of the community in which it is located and that the parents have a good right to expect educational service from it as the children.

The school hall is the proper place for entertainments that touch the life of the community, she says.

Contains Big Possibilities

There are tremendous possibilities wrapped up in this Garfield community center idea.

The hall, with its ample seating capacity, could be the home of the series of artists' recitals to be planned by the community art movement.

It could be the home of a revived Richmond orchestra; a spring festival and a community chorus.

In it could be given a series of worthy and refreshing plays, fostered by the community organization, and promoted by a rejuvenated Drama league.

All these entertainments, which would be so vast a contribution to Richmond's life, could be presented at popular prices. Not popular prices, in the sense of the vaudeville or stock theater, but prices so low that everyone interested could afford to pay.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulator, it's great. It's a perfect substitute for ordinary calomel (mercuric); in fact, it's better, because its action is gentle instead of severe and irritating and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podophyllin), they call it daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient, sugar-coated tablet form by asking for Sentinel Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little tablets.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Sentinel Remedies Co., 802 Madison Ave., Covington, Ky.

Dayton's Chorus To Give Popular Concert Sunday

The Dayton Chorus concert at the Coliseum Sunday afternoon is to be the first outside musical event of the year in Richmond.

It is an experiment to prove to the city that high grade music can be provided in a popular Sunday afternoon concert at a low price. Prospects for a large attendance at this concert are bright.

Several requests have been made that Charles Arthur Ridgway, accompanist for the Chorus, play a piano selection and a piano-vocal solo may be included on the program.

Ridgway Stands Very High.

Professor Ridgway is president of the Dayton Conservatory of Music and ranks high among the pianists in the

Central States, both as a recitalist and teacher. He also is a composer of note and many of his choral and organ productions are being published by prominent music houses.

The Chorus party, which will include nearly 100 persons, will arrive from Dayton early in the afternoon on two special cars. The program will begin at 2:30 o'clock promptly.

Hilbert Kratzer, the boy tenor solo-

ist, who scored a success at Earlham and high school chapel exercises yesterday, will sing three McCormack numbers and three sacred selections.

Sausage casings valued at \$91,070 were involved at the American consulate at Punta Arenas, Chile, for the United States during 1916 against \$101,067 worth in 1915.
