

ODD FELLOWS GIVE HARVEY HIGH HONORS

CENTERVILLE, Ind., March 1.—The Odd Fellows gave a celebration Saturday night in honor of Caleb Harvey who has been a member of this order for fifty years. John L. Rupe of Richmond, gave an address speaking of the honor due to Mr. Harvey for the long years of membership and his work in the lodge. Mr. Thomas Jessup and J. A. Commons also spoke, to these speeches Mr. Harvey appropriately replied. He was presented with the jewel that is given for members who have reached the 50 year record of good and faithful work. Mr. Harvey was then honored and made to feel the gratitude of all of the order during the social hour which followed filled with good music and a bountiful banquet.

Marjorie Hurst was hostess of the Camp Fire girls Monday evening and entertained after the ceremonial meeting in a very delightful manner. The social pastimes were well planned and afforded a great deal of merriment. A two course luncheon was served by Mrs. Hurst and Miss Emily Hurst.

Mission Society to Meet.
The Woman's Home Missionary society which was to have met on Thursday afternoon with Mrs. Pfeiffer for regular meeting and Mt. Box opening has been postponed until Friday afternoon owing to the funeral of Mrs. Louisa Hill.

Mr. and Mrs. John Hollingsworth of Richmond, were entertained Sunday at Mr. and Mrs. William Taylors. Mr. and Mrs. John Horner of Minneapolis, Minn., arrived Wednesday evening to attend the funeral of Mrs. Horner's mother. The Ladies Aid of the Christian church served dinner for the Duke sale Saturday, clearing about twenty-two dollars. This society served dinner for three sales last week and netted a total of almost seventy dollars.

Ferd Mohr and wife are moving from the Fender property on Plum street to the Simon property on West Splice. Richmond may rejoice that spring is coming when her citizens appear in new spring hats, other places by the appearance of robins, but Centerville guesses at its approach when you can drive down Main street without spilling the small boys game of marbles, and when C. B. Lundy orders his bushel of onion sets. These evidences have appeared for the first time in 1917.

AMUSEMENTS AT LOCAL HOUSES

WASHINGTON
J. Gordon Edwards, director of the production of "The Darling of Paris," based upon Victor Hugo's story, "The Hunchback of Notre-Dame," under the management of William Fox, has given unusually close attention to ever detail of this historic drama. Mr. Edwards is one of those who believe in doing everything well, always showing splendid efficiency. He fully realized the historic value of this great production, and has left nothing undone to make it as near perfect as it is possible with human endeavor.

He has read the story a number of times, and has become thoroughly imbued with every feature of its splendid dramatic value. He has spent, not only hours and days in studying the unique characters, but he has spent weeks. Those who are his intimate associates at the studios say that he has scarcely slept nights since he began the enterprise. At the Washington today, Friday and Saturday.

MURRETTE
If you were a young American of leisure sauntering through Algeria visiting the romantic places you read of in books, and you saw the most beautiful and fascinating girl your eyes ever beheld, would you be enthralled? That is what happened to Gordon Roberts, the handsome young tourist in the Morosco-Paramount photoplay "The Road to Love," in which Lenore Ulrich is starred. Roberts was a very sane and normal young American, but after viewing Lenore Ulrich in the role of Hafsa, the beautiful high-born Algerian, it is evident that any normal, single warm-blooded young American couldn't help but respond to her alluring charms and fascinations. The subsequent happenings in their extremely adventurous love affair form a thrilling photoplay that plays the Murrette theatre today.

MURRAY
"The Soul of Broadway," which opens at the Murray tonight will be the farewell play of the Otis Oliver Players as they close their engagement Saturday night. "The Soul of Broadway" is the successful New York play that was used by Billie Burke as a starring vehicle for two years. The Oliver players have won many friends during their stay here and it is with regret that they cannot stay longer, previous booking by Mr. Oliver forces him to leave Richmond now, however he will be back later in the spring with a repertoire of the latest plays. The last matinees will be given Friday and Saturday.

