Despondency

When you feel discouraged and despondent do not give up, but take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. You are almost certain to feel all right within a day or two. Despondency is very often due to indigestion and biliousness, for which these tablets are especially valuable. Obtainable everywhere.

SALTS IF BACKACHE AND KIDNEYS HURT

Stop Eating Meat for a While if Your Bladder is Troubling You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have headache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clear and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink.—Adv.

Aitken, Riding Goodyear Cords, Shatters World's Record!

Captures Astor Trophy in Sheephead Bay Speedway 250-Mile Classic

Rickenbacker, Also on Goodyear Cords, a Close Second

Catapulting along the edge-to-edge board course at Sheephead Bay, Saturday at the rate of 104.66 miles an hour, a world's record for the distance, Johnny Aitken drove his Peugeot to victory in the Astor Cup Race over a field of 31 starters.

He rode on Goodyear Cords!

And he won on Goodyear Cords!

Desperate competitors thundered at his hubs every mile of the way—a treacherous tire might have meant defeat—but he won—his Goodyears did their splendid part.

They stood the burning, tearing, grinding, rending punishment of 250 miles over edge-to-edge boards at a 104.66-mile pace—and victoriously!

Aitken's victory is not an isolated instance of the unflinching stamina of Goodyear Cords. The racing records of the past three months are formidable with additional proof.

Proof, not alone of stamina—though this is paramount—but of speed, spring and exultant vitality.

Proof of the very qualities that led to the adoption of Goodyear Cord tires as standard equipment on the Franklin, the Packard Twin-Six, the Locomobile, the Peerless, the White, the Haynes Twelve, the Stutz and the McFarlan.

Proof of the qualities that make these tires better.
