

EASTERN MEN RETIRE WHEN HOGS HIT \$15

(By Associated Press)
CHICAGO, March 7.—The ascent of the price of live hogs to \$15.05 today brought on something like a strike of packers. At this price also Eastern bidders withdrew, 20,000 out of total receipts of 33,000 hogs remain unsold and quotations dropped back to yesterday's average. Yesterday's top was \$14.75 brought by choice hogs.

The packers have followed the increased demands of growers from \$12.50 Feb. 17 to present quotations, owing to an unprecedented demand, but the \$15 level was regarded as the signal to align the meat men with other opponents of the high cost of living.

YOUNG SOCIALISTS WANT PUBLIC HALL

A resolution favoring establishment of a community hall at the proposed Garfield school building was adopted last night by the Young People's Socialist League. The text of the resolution follows:

"Whereas, Richmond is badly in need of a hall centrally located for the holding of public meetings of all kinds, political meetings included, which may be secured at a reasonable rental, therefore,

"Be it resolved, by Circle Richmond, Young People's Socialist League, that we urge the school board to take into consideration this need of the citizens of Richmond when building the addition to the Garfield junior high school and make of this school a community center by building into it a hall suitable for public meetings.

"Be it further resolved that copies of this resolution be sent to the members of the school board and given to the public press.

ENCOURAGE TOWNS TO FOSTER GUARDS

(By Associated Press)
WASHINGTON, March 7.—To encourage small towns and villages to maintain national guard units, the war department, in a circular issued today has authorized the establishment of detached platoons. Two or more of these platoons, coming from nearby towns or settlements, would form a company in a regiment organized in that part of the state.

New Congress Ready to Work

(By Associated Press)
WASHINGTON, March 7.—Official advice to Democratic and Republican house leaders today showed that all of the newly elected membership is physically able to respond immediately to a call for an extra session. Disturbing rumors that two Democratic members were seriously ill were set at rest by both of them.

LAFAYETTE CASTS SUBNORMAL VOTE

(By Associated Press)
LAFAYETTE, Ind., March 7.—Considerable less than half the total male vote was cast in yesterday's city primary. Edwin Boswell won the Republican nomination for mayor, defeating Robert B. Show by a vote of 672 to 344. George R. Durgan is the Democratic candidate, having no opposition.

CY PITTS SUFFERS FROM BAD KNEE

Cy Pitts, star guard of the Earlham basketball team, is suffering with a bad knee which may keep him out of the DePauw-Earham game at Greencastle Friday night. Pitts was injured during the Franklin game Friday night. With the added exception of Guy Pontius, who is nursing a bad cold, the Quakers are in good trim for the DePauw game—the last of the season for the Quakers.

"Richmond's Foremost Jewelers"

JOHN C. RING, of Frankton, Ind., writes as follows: "I suffered for over 14 years with Piles, Fissures, Constipation and Severe Stomach Trouble." She consulted Dr. Fruth, the specialist, and he cured her sound and well in two months. In her own words, she says "I certainly recommend Dr. Fruth's scientific treatments, to all sufferers of conditions such as mine."

Mr. J. S. Batzner, R. F. D. No. 4, Tipton, Ind., writes as follows: "I take pleasure in informing you that the rectal trouble for which I was treated by Dr. Fruth some time ago, including piles and fissures with which I had suffered for 15 years are completely cured. I heartily recommend Dr. Fruth's treatment to all who are afflicted with rectal trouble."

John C. Ring, of Frankton, Ind., who suffered with a rectal fistula, writes as follows to Dr. Fruth: "I am more than glad to inform you that the fistula for which you treated me is completely cured, and I am glad to endorse your treatment and testify to its complete satisfaction. I had suffered for 3 years and was unable to obtain relief. Your treatment was painless and effective; I did not lose an hour's time while taking your treatment."

Cured of Goiter in two months so says Guy Brubaker, of Bluffton, Ind. "I consulted Dr. Fruth, the New York specialist, took his course of treatment for two months and my Goiter entirely disappeared. I am not bothered with any trouble at all now, thanks to his course of treatment."

Mrs. Addie Coats, of Tinton, Ind., relates her experience with Dr. Fruth: "I consulted Dr. Fruth, after doctoring with nine physicians for stomach trouble and Goiter." Dr. Fruth treated her one month and she says: "After taking one month's treatment from you, I am happy to say that my goiter has completely disappeared, and my stomach has both improved less than it has for years. I can heartily recommend your treatment to anyone who has suffered for years with some chronic disease as I have."

Mrs. Margie Poland, Frankton, Ind., desires to give her experience with Dr. Fruth for the benefit of others. When she first consulted Dr. Fruth, the specialist, she says: "I was suffering with kidney and bladder trouble, and was absolutely miserable, was scarcely able to do anything. I took your treatment for one month and was surprised to find myself completely cured and rid of my trouble. I can not thank your treatment enough for what you and it did for me." She advises others with similar complaints to consult Dr. Fruth.

Mr. A. L. Feighner, Marion, Ind., in writing to Dr. Fruth, says: "I take pleasure in endorsing your treatment for rectal fistula and hemorrhoids. I suffered intensely for 10 years." He consulted Dr. Fruth, and says that he was inclined to be skeptical when the doctor told him that he could be cured in 1 or 2 treatments. He then adds in his letter, "But doctor, you did cure me as you said and did it without pain. The relief is worth many times the price."

Mr. Joe Montgomery, living in New Castle, Ind., writes to Dr. Fruth as follows: "When I first consulted you I had not been free one hour from an attack of asthma for months. I could be heard wheezing a hundred feet away." After taking Dr. Fruth's treatment he writes: "I feel fine, as well or better than ever in my life before." He suggests that his letter be published that others may be benefited as he has.

Mr. P. H. Brookshire, Kennard, Ind., cannot praise Dr. Fruth's treatment high enough, after what it accomplished for him. In his own words, he writes as follows: "I cannot speak too highly, or recommend your treatment for piles too strongly. I suffered with an aggravated case of piles for 20 years. I must say that your treatment without the knife is all and more than you claim for it. Two treatments completely curing me. I hope that this letter may be the means of bringing a cure to others as it did to me."

Just one word in conclusion, these extracts from letters serve to show you the wonderful efficiency of Dr. Fruth's scientific treatments, for chronic diseases. He has many hundreds of similar ones. But why be satisfied in reading them when you can call in person, see and talk with the doctor, allowing him to name and locate your trouble by the latest methods known to science.

DO NOT FORGET HIS DATE. COME EARLY! BRING YOUR FRIENDS WHO NEED A THOROUGH EXAMINATION, AND REMEMBER THAT CONSULTATION IS FREE AND STRICTLY CONFIDENTIAL.