SPECIAL SERVICES CLOSE
Special services, which have been in progress at the Elkhorn Baptist church for the last two weeks, probably will be closed Sunday. Rev. Shelby Lee, of Shelbyville, who has been preaching has arranged special song services for the morning and evening services Sunday.

Mother's Friend
Expectant Mothers

Beauty and Grace After Childbirth

Many women are disheartened by the fear of losing their graceful figure by childbirth. By using "Mother's Friend" the natural beauty will be preserved, and most of the pains incidental to confinement will be eliminated, because the influence of "Mother's Friend" goes into every ligament, thus preparing it for the actual strain with ease. Get it at any drugist. Send for the free book on Motherhood. Address: The Bradfield Regulator Co., 204 Lamar Bldg., Atlanta, Ga.

FARM RESIDENCE DAMAGED BY FIRE

ECONOMY, Ind., Mar. 1.—Mrs. Eliza Cates, who has been seriously ill with pneumonia the past week, is reported a little better this morning. George Ballenger's farm residence occupied by Joe Smith, caught fire Tuesday morning from a fire. The blaze was discovered in the shingle roof and was put out before any considerable damage was done. There is insurance on the house. The following spring-time birds are here: purple Grackle, blackbird, meadow lark, blue bird, killdeer, golden flicker, redhead and song sparrow. Miss Vergie Stanley, 401 S. Third street, Richmond, was the dinner guest of Mrs. Emma Hiatt, Tuesday. Mr. and Mrs. Thomas Cain were at Muncie Monday.

Visits Richmond Relatives
Mrs. Alice Fraiser is visiting her Richmond relatives this week. Mr. Cook, who lived 2 miles east of town moved Tuesday near Hagerstown. Miss Blanche Fenimore returned from Greensfork Tuesday evening. Art Martia, the carriage painter, probably will move from Economy to some nearby town this spring. Mr. and Mrs. Cy. Helvey, Mr. and Mrs. Forest Knese have returned to Hagerstown. Mrs. Joe Smith and son, Morgan Creek, were here Tuesday. Mr. and Mrs. Lawrence Pugh were diners at Bale Pugh's Wednesday. Joseph H. Lamb was at Richmond today.

FRIENDS WILL MEET

Whitewater Quarterly Meeting of Friends will meet on Saturday of this week in the West Richmond Friends church. The meeting for Ministry and Oversight assemblies at 9 a. m., and the Quarterly Meeting session begins at 10:30. Between the morning and afternoon sessions the ladies of the West Richmond church will assist in serving a picnic lunch.

LODGE GIVES DEGREE

MILTON, Ind., March 1.—The Rebekah lodge met Tuesday night and conferred its degrees on two candidates, Isaac Bryant and C. A. Braden. Aside from the work the several committees of the lodge were appointed, as follows: Committee on attention of the sick, Mrs. Thomas Ewers, Mrs. Hattie Heist, Mrs. Vene Beeson and Mrs. Will Deck. Flower committee, Mrs. Myrtle Lowry, Mrs. Ida Temple and Mrs. Amanda Davis. Committee on entertainment, Mrs. Fricilla Doddridge, Mrs. Thomas Ewers, Mrs. Amanda Davis, Mrs. Clifford Braden, Mrs. Rose Murley, Mrs. Carrie Newton, and Isaac Bryant.

Cross, Feverish Child Is Bilious Or Constipated

Look, Mother! See if tongue is coated, breath hot or Stomach sour.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the label. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company," adv.

DEBATE ON EXCISE TAX MEASURE ECLIPSES ALL OTHER LEGISLATION

(By Associated Press)
INDIANAPOLIS, March 1.—With the Goodrich excise tax bill under debate in the senate again this morning, interest in all other pending legislation was subordinated. It was expected that the issue would be finally determined in the senate before the general appropriation bill, set as a special order of business for 10 o'clock, was taken up. However, it was hinted that developments might result in an attempt to defer until a still later time the final roll call on the passage of the tax bill.

Under Senator Robinson's motion made yesterday, the senate is scheduled to take up the appropriation bills today and tomorrow and inasmuch as both are of such length and importance as to require perhaps an entire day, there was no certainty, before the morning session just what the attitude of the senate would be.

