

SOUTH SIDERS URGE BUILDING OF G STREET SPAN WITHOUT DELAY

To urge construction of the South G street span is before work on the Main street span is started, the South Side Improvement association will send a committee before the county commissioners, Saturday. This action was decided upon at the regular bi-monthly meeting of the association last night.

The south siders will urge that work on the Main street bridge will necessitate closing of the temporary structure. This would throw all traffic on the Doran bridge unless the South G street structure is erected first. The Doran bridge is liable to be condemned at any time. In case work on the Main street bridge is started before the South G street bridge is opened for traffic, the western part of the county would practically be cut off from Richmond, if the Doran bridge were declared unsafe.

It also will be pointed out that the interurban traffic could be detoured over the South G street bridge while the Main street structure is under construction.

EATON FEARS TRAMP SCOURGE

EATON, O., Nov. 22.—Tentative plans to solve the problem arising during the winter months because of the visit of hordes of tramps are being considered by city council. Camden last year established a municipal stone pile, and it is said the arrangement was responsible for many an "unemployed worker" striking that place off his itinerary.

Mr. and Mrs. E. M. Haas gave a prettily appointed dinner last evening.

BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

Draw a moist cloth through hair and double its beauty at once.

Save your hair! Dandruff disappears and hair stops coming out.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots and invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, charming lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Adv.
