SQUEAKS

The Thaw fortune must be at a pretty low tide when lawyers are willing to consider Harry the "same as dead."

That South Carolina man who did not want to wait for a uniform but wanted a gun and wanted to fight at once, may be another Fred Funston.

Wootton must want that additional daylight in order to watch for Zeppelins.

Audrey Munson in Paris is being widely advertised.

Yes, but we did not know Purty was so transparent.

Some fanatic will probably construe the patriotic offer of Mauser rifles to the city as the surrender of Bealview.

It's a safe bet the British censor would not have removed that picture if it had been that of some woman well over 23 years.

Fortune teller: A dark lady will visit you for a day.
Richmond matron: It must be the new cook I have engaged.

Well, the temporary Main street bridge is good for about two years longer. Why build a new one?

THOUGHTS TO THINK ABOUT

All the one thousand and one roads leading to success, start from the one common point in man's thought; in mind man works out the picture of the perfect and orders the pace necessary to possess it.

The company you keep makes you what you are, while the company you seek makes it appear what you would like to be.

Your faithful present will fix for you a successful future, but a fearful future will give a "fish" to your peaceful present.

Use Newbro's Herpicide IN TIME AND YOU WILL NEVER NEED FALSE HAIR

Wearing false hair is a harmless deceit of which many ladies are guilty. These women are all objects for sympathy rather than criticism. Early neglect in the care of the scalp has caused the loss of so much hair that their personal appearance is sadly marred. To correct this defect they resort to artificial hair hoping by so doing to hide the results of their earlier inattention to the details of their toilet. These unfortunate are deceiving no one but themselves as no artificial hair no matter how costly, ever has the snap and luster nor can it be made to look as pretty and attractive as natural hair.

Most ladies would resent any imputation of personal carelessness and neglect. And yet very many permit their natural hair to become so dull, brittle and lusterless that it looks no better than that bought at the store. All this is as unfortunate as it is unnecessary. Hair that is unsightly or thin may usually be attributed to the destroying effects of Dandruff. This destructive formation shortly robs the hair of life, with the result

that it finally loosens and drops out. There is a preparation, sold and guaranteed by all dealers, the intelligent use of which will kill the dandruff germ. It cleanses the scalp of all accumulations and makes the hair shine with the luster of life and beauty. That remedy is Newbro's Herpicide, the Original Germ-Remedy for Dandruff. In no way can you add more to your personal charm and attractiveness than by the use of this remarkable and well known scalp prophylactic. On account of its astonishing merit and its delightful and exquisite odor, Herpicide finds users everywhere among all classes. It may be purchased in 50 cent and \$1.00 sizes at all drug stores and toilet goods counters. Applications may be obtained at the better barber shops and hair dressing parlors. Upon receipt of 10 cents in postage or silver to cover cost of packing and mailing, The Herpicide Co., Dept. S, Detroit, Mich., will send to any address a nice sample bottle of Herpicide and an interesting booklet on the care of the hair.