Give Up Hope for Pet Bills
Advocates of measures of local interest have about given up hope of securing consideration of their bills in the upper house. There are more than 200 bills posted there for third reading and the calendar is crowded with special orders of business to a point where no one can forecast what the next day's developments will be.

The Gammill amendment to reduce the state tax levy by a total of 4 1/2 cents on each \$100 of property valuation, was offered, it is said, by friends of the excise tax bill, in the hope of influencing an endorsement of the principle of the excise bill, which they say, was conceived in contemplation

of a reduction in the general property tax levy. Whether it will have that effect upon the senate remains to be seen.

The house is passing measures with great rapidity and there will be very few, if any bills left without action of some kind, either in committee or upon the floor when the hour of adjournment arrives, according to Speaker Eschbach.

DISCUSS SCHOOL WORK
EATON, O., March 1.—Discussion of many topics of particular interest in school work featured a meeting held Wednesday in the city hall by members of the several boards of education of Preble county.

PUT ON FEW DROPS AND LIFT OUT CORN

Try this yourself, then pass it along to others. It works!

Good things should be passed along. It is now said that a few drops of a drug called freezone applied directly upon a tender, aching corn relieves the soreness and soon the entire corn, root and all, can be lifted out without pain.

For little cost a quarter of an ounce of freezone can be obtained from any drug store, which is claimed to be sufficient to remove every hard or soft corn or callus from one's feet.

This is a drug recently announced from Cincinnati. It is gummy but dries the moment it is applied and simply shrivels up the corn without inflaming, or even irritating the healthy tissue or skin.

Cut this out and lay it on your wife's dresser.—Adv.

COOPER'S GROCERY

Food Souring Causes Indigestion, Gases, Heartburn—Pape's Diapepsin

Instant Relief! Neutralizes acid in stomach, stopping dyspepsia, pain, belching—It's fine!

You don't know what upset your stomach—which portion of the food did the damage—do you? Well don't bother. If your stomach is in a revolt; if sick, gassy and upset, what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.

REED'S

REED'S

Have You Seen This REAL Combination

Coal AND Gas Range?

It Gives Perfect Satisfaction!

We shall be pleased to give you the names and addresses of enthusiastic users in Richmond.

There are no complicated and obstructed flue systems. The draft and combustion are as perfect as in any separate coal or gas range. The oven heats as well when burning coal as it does when burning gas, for there are no cold air flues running through the oven bottom of the range as is the case with other combination ranges.

No standard coal range heats the oven better or more evenly and with the removable goose-neck gas burner, the oven can be heated as uniform as with any gas range made. The completeness of the range is in every detail. It is absolutely reliable, efficient, economical, convenient and sanitary.

We issue an Insurance Policy with each Globe, insuring the body of the range against destruction from rust or corrosion for a period of twenty-five years.

Acknowledged by All Who See It as

Most Beautiful RANGE

Ever Placed on Sale

Saves Time, Labor Money and Fuels

Electric Welded Bodies

The bodies of all GLOBE Ranges are electrically welded instead of riveted. The advantages are obvious.

The steel parts are drawn together until they are water, heat and gas tight.

There are no unsightly rivets, consequently electric welded bodies are easily kept clean and sanitary.

Remember that all parts are electric welded, even the ash pan, and the nickel edges on the warming closet.

Electric welding makes a mechanically perfect body. There are no rivets to collect dirt, the stove is more sightly, more sanitary, and easier to keep clean.

Two Real Ovens in One; Simple To Operate

More actual cooking space than any other range of the same size. Top of range only 40 1/2 ins. in length.

Burns Gas, Coal or Wood; Keeps Kitchens Cool in Summer and Warm in Winter

Both Gas and Coal Can Be Used at the Same Time

Each style of this combination is a complete, perfect range in itself, operating as efficiently and as economically as a separate range, burning either coal or gas.

When a Quick Fire Is Desired, Use the Gas Section

While the Coal Section is Being Heated

The Globe is a perfect Gas Range and a fuel-saving Coal Range that occupies no more space than an ordinary stove, besides, it is so convenient and easy to operate. This combination of two ranges in one effects a great saving of time, trouble and discomfort; it eliminates the expense of buying two ranges; it also saves the labor necessary to store one and shift to the other with each change of the season.

