

ANTI-SALOON MEN SEND OUT LETTERS REQUEST SUPPORT

Indiana Anti-Saloon league letters signed by E. S. Shumaker, state superintendent, are being received here with a request that petitions for presentation to the next legislature be made as formidable as possible. Petition blanks to the house and the senate are enclosed.

"Let us have a mighty drive for prohibition," the letter says. "We are depending upon you. You must not fail us. See that these petitions are carried early and late, everywhere, to all classes. Do not stop until the last voter and the last woman possible in your county has been seen and has signed these petitions. The more there are, the more certain will victory result. Also see your legislators in person. Urge them to support State-wide. If all will be at it from now until March 4, Indiana will celebrate the greatest moral victory in her history."

DOCTOR SAVES A BLACKSMITH

Some time ago I was taken with kidney trouble which caused me to give up my work as blacksmith. I lost my appetite and could not sleep, from the dreadful pains that would come over me, from my kidneys. I was treated by a physician for about three months. He could not help me so finally he prescribed Dr. Kilmer's Swamp-Root. I started taking same and before I had finished taking the first bottle I began to eat and sleep better than I had in a long time. I continued to take same until I was entirely cured and took on considerable weight.

I am now back working at my trade again and never felt better in my life. I appreciate what Swamp-Root has done for me and will recommend it to anyone who suffers with their kidneys. When physicians fail to give relief and then prescribe Swamp-Root, they sure know of its merits. I am,

Very truly yours,

BRONCHITIS

When a severe cold settles on the lungs it is called bronchitis. There is danger of its leading to broncho pneumonia, and for this reason it is always best to go to bed and take Chamberlain's Cough Remedy as directed until well along towards recovery. Mrs. Charles E. Woodard, Sandy Creek, N. Y., writes: "Chamberlain's Cough Remedy cured me of bronchitis last fall. When I began using it I was so hoarse at times that it was difficult for me to speak above a whisper. I resorted to the use of this valuable medicine and found it very soothing and healing. In a week's time I was well." Obtainable everywhere.—Adv.

AMUSEMENTS AT LOCAL HOUSES

An interesting bill maintained the record of a long run of high-class vaudeville when the first half show opened at the Murray theater last night. Intense drama was presented by Evans Lloyd and Company, which ended happily when a mother found it was only a dream that her son had joined a "gang" and had participated in a robbery in which it was necessary for him to shoot his brother, a policeman. "The Dippyists," which followed, proved to be "dippy" enough to keep the audience laughing until they left the stage. The headline bill, Electrical Venus, revealed some interesting experiments with high voltage electricity. "The Versatile Trio," mix dancing and tumbling to adantage and Powder and Capman, which is not a war act, entertained to the satisfaction of the audience.

How To Get Rid of Catarrh, Catarrhal Deafness or Head Noises

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms can be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parmint (Double Strength). This will not cost you more than 75c. Take this home and add to it 1/4 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take one-tablespoonful four times a day. A decided improvement is sometimes noticed after the first day's treatment. Breathing becomes easy, while the distressing head noises, headache, dullness, cloudy thinking, etc., gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which are often overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are said to be directly caused by catarrh, therefore, there must be many people whose hearing can be restored by this simple home treatment.—Clem Thistlethwaite, 5 drug stores.—Adv.
