SOLDIERS OF THE CZAR, IN COLUMN FORMATION, MARCHING TO NEW POSITIONS.

Here are shown some of the thousands of Russian troops now operating in Saloniki. The photograph, one of the most interesting of its kind to reach this country, was taken as the soldiers, in column formation, accompanied by their supply trains and ammunition wagons, went forward to take up new positions. Note that

### STAFF AT HOSPITAL

WEST MANCHESTER, O., Nov. 6.—Harry Burnet passed through this place, the place of his birth, from the Mays Institute at Rochester, Minnesota, enroute to Dayton, where he will be associated with Dr. Bower at Miami Valley hospital, Dayton. He left this place with his parents seventeen years ago to make his home at Dayton.... Webb Melling, wife and child are all confined at the Reid Memorial hospital at Richmond with typhoid fever. The condition of the father at this time is critical. The attack followed an epidemic following the Greenville fair. A number of cases were reported from the vicinity of Arcanum.... Miss Carrie Miller is moving her household gods to Dayton this week and will become a resident of that city.... Miss Sylvia Tromé

Besides being acquainted with nearly everybody in Liberty, Mr. Horner also is known widely in Richmond and has friends throughout Wayne county. All who know him declare he is a man of unquestioned honesty and integrity and one who, under no circumstances, would make a false or exaggerated statement.

"For the last ten years I have suffered severely from stomach trouble and although I tried many medicines I gained no relief until I took Tanlac recently," Mr. Horner said on November 1. "I had severe pains in my stomach and I was often bothered with severe headaches. I had a bad taste in my mouth nearly all the time. I didn't rest well at night. In fact, I was in misery nearly all the time.

"Friends told me about Tanlac and advised me to give it a trial. I've tried Tanlac now and I must say that my stomach is in much better condition. I rest well at night now. I'm finding

After suffering from stomach trouble for ten years, and trying medicine after medicine without any permanent benefit, A. H. Horner, a blacksmith who lives at Liberty, south of this city, declares he has at last gained relief through use of Tanlac the Master Medicine.

Commenting on the state of Mr. Horner the Tanlac Man, who is meeting the public at the Sixth and Main streets store of Clem Thistlethwaite, said yesterday:

"Such statements as this one by Mr. Horner should appeal directly to the thousands of people in Richmond and vicinity who suffer from the same trouble. Most people in this condition suffer from pains in the stomach, bloating and belching after meals, poor appetite, headaches, sleeplessness, and in many cases feel tired and worn out all the time. Tanlac was designed to go straight to the seat of such trouble and bring about a remarkable change in a very short time."

Tanlac is now being introduced in Richmond at the Sixth and Main streets drug store of Clem Thistlethwaite where a special Tanlac representative is explaining the new medicine to crowds daily. It also may be obtained in Richmond at Thistlethwaite's other stores—Adv.

SCHIVERICK OF CORNELL.

Schiverick is one of the men upon whom Al Sharpe is chiefly depending. In fact this dependence is nothing new. It was on Schiverick that Al Sharpe relied last season to beat Harvard. Schiverick's phenomenal kicking has replaced that of Charley Barret, the Cornell captain and star quarter-back, put out of the game last season by a kick in the head—in fact it may be said that Schiverick outshines Barret.

## WOMEN'S RIGHT TO CAST BALLOT SERMON SUBJECT

"Women should be given the right to vote," declared Rev. W. O. Stovall, in addressing the Junior Order of United American Mechanics and Daughters of America at the First Baptist church last night.

"Every argument which is cast against woman suffrage would have twice the weight if it were cast at man's right to vote."

"Where women have the right to vote, conditions have in no instance grown worse and in several cases they have grown better."

"If women, after they have had the franchise only a few years, can exercise the ballot as well as men, what could they do with one hundred and forty years of experience."

The Rev. Mr. Stovall defined 'The Complete Citizen' as a man who is always anxious to do what he can for his country.

"The man who is unfaithful to his home, who does not recognize the laws of home, is a traitor to his country. The stability of this nation is founded on good, pure homes."

### DR. HURTY EXPLAINS HOW TO STOP COLDS

INDIANAPOLIS, Nov. 6.—An epidemic of "colds" over the greater part of the state has caused the State Board of Health, through Dr. J. N. Hurty, its secretary to issue a short circular on "How Colds Are Caught." It says in part:

"All colds, and indeed all diseases of the breathing organs are due largely to air starvation. Overeating lessens resistance for a brief period while the abused stomach is trying to digest the overload of garbage; and this abuse of the body being followed by a second abuse of not giving it enough air runs resistance down so low that the cold microbes, which are everywhere, get in their work."

"The sure remedy against colds is to eat moderately and breathe plenty of pure air. Of course, the skin, kidneys and bowels must act correctly, for if they do not this too will reduce resistance and let the microbes grow in the nose and other air passages."

A military tribunal in Yorkshire, England, has exempted a man describing himself as sexton, gravedigger, grocer, wheelwright, joiner and assistant overseer.

## Escape TOOTH Troubles

—by keeping your teeth REALLY CLEAN.  
"But," you say, "I brush my teeth regularly, yet they decay." Yes, you brush them, but do you REALLY CLEAN them? Tonight, after brushing your teeth, examine them closely. You will likely find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices. Decay, as well as the dangerous gum disease called Pyorrhea, usually develops in the mouth where germ-laden tartar is present.

SENRECO, the formula of a dental specialist, keeps the teeth REALLY CLEAN. It embodies specially prepared soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay. Send 4c to Senreco, 304 Walnut St., Cincinnati, Ohio, for liberal-sized trial package.
