

PRESIDENT'S DAUGHTER AN OUT-DOOR ENTHUSIAST

MISS MARGARET WILSON

Miss Margaret Wilson, daughter of the President, has shown that she is a great deal more of a Winter sport enthusiast than most people thought. Recently she spent a few days' vacation at Yama Yama Farms, N. Y., where the temperature was considerably below zero. Miss Wilson surprised everyone by proving herself proficient on snow-shoes, skis and at other Winter sports.

PRESS OF SPAIN TO REMAIN CALM

LONDON, Feb. 1.—A Reuter dispatch from Madrid says the Spanish minister of the interior on communicating to the newspapers the note of the Central Powers regarding their new naval measures appealed to them in view of the necessity of preserving their neutrality and on account of the gravity of the situation, to observe discreet composure. The minister said he feared that when the purpose of the note became known disorders might occur, particularly in the eastern districts, as the policy of the Central Powers meant interruption of foreign trade and grave dislocation of the internal life of the country.

The impression prevails in Madrid, the correspondent says, that parliament will be adjourned in order to prevent discussions which might be dangerous.

MEET ON MONDAY

County commissioners will not meet Saturday. They will meet Monday to hear applications for liquor licenses and allow bills. Engineer Mueller will probably be here for a conference concerning the Main and South G street bridges at this time.

LAW BARS RENEWAL OF COREY LICENSE

By entering a plea of guilty to an indictment of the grand jury charging him with violation of the liquor laws in circuit court, yesterday, Clarence Corey made it impossible for county commissioners to grant him a liquor license renewal, March 5, it was reported today.

Records at the city hall show that Corey was convicted of a minor violation of the liquor laws in May, 1916. Section 83-23-G of the Indiana statutes for 1914 says: "A liquor license renewal shall not be granted to any person who has been convicted twice in any period of two years previous to the time of application for violation of the liquor laws."

WILD RUSH TO SELL MARKS NOTE'S EFFECT ON STOCK MART

NEW YORK, Feb. 1.—The wildest rush to sell stocks that has been seen on the New York stock exchange since the beginning of the war reflected today the stock market view of Germany's announcement of her intention to resume unrestricted submarine warfare.

Prices fell off under huge liquidation from two to twenty points, the wave of selling affecting all classes of stocks. United States Steel, which closed last night at 112, fell below 100. Apparent efforts to support the market soon after the demoralized opening proved ineffective until about 10:30 o'clock when there were some signs of rallying.

Marine Loses Heavily.
International Mercantile Marine issues which perhaps would be most directly affected by the German restrictions were the heaviest sufferers, the preferred selling at 65, off over 17 points, and the common losing 8 points to 20.

Conservative stock market interests took satisfaction in recalling that the recent tremendous interest of the public in the market had been greatly re-

AMERICA'S ONLY WOMAN MAYOR FOR SPOTLESS CITY

MAYOR LOUISE STARCHER.

For the first time in the history of the nation a government composed entirely of women will conduct the affairs of an American city. During the recent election in Umatilla, Oregon, Miss Louise Starcher not only defeated her husband, E. E. Starcher, for the mayoralty, but all the other city offices were filled with women.

The photograph shows Mrs. Louise Starcher, the only American woman mayor, as she appeared when taking up the duties of her office.

Claims Murder of Eight Men

"I killed eight negroes with a corn knife," said James Ward, 40, 530 North Twelfth street, a porter in a Richmond saloon, when he was captured near Chester this morning.

Ward rushed into a farm house waving a knife and describing vividly a supposed fight he had had.

"They were after me with butcher knives."

Sheriff Carr was called. When he arrived, Ward recognized him, and laboring under the delusion that he was guilty of murder, gladly gave himself up. The man became very ill Sunday night, and it is thought that his mind is temporarily unbalanced.

PROPERTY OWNERS ASK FOR PAVEMENT

Members of the board of public works gasped for breath in their astonishment today when four of five effected property owners who were given a hearing on resolutions for two permanent street improvements urged the confirmation of the resolutions. As a rule the board is deluged with remonstrances when such improvements are contemplated.

