

CHURCHES SURVEY CITY AS GROUND OF GREAT REVIVAL

As a preliminary step to the simultaneous revival service to be held under the auspices of the Richmond Church federation, starting January 14, a detailed church census will be taken of the city, S. E. Nicholson, president of the federation announced today.

This survey will be placed on file for the use of pastors.

In previous years there have been church surveys made of the city but these were taken so hurriedly that they have never been of much value. Ample time will be allowed for taking the Church Federation survey so that it can be made accurate in every detail.

As another preliminary step for the big revival, the city will be divided up into sections and each church will be given a specified section to work. It is hoped that by this method a personal invitation will be extended to every citizen of the city to become a church member.

SCHOOL BUILDINGS NO LONGER OPENED FOR PARTY RALLIES

School house campaigns are things of the past in Wayne county.

County Superintendent Williams announced today that not a school house in this county has been used for a political meeting this fall.

"There was a time, not so many years ago, when school house meetings comprised one of the most important factors in the presidential campaigns. Now they have become almost obsolete," said the superintendent.

Several things have contributed to the abandonment of political meetings in the rural communities of Wayne county.

Transportation facilities have improved. Increased circulation of daily newspapers has made it possible for farmers to get all the political news without attending the speaking.

Rural communities would no longer be satisfied with talent which could be secured for school house meetings.

BOY SHOTS THREE AFTER GANG SCRAP

CHICAGO, Oct. 24.—Frank Young, fourteen, today is locked up by the police pending the outcome of the injuries to Martin Corra, nine, one of three youngsters whom he shot and wounded as the result of a beating given Young by members of a rival gang. The fight was over a nickel. Young returned to his home, obtained a rifle and perched upon a vantage point he opened fire upon his tormentors. The Corra boy was shot over the eye. The others were wounded only slightly.

U-53 RAIDER SENT TO BOTTOM

BOSTON, Oct. 24.—The U-53, the sensational German submarine raider, which sunk five merchant vessels off Nantucket light on October 8 has been sunk by the British patrol boat Stanley, according to an unofficial report in Canada which was brought here today by Captain Tudor of a British freighter. "Just before I left I was told that I need not worry about German submarines. The U-53 is supposed to have been sunk a few days after the raid," said Captain Tudor.

UTILITY BOARD HEARS EVIDENCE IN FREIGHT CASE

INDIANAPOLIS, Ind., Oct. 24.—The Public Service Commission today will probably hear the last evidence in the case of the railroads for a general increase of the Central Freight Association rates, effective in Indiana, of about 5 per cent. A decision is not expected soon.

For ten years the shippers of this city have demanded a revision downward of the freight rates to points within the state. Every commission since 1906 has passed up the case. Now, it is the carriers who are seeking the increase.

The railroads contend that they have carried much freight within the state for less profit than they get from interstate commerce, and in some cases at an actual loss. They admit that they may be too high on some classes of goods, and ask a general revision. Shippers say the rates in the state already are discriminatory.

Prosecutor Reller investigated the case this morning and ordered Cook's release.

Mrs. Cook was accosted by a Greek restaurant employee yesterday while gazing at a photographer's window display, on Main street. She went to a cigar store and reported the matter to her husband. Cook went after the Greek and gave him a slapping and the Greek had him arrested.

WASHINGTON, Oct. 24.—Officials here refused to discuss the statements printed today in the Providence Journal that three German U-boats—the U-53, the U-61 and U-48 made up the flotilla that operated off Nantucket recently.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application of two of Sage and sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wythe's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, scalp itching and falling hair.

Everybody uses Wythe's Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Adv.
