

## FAIR YOUNG BELLES DO SMOKE AND THEY UNBLUSHINGLY BUY THEM AT ANY LOCAL CIGAR STORE

What kind of cigarettes do Richmond's fair daughters smoke and where do they get them?

A reporter chasing an answer to a question which proved to be illuminating to many persons, found varying opinions. It is no longer a disputed fact that women here are so familiar with My Lady Nicotine that they handle a cigarette no more daintily than does a man.

A clerk for a firm of Main street pool room owners, finds that most of the trade there is among young, unmarried women, who are supplied by their sweethearts, or stop their automobiles and honk honk for a clerk to bring them cigarettes "for their brother."

### "Smokes for Brother"

"Bring me some of the cigarettes my brother smokes," speaks a fair miss.

The clerk has never seen her before and does not know whether she has a brother, but he mentions a scented cigarette that would give a brother epileptic fits, were they offered to him seriously, or would at least cause a family row.

"Oh, yes. I'm sure that's the kind. I remember the name now," replies the sweet young thing, much relieved at the simple solution.

Daughters of homes where smoking is still frowned on for the more deadly sex exercise the joy on automobile parties or strolls.

### Can Also Blow Rings.

Many girls are past masters of smoking, blowing rings in idle moments, or letting whiffs drift lazily from their nostrils when in contemplative moods. This class buys a popular brand of ten or fifteen cent cigarettes.

The manager of a Main street drug store, "is not bothered much with them." A few use "the brother gag."

Prizes will be awarded to winning classes next Sunday.

Rev. Oscar J. F. Tressel's topic was "For What Meat Do You Labor?" He said while there is truly thankfulness for the bounties of the harvest, the thankfulness has not reached its real depth until it has led up to God's great spiritual gifts.

"God's great miracle in nature is to point us to the greatest miracle of the person and work of Jesus Christ," he said. "Until we have seen this by faith, we are not in a position to thank Him rightly as we should."

A special collection was taken for mission work in the Synod.

The rally day attendance, 358, was 98 per cent of the average attendance of the total enrollment. The three silk flags, known as rally day awards will be given next Sunday to the class having had the largest per cent at attendance, the class having had the largest number of visitors, and the class which presented the greatest number of prospective members. Thirty-three prospective members were present and the collection was \$28.39.