Both the resolution for the paving of South Fourth street and Fort Wayne avenue, from South A street to North D street, and the one for the paving of North F street, Tenth to Fifteenth streets, were confirmed.

Charles Krollenberg and John M. Eggemeyer advocated the confirmation of the first named improvement. Edward Thompson protested against such action but added that he was not to be interpreted as entering a remonstrance.

F. E. Slick and R. Gruelich urged the paving of North F street.

MRS. BYRNE MAY ACCEPT PARDON

NEW YORK, Feb. 1.—A committee of hundred which has been supporting Mrs. Margaret Sanger and her sister, Mrs. Ethel Byrne, in their fight to amend the laws concerning the dissemination of birth control information announced today that it would urge Mrs. Byrne to accept Governor Whitman's conditional pardon if she was unable to obtain her freedom by appeal to the courts.

The governor has promised to pardon Mrs. Byrne, who has served ten days of a thirty days sentence for giving out birth control information, if she would agree to stop her activities along this line.

FOUND NOT GUILTY

SAN ANGELO, Tex., Feb. 1.—A verdict of not guilty was returned after less than two hours deliberation today by the jury in the case of Harry J. Spanell, of Alpine, Tex., tried on a charge of killing his wife, Crystal Holland Spanell last July.

DIVORCE SUIT FILED

One month of domesticity proved to be enough for Robert and Esther Sewell.

They were married December 21, 1916. This afternoon Robert sued Esther for divorce.

PROF. TAFT FLAYS GERMAN POLICIES

CONCORD, N. H., Feb. 1.—A grossly unwarranted extension of the right of blockade was the characterization of the new German policy of unrestricted submarine warfare made by former President Wm. H. Taft, who addressed the state legislature today. He said in part:

"The dangerous crisis in our relations with Germany forced by her declared intention to sink neutral vessels engaged in trade with France and England, their crews and passengers, without warning, by submarine warfare, is a grossly unwarranted extension of the right of blockade which belligerents have in international law against neutrals. It greatly emphasizes the necessity for hastening adequate military and naval preparedness against unjust aggression."

MARION KILLS MEASURE

"Marion killed the bill which the legislative committee of the state educators' association presented to the legislature raising qualifications for teachers and at the same time raising pay," said County Superintendent Williams, a member of the legislative committee, this morning.

BUHL REMAINS ILL

The condition of Frederick Buhl, an employee of the First National bank, is still critical according to attendants at the Reid Memorial hospital.

DISCUSS GERMAN PLAN

London, Feb. 1.—The German declaration of unrestricted submarine warfare was discussed at a special meeting of the Spanish cabinet, according to a Reuter dispatch from Madrid.

CALL CABINET SESSION

London, Feb. 1.—A Copenhagen dispatch to the Exchange Telegraph Company says that a full meeting of the cabinet was held last night to discuss the German submarine note and its probable effect on Denmark.

DISCOVERY OF LEAK BEGLOUDS PURPOSE OF PROBING BOARD

NEW YORK, Feb. 1.—Discovery of what is regarded by many persons as positive evidence of a "leak" on President Wilson's recent peace note has belied rather than clarified the whole situation now under congressional inquiry.

Persons in possession of the so-called "leak" information lost money on the market on "the peace note" period from December 9 to December 23, it has been testified, while Bernard Baruch, operating, has sworn, without advance advice of the President's note, made approximately \$500,000.

One of the chief purposes of the inquiry having been to learn how "leak" beneficiaries operated so as to reap rich gains, the investigators today are greatly perplexed as to what shall be their next move.

F. A. Connelly, a Washington broker and partner of R. W. Bolling, a brother-in-law of the President, who admits having sent an accurate resume of the note to E. F. Hutton & Co., Wall Street brokers, ten hours before the note was published, swore yesterday that he did not profit by his information. None of the partners of the Hutton firm profited either. E. F. Hutton testified.

Both the resolution for the paving of South Fourth street and Fort Wayne avenue, from South A street to North D street, and the one for the paving of North F street, Tenth to Fifteenth streets, were confirmed.

Charles Krollenberg and John M. Eggemeyer advocated the confirmation of the first named improvement. Edward Thompson protested against such action but added that he was not to be interpreted as entering a remonstrance.