SPECIAL GLOBE FEATURES

Ingot iron body is insured 25 years against rusting out.

Electric welded bodies are smooth, sanitary, and gas tight.

Rivets are not used in Globe construction.

All flues are asbestos lined with extra ingot iron reinforcement.

Oven bottom is solid cast iron. Buckle proof.

Accurately fitted doors and registers make the fire easy to control.

Draw-out duplex grates for coal or wood.

Cast back flue will not rust out.

Oven thermometers are fuel savers.

Plain smooth finished nickel is easy to keep clean.

Globe Combination Ranges burn Gas or Coal or both—Two real Ranges in one.

HORSE KICKS WOMAN

OXFORD, O., March 1.—Violet Strangus, 17, living on a farm east of

here, was yesterday kicked in the head by a horse. She was rushed to Mercy hospital, Hamilton, in a serious condition.

Amazing Power of Bon-Opto

To Make Weak Eyes Strong

Doctor Says It Strengthens

Eyesight 50 per cent in One

Week's Time in Many Instances

A Free Prescription You Can Have

Filled and Use at Home

Victims of eye strain and other eye

weaknesses and those who wear glasses

will be glad to know that according to

Dr. Lewis there is real hope and help for

them. Many whose eyes were failing say

they have had their eyes restored by this

remarkable prescription and many who

once wore glasses say they have thrown

them away. One man says, after using

it: "I was almost blind. Could not see

to read at all. Now I can read every-

thing without my glasses, and my eyes do

not hurt any more. At night they would

pain dreadfully. Now they feel fine all

the time. It was like a miracle to me."

A lady who used it says: "The atmos-

phere seemed heavy with or without

glasses, but after using this prescription

for fifteen days everything seems clear

I can read even fine print without

glasses." Another who used it says: "I

was bothered with eye strain caused by

overworked, tired eyes, which induced

severe headaches. I have worn glasses for

several years, both for distance and work,

and without them I could not read my

own name on an envelope or the type

writing on the machine before me. I

can do both now and have discarded my

long distance glasses altogether. I can

count the fluttering leaves on the trees

across the street now, which for several

years have looked like a dim green blur

to me. I cannot express my joy at what

it has done for me."

It is believed that thousands who wear

glasses can now discard them in a reason-

able time and multitudes more will be

able to strengthen their eyes so as to be

spared the trouble and expense of ever

getting glasses. Eye troubles of many

descriptions may be wonderfully benefited

by the use of this prescription at home.

Go to any active drug store and get a

bottle of Bon-Opto tablets. Drop one

Bon-Opto tablet in a fourth of a glass of

water and let it dissolve. With this

liquid bathe the eyes two to four times

daily. You should notice your eyes clear

up perceptibly right from the start, and

inflammation and redness will quickly

disappear. If your eyes bother you even

a little it is your duty to take steps to

save them now before it is too late.

Many hopelessly blind might have saved

their sight if they had cared for their

eyes in time.

Note: Another prominent Physician to whom

the above article was submitted, said: "Yes,

the Bon-Opto prescription is truly a wonderful

eye remedy. Its constituent ingredients are well

known to eminent eye specialists and widely

prescribed by them. I have used it very suc-

cessfully in my own practice on patients whose

eyes were strained through overwork or mist

glasses. I can highly recommend it in case of

weak, watery, aching, smarting, itching, burn-

ing eyes, red lids, blurred vision or for eyes in-

flamed from exposure to smoke, sun, dust or

wind. It is one of the very few preparations I

feel should be kept on hand for regular use in

almost every family." Bon-Opto, referred to

above, is not a patent medicine or a secret

remedy. It is an ethical preparation, the for-

mula being printed on the package. The man-

ufacturers guarantee it to strengthen eyesight

50 per cent in one week's time in many instances

or refund the money. It can be obtained from

any good druggist and is sold in this city by

DR. E. J. DYKEMAN, Dentist

New painless method of extracting, etc. All work guaranteed. Even-

ings by appointment.
