RAVAGES OF SIN TOLD IN SERMON

"Sin fills asylums. Sin tells on people mentally, physically and morally," said Mrs. C. E. Roberts, wife of the "cowboy evangelist," in an address at the First Pentecostal church of the Nazarene. Mrs. Roberts said sin would betray the young man who smokes and drinks, and that it would tell on the girl who goes to dances with low neck and short sleeves.

Members of the evangelist's party report thirty conversions since the meetings began. Announcement was made today that C. E. Roberts would speak at Seventh and Main streets at 8 o'clock tonight. Preparations are being made for an overflow meeting at the Sunday night services.

CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It causes headache and dizziness, impairs the taste, smell and hearing, affects the voice, deranges the digestion, and breaks down the general health. It weakens the delicate lung tissues and leads to consumption.

Hood's Sarsaparilla goes to the seat of the trouble, purifies the blood, and is so successful that it is known as the best remedy for catarrh. Hood's Sarsaparilla strengthens and tones the whole system. It builds up. Ask your druggist for Hood's, and insist on having it. There is no real substitute.

Winter's Terrors Overcome

The healthy person enjoys cold weather. It is only when the circulation is poor, when the blood is thin and the system under its proper condition, that cold weather has any terror. Invigorate the body by restoring the circulation, throwing out the waste, and overcoming the stagnation of catarrh, and you will enjoy crisp weather.

Peruna Is Invigoration

It relieves the system of the handicap of inefficient digestion and hampered breathing by restoring the mucous surfaces that are used in these functions. It gives tone to the digestion, and it clears away all catarrhal inflammation. It builds up the strength by enabling the organs concerned to do their work properly. Its use in convalescence and in all weakened conditions is wonderfully helpful.

Liquid or tablet form—which ever is the more convenient.
