpenter, 1030 Marcellus Avenue, Manasquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.

Will Be on Display

FRIDAY and SATURDAY

at Mrs. C. A. Brehm's

We now have the most complete stock we have ever shown consisting of the new shapes in bright silk hatters plush, the large velvet hat for the ladies. The jacket hat for girls. The elegant line of felt hats at lowest prices. Children's hats in every shape and color at lowest prices. Call and see our line.

We are also now ready to retrim your old hat like new. Call early before we are rushed later on. We solicit your trade and guarantee courteous attention.
