## FACULTY TEAM SPANKS PUPILS IN BALL GAME

Faculty, 6; Varsity, 3.

The old adage "Youth will be served" didn't carry true to form in the Faculty-Varsity baseball game staged by teachers and students of Garfield Junior high school last night at the Playground. The instructors proved their ability to come back against the younger and more active younger generation. Even Principal Helronimus left his office long enough to reserve a section in the box score. The following set of figures show how the teachers did it:

	A. B. R.	H. P. O. A. E.

## MACHINES CAPTURE BULK OF CONTESTS

Machines, 2; Hoosiers, 1.

Speeding up after the opposition had taken the first one, the Machines, of the A. S. M. league, nabbed the middle one by one lone pin and then made it two out of three by taking the final by a big margin. Ellis' 177 count enabled the Machines to take the second one. A "blind" 172 was responsible for the third. The scores:

	1st.	2d.	3d.	Total	Av.

## KESSLER TO ENGAGE WORLD SERIES FILM

While the memory of the world's series baseball games as seen on the Palladium electric score board is still fresh, fans will have an opportunity to see pictures of the game and see the men making the plays which will create excitement when they are shown on the score board. The pictures will be shown by the Washington theatre four or five days after games are played. Moving pictures will be taken of the games from every angle and the operators will develop the films on trains which will follow the teams. The Washington theatre will get a first issue of the films, Manager Kessler said today. This will be the first time in the history of moving pictures or baseball that such speed will be accomplished.

## DIVORCE IS GRANTED

On a charge of cruel and inhuman treatment, Millie Collins was granted a divorce from Ollie Collins by the circuit court today.

## FORDS TRIM STUTZ IN BATTING DUEL

Fords, 10; Stutz, 6.

By winning from the Stutz in the Garfield school Motor League game at the Playground last night, the Henrys gain a lap in their lead of the race. Ball and Dunham, alternating on the mound for the Fords, were a whole lot better than Calkins and Way, who took turn for the Stutz. Hitting honors were topped out by Runnels, Calkins, Eastman, Nuss, Roller, Dunham. The only extra base swipe was gathered in by Gaylor. The score by innings and batteries:

	FORDS	A. B. R.	H. P. O. A. E.
Stutz	020	020	2-6-2-2
Fords	133	030	*10-5-1

Batteries—Calkins, Way and Lehman; Ball, Dunham and Dunham, Ball.

## PETE MINIER WILL OPPOSE R. HAWEKOTTE

Sunday afternoon at Athletic park.

Hi Puckett's Natco S. A. L. pennant winning crew tangles with Sam Vigan's champs of the 15 S. A. L. circuit in a game that will virtually determine the best team in Wayne county today. The elite of baseball talent in this part of the state will be represented in this—the final and big game of the season.

The title tilt will be featured by the slubbers battle between Pete Minier, Natco, and Russ Hawekotte, Vigan, former team mates and two of the best pitchers in local baseball ranks. Minier will be backed by Shepman, while Hawekotte will have Wilcoxon to fall back upon.

Managers Puckett and Vigan, of the rival factions, today gave out the following lineups:

Natcos	Vigans

## WILL NAME CHURCH FEDERATION LEADERS

Committees to take up the work for the church federation will be named Tuesday night when the federation executive committee holds its next meeting. Chairman of the committees will be members of the executive committee. Committees are in the hands of S. E. Nicholson, who will return to Richmond Sunday after a trip west.

## City Statistics

Deaths and Funerals.

HAAGER: The funeral of Henry B. Haager will be held from the parlors of Wilson, Pohlmeyer and Downing, Monday morning at 10 o'clock. Interment in the Earlham cemetery. The deceased is survived by his wife, Josephine, three brothers, Harman, Joseph and Philip, and one sister, Mrs. Otto Reis.

Mr. and Mrs. Bert Kolt met two of their dancing classes last evening in the Odd Fellow's hall. At 7 o'clock a beginners' class with a large enrollment was organized. At 9 o'clock the married people's class met. The Franklin orchestra of Fort Wayne, Indiana, furnished the music for this class. Next week an assembly will be given at 9 o'clock for all former pupils and prospective pupils. The young people of the city are invited.

Mrs. Carl Pettibone will be hostess Tuesday afternoon for a meeting of the Ladies' U. C. T. Social club at her home, 224 North Seventeenth street.

## Local and Foreign Markets

## GRAIN UNSETTLED AS TRADE STARTS

CHICAGO, Ill., Oct. 7.—Wheat opened unsettled today. First sales of September were 1/4 to 1 cent higher and the other month 1/4 to 1/2 cents higher. Cables were unchanged and there was a denial of the peace talk which caused yesterday's break. The market was affected by a report that the British government was planning to control the prices of wheat in Canada. No grain was reported in the Argentine. Corn was stronger and higher, with Liverpool unchanged to 1/2 cents lower. Oats were easy to 1/4 cent lower. Provisions were strong.

the state government have increased

246 per cent.

## Cost Makes Increases.

In other words, the expense of the

government has increased seven times

as rapidly as has the population of the

state.

If the Republican party is able to

establish the budget system, and the

party pledges itself to submit to the

people a constitutional amendment to

this end, we shall have no more

problem in this state of divided re-

sponsibility. Under the present sys-

tem of making appropriations, respon-

sibility does not rest with the execu-

tive head of the state government, but

with 150 members of the house and

senate. When the appropriation bill

comes to the governor after its passage

by the two houses, he must accept or

reject it as a whole. Notwithstanding

the fact that there are always em-

braced in the bill many items involv-

ing large expenditures, increases in

salaries and the creation of new offi-

ces, which do not meet his approval,

yet he is helpless to select these items

and direct the attention of the legisla-

ture to them.

## Bill Rushed Through.

During the session of 1915, the gen-

eral appropriation bill, appropriating

many millions of dollars to the vari-

ous departments of the state of In-

diana and its institutions was laid be-

fore the ways and means committee of

the house one evening, reported out of

the committee the next morning and

passed with very few changes.

Not a single member of the com-

mittee had read the bill, and it was

later discovered that this bill was

drawn by one of the stenographers in

the employ of the house. This trav-

esty upon official responsibility and

service was made the subject of a

protest by the majority members of

the house and entered of record on the

house journal.

## Executive Responsible.

The executive department of the

state is held responsible for the con-

duct of the state's affairs, and along

with that responsibility should go a

larger influence and greater authority

over the expenditure of public funds.

We might just as well talk about se-

curing efficiency in the management

of business affairs using the machin-

ery and methods of fifty years ago as

to attempt to secure the efficient

economic administration of the state's

affairs under methods that were suffi-

cient under conditions that existed at

the time our constitution was adopt-

ed.

## The Democratic party in its state

platform is silent on this question. Mr.

Adair, the candidate for governor, has

not defined his attitude with respect

to the budget system, and so far as

that is concerned, on any other of the

great questions that confront the

people.

## Speaks For Democracy.

Mr. Stotsenburg was selected by his

party organization to speak for the

Democratic party on state issues, and

he has planted himself squarely

against the budget system upon its

theory that it gave the governor too

much power. Who would you rather

have the power? The governor of your

state,—who is elected by the voters

of the state, responsible directly to

them for the success or failure of the

state's administration, who is con-

stantly on the job and therefore fit-

ted to fill that high office, conversant

with all the business affairs of the

state and its various institutions, keep-

ing in close touch with the various

heads of the state's institutions and

co-operating with them in a sym-

pathetic and friendly way to render

them more efficient instruments of the
