OFFER GOVERNMENT BIG GARDEN TRACT

MARQUETTE, Mich., April 28. — Thirty thousand acres of land in the upper peninsula of Michigan suitable for grazing and capable of raising small grain and similar crops have been offered to the government by the Upper Peninsula Development Bureau together with the entire working organization of the bureau. In a letter to the cabinet members at Washington the president of the bureau today set forth the purposes which the acreage could serve in fattening stock and producing food.

SALE BY WEIGHT EFFECTIVE MAY 1

Richmond and Wayne county food dealers must discard their measures and sell by weight beginning May 1. The last legislature passed a law prohibiting selling food by measure, excepting berries, which may be sold in standard boxes.

Dr. F. W. Krueger, county health officer, is charged with enforcement of this law through Wayne county and the city health department will be responsible for its enforcement in the city.

Many dealers already have displaced measures with scales and are ready to obey the new law.

GALENA HONORS GRANT'S MEMORY

GALENA, Ills., April 28. — Blewett Lee, general solicitor of the Illinois Central railroad and son of the late lieutenant general Stephen Dill Lee, delivered the principal address here today at the celebration of the birthday of General Ulysses S. Grant, who was a resident here at the breaking out of the civil war.

CIRCUS HORSES INJURED

Two horses were injured and the driver narrowly escaped injury last night when a Robinson circus team of eight horses was struck by a street car between C and E streets on South Eighth. Windows were broken in the car and the passengers were sprinkled with glass particles.

Woman Wants War Opened on All Dogs to Protect Gardens

The following protest against marauding dogs has been submitted by a subscriber:

No, not all of us can raise potatoes but all of us might raise them and a lot of other garden produce if it was not for the 5,000 worthless dogs that are running loose and tramping and digging up everything as fast as you plant it.

You would be doing something for your country if you would find some way to force people to keep the dogs chained all the time or pay a heavy fine with a jail sentence.

Not half of the owners pay tax on them. Start a war on the worthless dogs and give the people a chance to raise something. We can't all have a 10-foot fence around our garden.

Back of this season's new Overland Big Fours and Light Sixes are a direct line of nine preceding models from which they were developed.

They directly continue the line of models that made the Overland name stand in the public mind for integrity of value.

Overland policy has steadfastly sustained that integrity of value in the car throughout its entire service in the hands of owners.

Over three hundred thousand of these cars are now in use and the helpful suggestions of their owners and of the more than four thousand dealer and factory-branch organizations that sold and served them, are largely responsible for the balanced greatness of this season's Big Fours and Light Sixes.

Their new beauty, their perfected easy riding qualities, their proven sturdiness and mechanical excellence, their admitted tire, fuel and oil economy make them worthy of the confidence we enjoy, that they will still further enhance Overland prestige.

They embody the wisdom of the unmatched Overland experience in building cars of this type.

They are dominant values, cars of proven dependability and sterling worth.

As long as we have them for delivery before May 1st, the prices are \$850 for the Big Four, \$985 for the Light Six—thereafter \$895 and \$1025.