F. E. Slick and R. Gruelich urged the paving of North F street.

PROGRESSIVE PARTY MAY "COME BACK"

NEW YORK, Feb. 1.—Prominent Progressives who share the sentiments of George W. Perkins and Everett Colby believed today that a meeting of the Republican national committee would be called in the near future to consider the ratification of certain principles adopted by the Progressive party in 1912.

Chairman Willcox, of the Republican national committee announced that he would have something to say in a day or two regarding a letter addressed to him last night by Messrs. Perkins and Colby, in which he was warned that unless such a meeting was called the Progressive party would reorganize as a separate political organization.

The governor has promised to pardon Mrs. Byrne, who has served ten days of a thirty days sentence for giving out birth control information, if she would agree to stop her activities along this line.

NEW YORK HARBOR PERMITS CLEARANCE

NEW YORK, Feb. 1.—After being sealed all night by a cordon of destroyers and coast guard patrol boats, the port of New York was today opened by the customs authorities to all incoming and outgoing shipping. The stand taken by the collector of the port was that ships could sail at their own risk. They were permitted to clear as usual.

BEY IS APPOINTED

PARIS, Feb. 1.—Djavid Bey, former Turkish minister of finance has arrived at Geneva, according to the Matin, as a delegate from the Turkish ministry commissioned to get in touch with his entente powers. Djavid Bey was selected, the Matin says, because he was the only Ottoman minister who refused to sign the trade proclaiming the opening of hostilities.

FEWER ARRESTS MADE

Police records show Richmond residents behaved somewhat better during January than in many preceding months.

Only 58 persons were arrested. Twenty-five of these were taken for drunkenness and eight for assault and battery. Other offenses claimed scattering prisoners.

Men and women both are invited to attend the meeting to be held this evening at 8 o'clock in the high school auditorium to organize a Red Cross chapter in Richmond. Paul Comstock announced today. The meeting is open to all persons interested.

COMB SAGE TEA IN HAIR TO DARKEN IT

An aeroplane with seven planes arranged in a semi-circle is claimed by its French inventor to be perfectly stable.

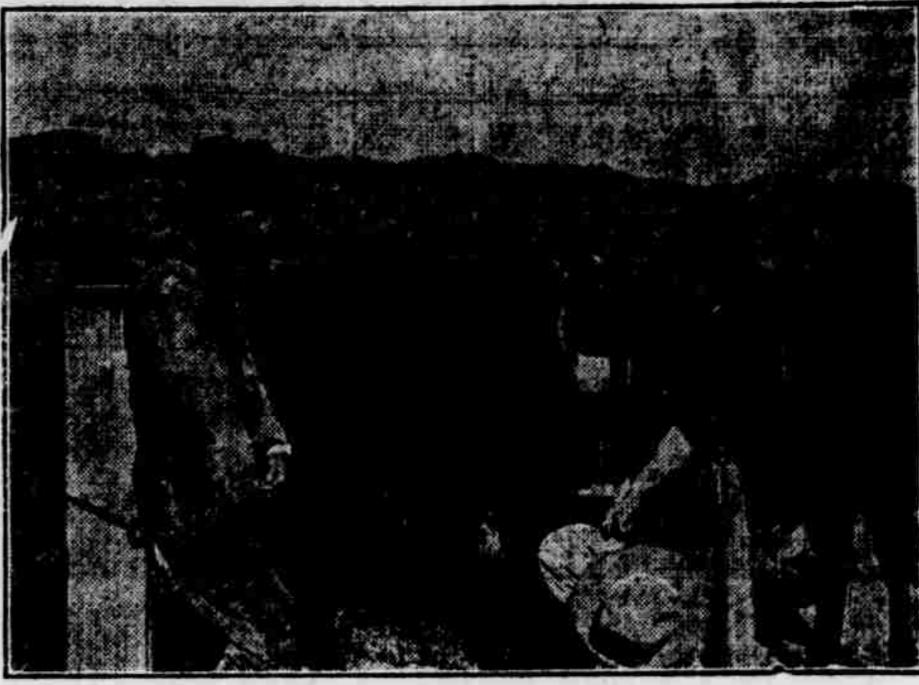

Grandma Kept Her Locks Dark, Glossy, thick With a Mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the messy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied.

Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.—A.A.

FARM BOOKS SHOW RECORD OF PROFIT

Wayne township farmers met at the home of John Wuener, Abington pike, between 2 and 4 o'clock this afternoon to judge cattle under the instruction of Ivan T. Beck, agricultural advisor. This field meeting was arranged at the request of men who are attending the night schools conducted by Mr. Beck.

Despite the bad weather, the attendance was fair.

More than ninety farmers are enrolled in the township night schools. Several farmers started the first of 1917 keeping record of all transactions on the farm. As the result of the meetings and the agricultural work which is being done in the schools, considerable attention is being devoted to "side lines," the most important being egg production.

Recent investigations tend to show that there are hot and cold zones beneath the surface of the earth.

COUNTY BOARD ACTS ON ADVICE OF JURY

In speaking of recommendations made by the grand jury of the Wayne circuit court concerning improvements in county institutions, county commissioners said today that they have previously considered most of the innovations suggested in the partial report.

"Although we recognize the need of a new women's building at the poor farm, we cannot see our way clear to ask for an appropriation at this time.

The commissioners approved of the recommendation for an improvement of the drainage system at the poor farm.

In accordance with recommendations, the commissioners will probably order the inside of the county jail painted.

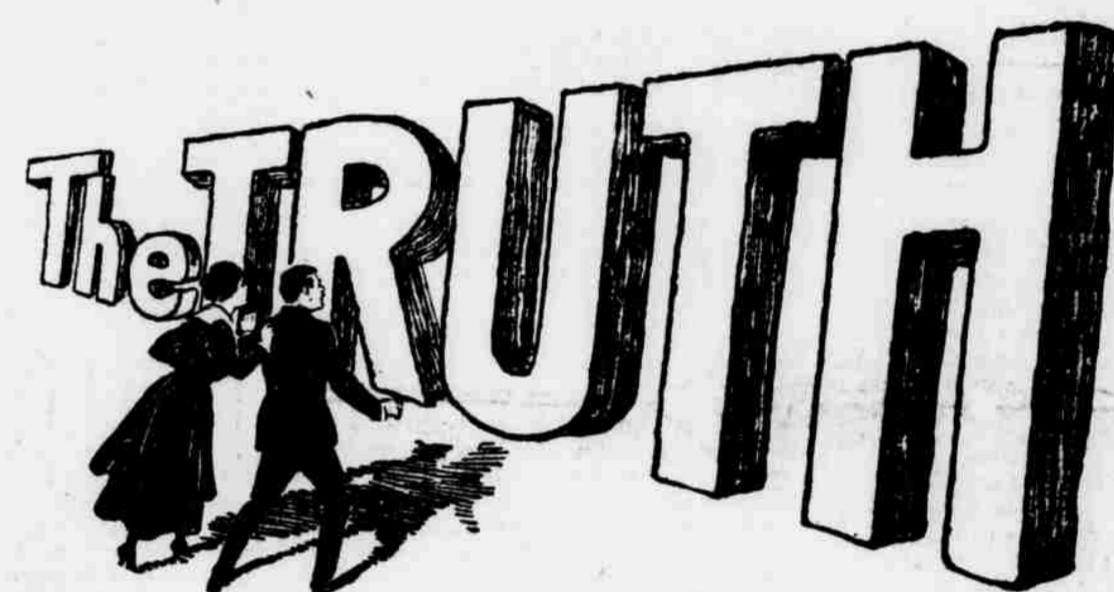

JAMES WHITE JOINS STARR'S LAW OFFICE

James E. White, a graduate of the Indiana University law school, was admitted to the Wayne county bar by Judge Fox today upon the motion of Henry C. Starr. White will practice law here and will be connected with Mr. Starr's office.

White formerly was engaged in the practice of law with Starr at Indianapolis. He has moved his family to Richmond. He has been admitted to practice in the Marion county circuit and superior courts, United States district and Warrick circuit court. He received his LL.B. degree from the state university in 1912.
